**Socialist Ideology and the Struggle for Southern Africa** John S. Saul, 1990      Recolonization and Resistance John S. Saul, 1993 A widely respected commentator on South African affairs offers an important analysis of revolution and counter revolution in the countries of Southern Africa today Saul s previous works on Africa include *Socialist Ideology and the Struggle for Southern Africa* and *The Two Edged Sword The Struggle for Liberation in Namibia and Its Legacy* with Colin Leys      Revolution, Counter-Revolution and Revisionism in Postcolonial Africa Alice Dinerman, 2006-09-27 This groundbreaking study investigates defining themes in the field of social memory studies as they bear on the politics of post Cold War post apartheid Southern Africa Alice Dinerman offers a detailed chronicle of the Mozambican government s attempts to revise the country s troubled postcolonial past with a view to negotiating the political challenges posed by the present In doing so she lays bare the path dependence of memory practices while tracing their divergent trajectories shifting meanings and varied combinations within ruling discourse and performance Central themes include the interplay between past and present the dialectic between remembering and forgetting the dynamics between popular and official memory discourses the politics of acknowledgement Dinerman s original analysis is essential reading for students of modern Africa the sociology of memory Third World politics and post conflict societies      *Electoral Territoriality in Southern Africa* Stephen Rule, 2024-11-01 This title was first published in 2000 A comprehensive comparison of voting patterns in seven countries of Southern Africa The modern democratic electoral histories of Botswana Lesotho Namibia South Africa Swaziland Zambia and Zimbabwe are placed within the contexts of their pre colonial and colonial polities The extent to which urbanization and the regional distribution of language ethnicity and race impacts on the electoral geography of the sub continent is demonstrated statistically and cartographically The analysis is complemented by anecdotal evidence gathered during personal interviews and discussions with voters politicians government officials and academics      In Good Faith Renate Pratt, 2006-01-01 In retrospect it is difficult to accept that Western democracies have implicitly supported or at least tolerated the legalized system of white supremacy in South Africa known as apartheid Renate Pratt s new book *In Good Faith* explains why the Christian churches were among the first to publicly protest and why they provided such cogent and determined international support for the struggle against apartheid The Taskforce on the Churches and Corporate Responsibility is a coalition of Christian churches that for nearly twenty years was one of Canada s leading anti apartheid advocates As the first co ordinator of this Taskforce Renate Pratt was at the centre of the early anti apartheid initiatives in Canada and consequently is able to supply a clear and accurate view The book traces the history of exchanges between the Taskforce and successive ministers and senior civil servants of the Department of External Affairs It details the reluctant and weak responses offered by the Canadian government and business community right up to the time of Nelson Mandela s release from prison *In Good Faith* will be of particular interest to Canadian Christians concerned with ecumenical co

operation and with the social and political dimensions of their faith Equally it will appeal to those interested in the impact of public interest organizations on public policy or the relationship between politics and business interests **The Portuguese Massacre of Wiriyaumu in Colonial Mozambique, 1964-2013** Mustafah Dhada, 2015-11-19 WINNER OF THE 2017 MARTIN A KLEIN PRIZE In his in depth and compelling study of perhaps the most famous of Portuguese colonial massacres Mustafah Dhada explores why the massacre took place what Wiriyaumu was like prior to the massacre how events unfolded how we came to know about it and what the impact of the massacre was particularly for the Portuguese empire Spanning the period from 1964 to 2013 and complete with a foreword from Peter Pringle this chronologically arranged book covers the liberation war in Mozambique and uses fieldwork interviews and archival sources to place the massacre firmly in its historical context **The Portuguese Massacre of Wiriyaumu in Colonial Mozambique 1964 2013** is an important text for anyone interested in the 20th century history of Africa European colonialism and the modern history of war **The South African Communist Party** Thomas Stanley Kolasa, 2016-01-11 Since the collapse of communism in Eastern Europe in the early 1990s communist parties are widely regarded as passe or irrelevant But these parties still exist act and sometimes thrive in various corners of the world This comprehensive history describes how the South African Communist Party has not only survived but flourished in a harsh political environment Formed in 1921 as an umbrella organization of leftist groups the SACP for decades fought against the racist Apartheid regime ascending to power in 1994 with its senior alliance partner the African National Congress Approaching its centennial the SACP now faces possibly its greatest challenge working towards a socialist future for South Africa while governing a diverse and complex capitalist country **Millennial Africa** John S. Saul, 2001 Following his two widely read volumes of essays Saul projects his analysis of the economic and social structure of southern Africa in relation to the rest of the world forward into the new millennium Painstakingly confronting central questions related to the practice of war and peace and to the prospects for democracy and development throughout the continent Saul emphasises that the problems of Africa are continually shaped by its insertion in the global capitalist system and suggests that the struggle for socialism must be a part of the solution for contemporary Africa **The Vaal Uprising of 1984 & the Struggle for Freedom in South Africa** Franziska Rueedi, 2021 Offers new insights into the struggle against Apartheid and the poverty and inequality that instigated political resistance **Canada In The World** Tyler A. Shipley, 2020-07-25T00:00:00Z An accessible and empirically rich introduction to Canada s engagements in the world since confederation this book charts a unique path by locating Canada s colonial foundations at the heart of the analysis Canada in the World begins by arguing that the colonial relations with Indigenous peoples represent the first example of foreign policy and demonstrates how these relations became a foundational and existential element of the new state Colonialism the project to establish settler capitalism in North America and the ideological assumption that Europeans were more advanced and thus deserved to conquer the Indigenous people says Shipley lives at the very heart of Canada Through a close examination of Canadian

