Social Change And Political Violence In Colonial Nigeria:

Social Change and Political Violence in Colonial Nigeria Bernard Nkemdirim, 1975 **State Power, Autarchy, and Political Conquest in Nigerian Federalism** Kalu N. Kalu, 2009-07-15 This book offers a comprehensive analysis of the evolutionary path of Nigeria's political development Drawing from the historical themes that existed before and after independence Kalu N Kalu elucidates the challenging role of an oil dependent economy in the struggle for control of state power in the face of political corruption clientelism and market failures Theatre and Postcolonial Desires Awam Amkpa, 2004-06 This book explores the themes of colonial encounters and postcolonial contests over identity power and culture through the prism of theatre The struggles it describes unfolded in two cultural settings separated by geography but bound by history in a common web of colonial relations spun by the imperatives of European modernity In post imperial England as in its former colony Nigeria the colonial experience not only hybridized the process of national self definition but also provided dramatists with the language imagery and frame of reference to narrate the dynamics of internal wars over culture and national destiny happening within their own societies The author examines the works of prominent twentieth century Nigerian and English dramatists such as Wole Soyinka Femi Osofisan David Edgar and Caryl Churchill to argue that dramaturgies of resistance in the contexts of both Nigerian as well as its imperial inventor England shared a common allegiance to what he describes as postcolonial desires That is the aspiration to overcome the legacies of colonialism by imagining alternative universes anchored in democratic cultural pluralism The plays and their histories serve as filters through which Amkpa illustrates the operation of what he calls overlapping modernities and reconfigures the notions of power and representation citizenship and subjectivity colonial and anticolonial nationalisms and postcoloniality The dramatic works studied in this book embodied a version of postcolonial aspirations that the author conceptualises as transcending temporal locations to encompass varied moments of consciousness for progressive change whether they happened during the hey day of English imperialism in early twentieth century Nigeria or in response to the exclusionary politics of the Conservative Party in Thatcherite England *Theatre and Postcolonial Desires* will be essential reading for students and researchers in the areas of drama postcolonial and cultural studies *Studies in Southern Nigerian History* Boniface I. Obichere, 2005-07-27 First Published in 1982 Nigerians on the whole have a strong sense of history and a rich heritage of historical traditions This collection of essays is a contribution to the total effort of the study of the history of Southern Nigeria *Inter-ethnic and Religious Conflict Resolution in Nigeria* Ernest E. Uwazie, Isaac Olawale Albert, G. N. Uzoigwe, 1999-01-01 Since 1982 Nigeria has experienced more than ten large scale ethnic or religious riots in its major cities These violent clashes have wreaked economic political and social havoc caused an enormous number of deaths and injuries and posed serious obstacles to Nigeria's sociopolitical development as well as retarded efforts at nation building The papers collected in this book serve as a critical part of an overall objective to develop and promote mechanisms for the

understanding and resolution of ethnic and religious conflicts in Nigeria Both academic and community leaders address various aspects of these conflicts and Uwazie offers several thoughtful options for their successful resolution Inter Ethnic and Religious Conflict Resolution in Nigeria will interest students of African history and current affairs scholars of anthropology and ethnicity studies and those involved in international relations and peace studies Political Violence in Nigeria Dan Osita Okanya,1999 *Modernization and the Crisis of Development in Africa* Jeremiah I. Dibia,2017-11-28 In this book Jeremiah I Dibia challenges prevailing notions of Africa s development crisis by drawing attention to the role of modernization as a way of understanding the nature and dynamics of the crisis and how to overcome the problem of underdevelopment He specifically focuses on Nigeria and its development trajectory since it exemplifies the crisis of underdevelopment in the continent He explores various theoretical and empirical issues involved in understanding the crisis including state class gender and culture often neglected in analysis from an interdisciplinary radical political economy perspective This is the first book to adopt such an approach and to develop a new framework for analyzing Nigeria s and Africa s development crisis It will influence the debate on the development dilemma of African and Third World societies and will be of interest to scholars and students of race and ethnicity modern African history class analysis gender studies and development studies *The Nigerian Journal of Economic and Social Studies* Nigerian Economic Society,1975 *Catalog of the Melville J.
