

How to Write a Business Plan

What is a Business Plan?

A Business Plan is a written document that describes in detail how a business, usually a new one, is going to achieve its goals. A business plan lays out a written plan from a marketing, financial and operational viewpoint. It is an essential part of creating any business. It is necessary when applying for loans; it helps you to assess your progress, and it provides a road map to assist you in figuring out where you're going and how you'll get there.

Things to Consider Before Getting Started:

1. How much time do you have to develop your business idea?
2. How much money is at your disposal?
3. Do you have the knowledge and skills required to make a success of this business?
4. How much risk is involved? And how much risk can you tolerate?
5. Can you make a living from this business?
6. Will you enjoy the business?
7. Will this new business adversely affect your family?
8. Have you consulted professionals such as lawyers, accountants, financial planners, insurance brokers, and government agencies?
