

## Monogram

One of the earliest forms of personal identification was the monogram. It consists of initials, or the first letters of a name, joined together. These monograms, which were often very elaborate, were used on all sorts of articles.

Monograms are still used today, particularly on clothing and accessories, to denote ownership or brand identity.

*Histoire des protestants en France* Patrick Cabanel, 2012-08-22 Non seulement le plus grand et le plus radical des formateurs a-t-il un François Calvin mais encore le protestantisme a eu dans notre pays un très vif succès notamment auprès des élites avant que le pouvoir loin de basculer dans la religion nouvelle ne décide de rester fidèle à Rome et aux Français avec lui fait face contre leur gré. S'ensuivra une longue et inépuisable guerre civile l'intervention des puissances étrangères. Jamais un protestant n'a joué en France des mêmes droits de la même bienveillance que les catholiques même entre le traité de Nantes (1598) et sa révocation (1685). Y compris lorsqu'il n'est pas persécuté il se trouve persécuté. La Réforme n'en imprime pas moins une forte marque sur la société française. Elle touche peu près toutes les catégories de certains princes du sang, d'humbles agriculteurs l'occasion de l'assemblée du conseil qui a lieu cette année le 2 septembre l'un des tout meilleurs historiens du protestantisme voqué avec la science la plus sûre et la plus récente les destins d'une partie du peuple français qu'on oublie encore trop souvent.
