### **Thomas Dixon Jr. and the Birth of Modern America**

Michele K. Gillespie, Randal L. Hall, 2009-08 Thomas Dixon Jr is best remembered as the author of the racist novels that served as the basis for D W Griffith's controversial 1915 classic film *The Birth of a Nation*. He also enjoyed great renown during his lifetime as a minister, lecturer, lawyer, and actor. In *Thomas Dixon Jr and the Birth of Modern America*, distinguished scholars of religion, film, literature, music, history, and gender studies offer a provocative examination of Dixon's ideas, personal life, and career, and in the process illuminate the evolution of white racist ideas in the early twentieth century and their legacy.

*Faulkner and Whiteness* Jay Watson, 2011-05-11 William Faulkner wrote during a tumultuous period in southern racial consciousness between the years of the enactment of Jim Crow and the beginnings of the civil rights movement in the South. Throughout the writer's career, racial paradigms were in flux, and these shifting notions are reflected in Faulkner's prose. Faulkner's fiction contains frequent questions about the ways in which white Americans view themselves with regard to race, along with challenges to the racial codes and standards of the region and complex portrayals of the interactions between blacks and whites. Throughout his work, Faulkner contests white identity, its performance by whites, and those passing for white, its role in shaping the South, and its assumption of normative identity in opposition to non-white Others. This is true even in novels without a strong visible African American presence, such as *As I Lay Dying*, *The Hamlet*, *The Town*, and *The Mansion*. *Faulkner and Whiteness* explores the ways in which Faulkner's fiction addresses and destabilizes the concept of whiteness in American culture. Collectively, the essays argue that whiteness, as part of the Nobel Laureate's consistent querying of racial dynamics, is a central element. This anthology places Faulkner's oeuvre and scholarly views of it in the contexts of its contemporary literature and academic trends exploring race and texts.

### *Southern Writers* Joseph M.

Flora, Amber Vogel, 2006-06-21 This new edition of *Southern Writers* assumes its distinguished predecessor's place as the essential reference on literary artists of the American South. Broadly expanded and thoroughly revised, it boasts 604 entries, nearly double the earlier edition's, written by 264 scholars. For every figure, major and minor, from the venerable and canonical to the fresh and innovative, a biographical sketch and chronological list of published works provide comprehensive, concise, up-to-date information. Here, in one convenient source, are the South's novelists and short story writers, poets and dramatists, memoirists and essayists, journalists, scholars, and biographers from the colonial period to the twenty-first century. What constitutes a southern writer is always a matter for debate. Editors Joseph M. Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region, in either a personal or literary sense. New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication, as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition, a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of