foreign policy from crushing an Indigenous rebellion in El Salvador peacekeeping missions in the Congo and Somalia and Cold War interventions in Vietnam and Indonesia to Canadian participation in the War on Terror Canada in the World finds that this colonial heart has dictated Canada's actions in the world since the beginning Highlighting the continuities across more than 150 years of history Shipley demonstrates that Canadian policy and behaviour in the world is deep rooted and argues that changing this requires rethinking the fundamental nature of Canada itself *Africa Air University (U.S.)*. Library,1993 *The Road to Democracy in South Africa* South African Democracy Education Trust,2024-12-02 This book examines the contributions made by the governments organisations and African people on the ground throughout the continent towards the realisation of the South African dream in 1994 The chapters provide detailed insight into the roots of the continent's liberation from colonialism The subject matter in this book also discusses The anti apartheid struggle Caribbean solidarity with the South African struggle Botswana's role in South African liberation Black internationalism The involvement of the ANC Print editions not for sale in Sub Saharan Africa This book is part of Routledge's co published series 30 Years of Democracy in South Africa in collaboration with UNISA Press which reflects on the past years of a democratic South Africa and assesses the future opportunities and challenges *Current Bibliographical Information* Dag Hammarskjöld Library,1991 *Finland and National Liberation in Southern Africa* Iina Soiri,Pekka Peltola,1999 Finland's special characteristics as a Nordic non aligned welfare state gave it the resources and motivation to support liberation movements in spite of restrictions arising from trade interests and a reluctance to jeopardise the country's neutral image The study shows that although it is not an easy task in a democracy ordinary dedicated people can over time influence political decision making at its most closed and guarded area foreign politics *Framing Foreign Policy in India, Brazil and South Africa* Jörg Husar,2016-05-04 This book analyses the India Brazil South Africa Dialogue Forum IBSA focusing on the communalities and differences in the way foreign policy is conceptualized in its member states Utilizing 83 interviews with foreign policy makers and experts as well as the analysis of 119 foreign policy speeches the author traces key shifts in official foreign policy discourse In order to evaluate the degree of support for key IBSA Dialogue Forum concepts within national discourse the author also examines the interplay between official and broader societal discourses on foreign policy This analysis combines political science factors foreign policy role conceptions with linguistic factors thus enabling a qualitative and quantitative comparison of different framings of foreign policy Extensive empirical material collected during six months of field research in India Brazil and South Africa allows the author to present a differentiated account of their alleged like mindedness **ABBWA Journal** ,1991 *African Socialism in Postcolonial Tanzania* Priya Lal,2015-12 Drawing on a wide range of oral and written sources this book tells the story of Tanzania's socialist experiment the ujamaa villagization initiative of 1967-75 Inaugurated shortly after independence ujamaa familyhood in Swahili both invoked established socialist themes and departed from the existing global repertoire of development policy seeking to reorganize the Tanzanian countryside into

communal villages to achieve national development Priya Lal investigates how Tanzanian leaders and rural people creatively envisioned ujamaa and documents how villagization unfolded on the ground without affixing the project to a trajectory of inevitable failure By forging an empirically rich and conceptually nuanced account of ujamaa African Socialism in Postcolonial Tanzania restores a sense of possibility and process to the early years of African independence refines prevailing theories of nation building and development and expands our understanding of the 1960s and 70s world Popular Struggles in South Africa Robin Cohen, William Cobbett, 2024-04-01 Popular Struggles or One Struggle Originally published in 1988 shortly after the miners strike in South Africa of 1987 this book begins with a strongly argued and seminal discussion of this question by William Cobbett and Robin Cohen The book had an urgency and relevance at its time of original publication but many of the themes it discusses remain as relevant today Nearly all the contributors were close to the sites of encounter and resistance they described but at the same time they and the editors place the individual cases within the historical context **Apartheid, 1948-1994** Saul Dubow, 2014-05 This fresh interpretation of apartheid South Africa integrates histories of resistance with the analysis of power asking not only why apartheid was defeated but how it came to survive for so long **Consumption, Media and Culture in South Africa** Mehita Iqani, Bridget Kenny, 2017-10-02 This book is the first of its kind to bring together a collection of critical scholarly work on consumer culture in South Africa exploring the cultural political economic and social aspects of consumption in post Apartheid society From sushi and Japanese diplomacy to Queen Sophie s writhing gown from middle class Sowetan golfers to an indebted working class citizenry from wedding websites to wedding nostalgia from the liberation of consuming to the low wage labour of selling the chapters in this book demonstrate a variety of themes showing that to start with consumption rather than ending with it allows for new insights into long standing areas of social research By mapping exploring and theorizing the diverse aspects of consumption and consumer culture the volume collectively works towards a fresh set of empirically rooted conceptual commentaries on the politics economics and social dynamics of modern South Africa This effort in turn can serve as a foundation for thinking less parochially about neoliberal power and consumer culture On a global scale studying consumption in South Africa matters because in some ways the country serves as a microcosm for global patterns of income inequality race based economic oppression and hopes for the material betterment of life By exploring what consumption means on the local scale in South Africa the possibility arises to trace new global links and dissonances This book was originally published as a special issue of Critical Arts
