Bruce E. Drushel, Brian M. Peters

The Camp:

Sontag and the Camp Aesthetic Bruce E. Drushel, Brian M. Peters, 2017-02-15 *Sontag and the Camp Aesthetic* Advancing New Perspectives marks 50 years of writing and cultural production on the phenomenon of camp since Susan Sontag's 1964 cornerstone essay *Notes on Camp*. It provides cutting edge theory and understanding on ways to read and interpret camp through a collection of essays from historical theoretical and cultural perspectives. It includes varied subject areas including camp icons, stylistics, periods, and important and representative texts from television, film, and literature. These essays create a scholarly conversation that understands camp as not only a signifier or aesthetic but also a language mode and style that goes beyond its initial linguistic and semiotic guise. The contributors, representing a diverse group of established and rising scholars, explore camp as a largely queer genre that includes varying modes of understanding of desire and of the self outside a hegemonic model of heteronormativity.

The 'Camps System' in Italy Riccardo Armillei, 2018-05-16 This book deals with the social exclusion of Romanies/Gypsies in Italy. Based on interviews with Romani individuals, institutional and Civil Society Organisations (CSOs) representatives, participant observation, and a broad range of secondary sources, the volume focuses on the conditions of those living in Rome's urban slums and on the recent implementation of the so-called *Emergenza Nomadi* (Nomad Emergency). The enactment of this extraordinary measure concealed the existence of a long established institutional tradition of racism and control directed at Romanies. It was not the result of a sudden unexpected situation which required an immediate action as the declaration of an emergency might imply, but rather of a precise government strategy. By providing an investigation into the interactions between Romanies, local institutions, and CSOs, this book will deliver a new perspective on the Romani issue by arguing that the camp is not only a tool for institutional control and segregation but also for resistance, as well as a huge business in which everyone plays their part.

Children of the Camps Mark Felton, 2011-06-13 The author of *Guarding Hitler* tells the truly heart-rending stories of Caucasian and Eurasian children held captive inside Japanese internment camps. The

Japanese treatment of Allied children was as harsh and murderous as that of their parents and military POWs but this whole episode has been overlooked Children were plucked from comfortable colonial lives and forced to mature hastily in terrible circumstances where survival became a daily game and where their lives were constantly threatened by disease starvation and physical abuse Many of these children were separated from their parents or they saw their families destroyed by the Japanese Most witnessed almost daily episodes of bestial violence that no child should ever see and the entire cumulative experience has had a deep and lasting effect into their adult lives They are among the last victims of Japanese aggression and even over sixty years later many carry the mental and physical scars of that atrocious episode The fate of Japan s military prisoners is now well known but the equally poor treatment handed out to the civilian internees and their children is a less familiar topic Many books on this subject focus on a particular part of the Japanese Empire Felton has taken a different approach and covers most of the Japanese Empire from Singapore and the rest of mainland China through Hong Kong Malaya Burma and on into the Dutch East Indies and the Philippines HistoryOfWar org **Refugee Reception and Camps** Lucas Oesch,Léa Lemaire,2025-10-14 Available open access digitally under CC BY NC ND licence This edited collection provides new insights into refugee reception and camps by focusing on the overlap between local and global dynamics in the governance of camps Contributors examine how camps are re placed within their local contexts across regions including Africa America Asia Europe and Oceania They explore how local environments both influence and are influenced by global flows networks and connections in the governance of refugee camps By highlighting these interconnections this volume provides valuable insights for scholars policy makers and practitioners seeking to understand the complex realities of refugee camps around the world The Manuscripts of His Grace, the Duke of Rutland, G.C.B., Preserved at Belvoir Castle Great Britain.
