The Capture Of Alexandria:

Guillaume de Machaut Janet Shirley, Peter W. Edbury, 2021-09-21 Guillaume de Machaut a man famous for both his poetry and his musical compositions wrote his *Prise d Alexandrie* or Capture of Alexandria just a few years after the death of his hero King Peter I of Cyprus 1359-69. It is a verse history of Peter's reign and was Machaut's last major literary work. Peter's ancestors had ruled the island of Cyprus since the 1190s and in 1365 Peter gained notoriety throughout western Europe as leader of a crusading expedition which captured the Egyptian port of Alexandria. His forces however were unable to retain control and Peter was left with a war against the Egyptian sultan. It was his increasingly desperate measures to continue the struggle and carry opinion with him that resulted in his murder in 1369. Machaut relied on information relayed by French participants in Peter's wars but although he was not an eyewitness of these events his account is independent of other narratives of the reign which were written in Cyprus apparently under the auspices of the king's heirs. **Alexandria's**

Hinterland Mohamed Kenawi, 2014-11-17 This volume contains detailed information about 63 sites and shows amongst other things that the viticulture of the western delta was significant in Ptolemaic and Roman periods as well as a network of interlocking sites which connected with the rest of Egypt, Alexandria, North Africa and the Eastern Mediterranean and Aegean. Military History of Late Rome 602-641 Ilkka Syv  nne, 2022-12-29 The Military History of Late Rome 565-602 provides a fresh analysis of the Roman Empire from the reign of Phocas 602-10 until the death of Heraclius 610-41. This was an era of unprecedented upheavals which is usually considered to have resulted in the end of antiquity. The usurpations of Phocas and Heraclius led to the collapse of the Roman defenses. The Persians conquered Syria, Lebanon, Palestine and Egypt. The Avars and Slavs ravaged the Balkans. The Lombards held the upper hand in Italy. The Visigoths conquered Spain. But then happened one of the most remarkable reversals of fortune in the history of mankind. Heraclius began his holy war against the fire worshippers. He launched a very effective counterattack against the Persians as a result of which the Romans not only defeated the Persians but actually even extended their domains at their expense and not only this because by 633 Heraclius was already restoring the Roman fortunes in the Balkans. This volume revises many of the previously held views of how this took place and what actually happened. The Roman armies seemed invincible and then happened yet another great reversal of fortune. The Muslims began their jihad to conquer the world. The author provides a fresh analysis of all of these upheavals. Explains in detail why these reversals of fortune happened, what enabled the Romans to defeat the Persians and why the Romans lost when they fought against the Muslims and conversely why the Muslims were so successful. This was an era of epic campaigns and battles all of which are explained in unprecedented detail. The epic campaigns needed equally talented commanders who include for example Heraclius, Chosroes II, Parvez, Shahrbaraz, Shahin, Abu Bakr, Umar, Abu Ubaydah and Khalid b al Walid, the Sword of Allah. **The History of the Decline and Fall of the Roman Empire** Edward Gibbon, 1901
