Society, Schools, and Progress in the West Indies John J. Figueroa, 1971-01-01 *Society, Schools and Progress in the West Indies* John J. Figueroa, 2016-06-06 **Introducing Comparative Education** A. R. Trethewey, 2014-05-18

Introducing Comparative Education aims to familiarize newcomers with comparative education as a field of study and to provide a continuing reference as people become more actively involved with comparative studies and the problems associated with developing them in rigorous and productive ways. The purposes and methods of comparative education are also discussed. Comprised of eight chapters, this book begins by presenting a neat, simple and generally accepted definition of comparative education. The reader is then introduced to the history and development of comparative education, the purposes of comparative education, some of the pitfalls in trying to compare education or educational systems across cultural and national boundaries, and some of the alternative methods open to those who would like to develop studies in comparative education. The approaches associated with Isaac Kandel, Nicholas Hans, and G. Z. F. Bereday, Brian Holmes, Edmund King, Harold Noah, and Max Eckstein are considered. The book concludes with a listing of resources for teaching and learning. This monograph is intended for students and educators.

Combermere School and the Barbadian Society Keith A. P. Sandiford, Earle H. Newton, 1995

Written by two former students of perhaps one of the Caribbean's most famous educational institutions, this book elucidates the school's evolution and analyzes its contribution to the development of Barbadian society. Although scarcity of adequate documentation results in an uneven treatment of different periods, the work examines the roles of various headmasters and their administrations in the school's evolution. Additionally, the work places Combermere and the changes it underwent within the larger framework of societal changes that Barbados experienced. Useful case study. *Handbook of Latin American Studies* v. 58.

The Growth of the Modern West Indies Gordon K. Lewis, 2004
