The Cage Of Eagles:

Super Eagles in the Lion's Den Lucien Nzeyimana, 2022-05-25 The Spears govern Burunga with an iron fist recklessly murdering the Rungans Colm Djandhi guides his siblings to the mountains of glory where they hide the magic sword in a cave before joining other Rungans displaced in remote forests The growing power of the Spears poses a major threat to the Lords their long time enemies However the Spears get a dose of their own medicine when Gustavo Payoyub President of Dandy threatens their increasing power with a force ten times stronger than the Spears The Spears also fear a coalition of the Lords and the Rungans Together they would be too powerful to ward off To prevent the worst case scenario the Spears force the Rungans to the front line to act as human shields against the President's army hoping their single handed defense would wipe the Rungans out along with any possible alliance with the Lords The desperate Rungans must overcome fear and helplessness in this imposed role They have to fight for survival To do this they task Colm with training the makeshift army on traditional weapons Once at the battlefield the Rungans are blessed with supernatural powers They obliterate the Lords entirely and come looking for the Spears

The Eagle Watchers Ruth Tingay, Todd Katzner, 2011-01-15 Eagles have fascinated humans for millennia For some the glimpse of a distant eagle instantly becomes a treasured lifelong memory Others may never encounter a wild eagle in their lifetime This book was written by people who have dedicated years to the study of eagles to provide an insider's view for all readers but especially those who have never been up close and personal with these magnificent yet often misunderstood creatures In their stories twenty nine leading eagle researchers share their remarkable field experiences providing personal narratives that don't feature in their scientific publications They tell of their fear at being stalked by grizzly bears their surprise at being followed by the secret police their embarrassment when accidentally firing mortar rockets over a school gymnasium and their sense of awe at tracking eagles via satellite The reader experiences the cultural shock of being guest of honor at a circumcision ceremony the absurdity of sharing an aquatic car with the Khmer Rouge and the sense of foreboding at being press ganged into a frenzied tribal death march through the jungle The Eagle Watchers covers twenty four species on six continents from well known bald eagle golden eagle to obscure black and chestnut eagle
