The Bystander Behavior Law Ethics:

The Bystander Leon Shaskolsky Sheleff,1978 *The Law and Ethics of Restitution* Hanokh Dagan,2004-08-12 This 2004 book provides a comprehensive account of the American law of restitution **Social Cohesion and Legal Coercion** Leon Shaskolsky Sheleff,2021-11-15 The book is a critical analysis of the work of Max Weber Emile Durkheim and Karl Marx It focuses on their separate analyses of the role of law in society pointing out their faults and errors and the resultant impact on modern social science The author takes issue with Weber's work on rationality with Durkheim's work on repressive and restitutive law and with Marx's work on social justice and law as part of the super structure In each section of the book he shows the implications that flow from a re assessment and re interpretation of their work for an understanding of society The book is multi disciplinary making ample reference to law sociology anthropology history religion ecology criminology philosophy and economics Its various chapters discuss a wide range of themes including rationality tradition science political authority conflict resolution community justice and altruism **The Compassionate Temperament** Natan Sznajder,2001 This text argues that it is the nature of modernity to foster compassion It offers a historical view to disprove the idea that modernity erodes moral sentiment and breaks down older social bonds The book looks at the way in which modern society is building new and different social bonds *The Future of Tradition* Leon Shaskolsky Sheleff,2013-09-05 Recent years have seen an increased interest in the variety of cultures co existing within one state and a growing acknowledgement of the values ensconced in pluralistic social structures this book examines the manner in which indigenous people can function in modern states preserving their traditional customs while simultaneously adapting aspects of their culture to the challenges posed by modern life Whereas it was formerly assumed that these tribal frameworks were doomed to extinction and some states even encouraged such a process there has been a revival in their vitality linked to a recognition of their rights The book offers a comprehensive survey of various aspects of tribal life focusing on political issues such as the meaning of sovereignty legal issues dealing with the role of custom and social issues concerned with sustaining communal life A focused study is made of a whole series of legal factors relating to possession and ownership of land religious rites the nature of polygamous marriages the assertion of group rites the manner of peacefully resolving disputes and allied questions Recent judicial decisions are analysed as a reflection of the far reaching changes that have taken place in a process that has seen the former disregard of basic rights of indigenous people being replaced by an awareness of the injustices perpetrated in the past and a willingness to seek to redress them The comparison between approaches of different English speaking countries provides an account of interwoven developments **The Genocide Contagion** Israel W. Charny,2016-07-15 In *The Genocide Contagion* Israel W Charny asks uncomfortable questions about what allows people to participate in genocide either directly through killing or other violent acts or indirectly by sitting passively while witnessing genocidal acts Charny draws on both historical and current examples such as the Holocaust and the Armenian Genocide and presses readers

around the world to consider how they might contribute to genocide Given the number of people who die from genocide or suffer indirect consequences such as forced migration Charny argues that we must all work to resist and to learn about ourselves before critical moments arise Making Sense of Mass Atrocity Mark Osiel, 2009-07-31 This book trenchantly diagnoses the law's limits in making sense of mass atrocity **Imperial Reckoning** Caroline Elkins, 2010-04-01 A major work of history that for the first time reveals the violence and terror at the heart of Britain's civilizing mission in Kenya As part of the Allied forces thousands of Kenyans fought alongside the British in World War II But just a few years after the defeat of Hitler the British colonial government detained nearly the entire population of Kenya's largest ethnic minority the Kikuyu some one and a half million people The compelling story of the system of prisons and work camps where thousands met their deaths has remained largely untold the victim of a determined effort by the British to destroy all official records of their attempts to stop the Mau Mau uprising the Kikuyu people's ultimately successful bid for Kenyan independence Caroline Elkins an assistant professor of history at Harvard University spent a decade in London Nairobi and the Kenyan countryside interviewing hundreds of Kikuyu men and women who survived the British camps as well as the British and African loyalists who detained them The result is an unforgettable account of the unraveling of the British colonial empire in Kenya a pivotal moment in twentieth century history with chilling parallels to America's own imperial project **Imperial Reckoning** is the winner of the 2006 Pulitzer Prize for Nonfiction **"A Problem from Hell"** Samantha Power, 2013-05-14 From former UN Ambassador and author of the New York Times bestseller *The Education of an Idealist* Samantha Power the Pulitzer Prize winning book on America's repeated failure to stop genocides around the world In her prizewinning examination of the last century of American history Samantha Power asks the haunting question Why do American leaders who vow never again repeatedly fail to stop genocide Power a professor at the Harvard Kennedy School and the former US Ambassador to the United Nations draws upon exclusive interviews with Washington's top policymakers thousands of declassified documents and her own reporting from modern killing fields to provide the answer *A Problem from Hell* shows how decent Americans inside and outside government refused to get involved despite chilling warnings and tells the stories of the courageous Americans who risked their careers and lives in an effort to get the United States to act A modern classic and an angry brilliant fiercely useful absolutely essential book *New Republic* *A Problem from Hell* has forever reshaped debates about American foreign policy Winner of the Pulitzer Prize Winner of the Robert F Kennedy Book Award Winner of the National Book Critics Circle Award Winner of the J Anthony Lukas Book Prize Winner of the Anisfield Wolf Book Award Winner of the Raphael Lemkin Award Israel yearbook on human rights.
