

HOW DID CZECHOSLOVAKIA BREAKUP?

The Breakup Of Czechoslovakia An Indepth Economic Analysis

**Balázs Trencsényi, Lucija Balikić, Una
Blagojević, Isidora Grubački**

The Breakup Of Czechoslovakia An Indepth Economic Analysis:

The Break-up of Czechoslovakia Oldřich Dědek,1996 This work examines the dissolution of Czechoslovakia in 1993 The emphasis is on the economic side of the process and the economic history which preceded the split is analyzed The original policy measures adopted to minimize the dissolution shocks are described as are the recent post split trends in both the successor economies This work aims to provide a detailed insight into the process of the split and to serve as a source of knowledge in today s world of growing nationalism *The Economics of Soviet Breakup* Bert van Selm,2012-10-12 This book analyzes the effects of the break up of the Soviet Union into fifteen independent states Topics discussed include past and present economic relations between the republics and forecasts for the future discussion of Customs Unions Monetary Union or Payments Union as possible ways forward for these states economic integration theory how the states of the Soviet Union functioned before the dissolution *Central and Eastern Europe Handbook* Patrick Heenan,Monique Lamontagne,2014-05-12 The Regional Handbooks of Economic Development series provides accessible overviews of countries within their larger domestic and international contexts focusing on the relations among regions as they meet the challenges of the twenty first century The series allows the non specialist student to explore a wide range of complex factors social and political as well as economic that affect the growth of developing regions in Asia Europe and South America Each Handbook provides an overview chapter discussing the region s economic conditions within an historical and political context as well as 20 or more chapter length essays written by recognized experts which analyze the key issues affecting a region s economy its population natural resources foreign trade labor problems and economic inequalities and other vital factors In addition the volumes offer useful support materials including a series of appendices that include a detailed chronology of events in the region a glossary of terms biographical entries on key personalities an annotated bibliography of further reading and a comprehensive analytical index [East Central European Crisis Discourses in the Twentieth Century](#) Balázs Trencsényi,Lucija Balikić,Una Blagojević,Isidora Grubački,2024-08-20 The term crisis with its complex history has emerged as one of the pivotal notions of political modernity As such reconstructing the ways the discourse of crisis functioned in various contexts and historical moments gives us a unique insight not only into a series of conceptual transformations but also into the underlying logic of key political and intellectual controversies of the last two centuries Studying the ways crisis was experienced conceptualized and negotiated can contribute to the understanding of how various visions of time and history shape political thinking and conversely how political and social reconfigurations frame our assumptions about temporality and spatiality A historical region wedged in between various competing imperial centers East Central Europe has been an area often associated with crisis phenomena by both internal and external observers Seeking to employ the regional gaze as a vantage point to reflect on issues which are relevant well beyond those countries between the Baltic and the Adriatic this project is also in dialogue with a number of recent transnational attempts to rethink political and intellectual

history with regard to the recurrent epistemological frames that structure the political and cultural debate This book will thus be useful both for researchers from the field of intellectual history and numerous adjacent fields and graduate university students alike

Central and South-Eastern Europe 2004 Europa Publications,2003 Comprises a general survey of the region country surveys political profiles of the region and information on international and regional organizations and research institutes

Central and South-Eastern Europe 2003 Europa Publications,2002 An in depth survey of the region presenting the latest economic and political developments It includes expert comment on issues of regional importance up to date statistics a directory of institutes and companies and political profiles

The Origins of Postcommunist Elites Gil Eyal,2003 How is it that Czechoslovakia s separation into two countries in 1993 was accomplished so peacefully especially when compared with the experiences of its neighbors Russia and Yugoslavia This book provides a sociological answer to this question and an empirical explanation for the breakup of Czechoslovakia by tracing the political processes begun in the Prague Spring of 1968 Gil Eyal s main argument is that Czechoslovakia s breakup was caused by a struggle between two fractions of what sociologists call the new class which consisted primarily of intellectuals and technocrats Focusing on the process of polarization that created these two distinct political elites Eyal shows how in response to the events of the ill fated Prague Spring Czech and Slovak members of the new class embarked on divergent paths and developed radically different even opposed identities worldviews and interests Unlike most accounts of postcommunist nationalist conflict this book suggests that what bound together each of these fractions and what differentiated each from the other were not national identities and nationalist sentiments per se but their distinctive visions of the social role of intellectuals Book jacket

Encyclopedia of Modern Ethnic Conflicts Joseph R. Rudolph Jr.,2015-12-07 An indispensable reference that will help students understand the major ethnic conflicts that dominate the headlines and shape the modern world Since World War II significant conflicts have most often taken the form of acts of violence between ethnic or national communities inside individual states This two volume work uses case studies to explore some four dozen of those conflicts making it an ideal first stop reference for students and others who wish to quickly gain an understanding of ethnic struggles Content from the first edition is updated and new entries on recent conflicts have been added The set s geographical range which encompasses nearly every continent is matched by the diversity of the conflicts explored These include internal conflicts such as those experienced by African Americans in the United States and Muslims in France as well as separatist movements of groups like the Chechens in Russia and Bosnians in Yugoslavia Headline making conflicts for example those in Mali and Syria are covered as well The book is organized alphabetically by country and region Each essay begins with a timeline and then explores the historical background evolution efforts to manage and significance of the conflict Suggestions for follow up research and appendices of relevant primary source materials are also included

Ethnic Bargaining Erin K. Jenne,2014-05-30 Ethnic Bargaining introduces a theory of minority politics that blends

comparative analysis and field research in the postcommunist countries of East Central Europe with insights from rational choice Erin K Jenne finds that claims by ethnic minorities have become more frequent since 1945 even though nation states have been on the whole more responsive to groups than in earlier periods Minorities that perceive an increase in their bargaining power will tend to radicalize their demands she argues from affirmative action to regional autonomy to secession in an effort to attract ever greater concessions from the central government The language of self determination and minority rights originally adopted by the Great Powers to redraw boundaries after World War I was later used to facilitate the process of decolonization Jenne believes that in the 1960s various ethnic minorities began to use the same discourse to pressure national governments into transfer payments and power sharing arrangements Violence against minorities was actually in some cases fueled by this politicization of ethnic difference Jenne uses a rationalist theory of bargaining to examine the dynamics of ethnic cleavage in the cases of the Sudeten Germans in interwar Czechoslovakia Slovaks and Moravians in postcommunist Czechoslovakia the Hungarians in Romania Slovakia and Vojvodina and the Albanians in Kosovo Throughout she challenges the conventional wisdom that partisan intervention is an effective mechanism for protecting minorities and preventing or resolving internal conflict **Prague Economic Papers** ,1997 Quarterly journal of economic theory and policy
