The Buntingford Branch:

The Buntingford Branch Peter Paye,1980-01-01 After 100 years, the future of the buntingford branch line Geoffrey Body,Robert l Eastleigh,1964 *The Buntingford Branch* Murray Eckett,2002 The Railway Magazine ,1905 **The Great Eastern Railway, The Late 19th and Early 20th Century, 1862-1924** Charles Phillips,2024-08-30 This is the second volume of the history of the Great Eastern Railway from 1811 to 1924 This volume covers from 1862 when the Great Eastern Railway was formed to 1924 when with the absorption of the Colne Valley and Halstead Railway and the Mid Suffolk Light Railway into the LNER the cessation of locomotive building at Stratford and the departure of the Company s last General Manager Sidney Parnwell the GER could finally be said to exist The history covers many things including the building and the subsequent expansion of Liverpool Street station and the development of the extensive suburban system The Company s attempts to gain direct access to the northern coal fields which resulted in the formation of the Great Northern and Great Eastern Joint Line is mentioned as is the abortive proposed working union with the Great Northern and the Great Central railways Relations with London Tilbury and Southend Railway including the battle for the Southend traffic from 1911 are dealt with as is the effect of Midland Railway takeover of that Railway How the GER dealt with the threat of electric tube railways at the turn of the 20th century receives attention as do the abortive proposals in 1918 for the electrification of the Company s suburban services **Branch Line Britain** Paul D. Shannon,2023-12-30 This book examines in words and pictures the network of British branch lines and other secondary routes that survived the mass closures of the 1960s While nearly 4 000 route miles were lost between 1963 and 1970 the cuts were less severe than they might have been Some lines were reprieved because of their social importance even though they would never pay their way in purely commercial terms They included some lengthy rural routes such as those serving the Far North of Scotland Central Wales and the Cumbrian Coast as well as some urban backwaters such as Romford to Upminster and the St Albans Abbey branch As the 1970s progressed closures became scarce but cost cutting measures included the singling of some lines as well as scaled down stations and simplified signalling Yet even today some pockets of traditional operation survive Mechanical signal boxes still control many hundreds of miles across the network in areas as diverse as West Cornwall East Lincolnshire and South West Scotland This book also celebrates several reopened and new lines ranging from the major Borders Railway project in Scotland to the Stansted Airport and Barking Riverside branches in South East England making the point that the branch line concept is far from dead **Tourist's Guide to Hertfordshire** Albert John Foster,1891 **The Rail and the Rod; Or, Tourist Angler's Guide to Waters and Quarters Around London ...** John Greville Fennell,1867 **Dr Beeching's Axe 50 Years On** Julian Holland,2013-09-27 Julian Holland s Dr Beeching s Axe 50 Years On is a unique memorial to all that was lost following the publication of the Beeching Report on 27 March 1963 Uniquely the author has tried to include every railway line that was closed as a result of the Beeching Report and more They are all shown on Map 9 in Part 2 of the Report

and have been annotated for clarity at the beginning of each regional chapter in the book Needless to say it is not plain sailing there are lines that were marked for closure on the maps but were closed before publication of the Report there are lines that were not originally on Beeching s original hit list but which were closed anyway there are lines that were originally marked down for closure but which were fortunately reprieved There are even one or two which seem to have not existed at all The author has included them all The Last One's Gone: Lost Railway Locations of the 1960s Keith Widdowson,2020-03-15 A collection of nostalgic images many previously unpublished documenting railway locations that are now sadly gone