its practitioners Southern Writers is an indispensable reference book for anyone intrigued by the subject **D.W. Griffith's the Birth of a Nation** Melvyn Stokes, 2008-01-15 In this deeply researched and vividly written volume Melvyn Stokes illuminates the origins production reception and continuing history of this ground breaking aesthetically brilliant and yet highly controversial movie By going back to the original archives particularly the NAACP and D W Griffith Papers Stokes explodes many of the myths surrounding The Birth of a Nation 1915 Yet the story that remains is fascinating the longest American film of its time Griffith s film incorporated many new features including the first full musical score compiled for an American film It was distributed and advertised by pioneering methods that would quickly become standard Through the high prices charged for admission and the fact that it was shown at first only in live theaters with orchestral accompaniment Birth played a major role in reconfiguring the American movie audience by attracting more middle class patrons But if the film was a milestone in the history of cinema it was also undeniably racist Stokes shows that the darker side of this classic movie has its origins in the racist ideas of Thomas Dixon Jr and Griffith s own Kentuckian background and earlier film career The book reveals how as the years went by the campaign against the film became increasingly successful In the 1920s for example the NAACP exploited the fact that the new Ku Klux Klan which used Griffith s film as a recruiting and retention tool was not just anti black but also anti Catholic and anti Jewish as a way to mobilize new allies in opposition to the film This crisply written book sheds light on both the film s racism and the aesthetic brilliance of Griffith s filmmaking It is a must read for anyone interested in the cinema **Disfigured Images** Patricia Morton, 1991-05-21 Much of the material unearthed by this book is ugly states historiographer Patricia Morton who exposes profoundly dehumanizing constructions of reality embedded in American scholarship as it has attempted to render the history of the Afro American woman Focusing on the scholarly literature of fact rather than on fictional or popular portrayals Disfigured Images explores the telling and frequent mis telling of the story of black women during a century of American historiography beginning in the late nineteenth century and extending to the present Morton finds that during this period a large body of scholarly literature was generated that presented little fact and much fiction about black women s history The book s ten chapters take long and lingering looks at the black woman s prefabricated past Contemporary revisionist studies with their goals of discovering and articulating the real nature of the slave woman s experience and role are thoroughly examined in the conclusion Disfigured Images complements current work by recognizing in its findings a long needed refutation of a caricatured mythical version of black women s history Morton s introduction presents an overview of her subject emphasizing the mythical ingrained nature of the black woman s image in historiography as a natural and permanent slave The succeeding chapters use historical and social science works as primary sources to explore such issues as the foundations of sexism racism the writing of W E B DuBois twentieth century notions of black women current black and women s studies new and old images of motherhood and more The conclusion investigates how and why recent American historiographical scholarship has banished the old myths by

presenting a more accurate history of black women This keenly perceptive and original study should find an influential place in both women s studies and black studies programs as well as in American history American literature and sociology departments With its unusually complete panorama of the period covered it would be a unique and valuable addition to courses such as slavery the American South women in North America American history Afro American history race and sex in American literature and discourse and the sociology of race

**American Racist** Anthony Slide,2004-09-10 Thomas Dixon has a notorious reputation as the writer of the source material for D W Griffith s groundbreaking and controversial 1915 feature film *The Birth of a Nation* Perhaps unfairly Dixon has been branded an arch conservative and a racist obsessed with what he viewed as the Negro problem As *American Racist* makes clear however Dixon was a complex multitalented individual who as well as writing some of the most popular novels of the early twentieth century was involved in the production of some eighteen films Dixon used the motion picture as a propaganda tool for his often outrageous opinions on race communism socialism and feminism His most spectacular production *The Fall of a Nation* 1916 argues for American preparedness in the face of war and boasts a musical score by Victor Herbert making it the first American feature film to have an original score by a major composer Like the majority of Dixon s films *The Fall of a Nation* has been lost but had it survived it might well have taken its place alongside *The Birth of a Nation* as a masterwork of silent film Anthony Slide examines each of Dixon s films and discusses the novels from which they were adapted Slide chronicles Dixon s transformation from a major supporter of the original Ku Klux Klan in his early novels to an ardent critic of the modern Klan in his last film *Nation Aflame* *American Racist* is the first book to discuss Dixon s work outside of literature and provide a wide overview of the life and career of this highly controversial twentieth century southern populist Anthony Slide is the author of numerous books including *Silent Players A Biographical and Autobiographical Study of 100 Silent Film Actors and Actresses*

**Reconstructing Violence** Deborah E. Barker,2015-11-11 In this bold study of cinematic depictions of violence in the south Deborah E Barker explores the ongoing legacy of the southern rape complex in American film Taking as her starting point D W Griffith s infamous *Birth of a Nation* Barker demonstrates how the tropes and imagery of the southern rape complex continue to assert themselves across a multitude of genres time periods and stylistic modes Drawing from Gilles Deleuze s work on cinema Barker examines plot dialogue and camera technique as she considers several films *The Story of Temple Drake* 1933 *Sanctuary* 1958 *Touch of Evil* 1958 *To Kill a Mockingbird* 1962 and *Cape Fear* 1962 Placing this body of analysis in the context of the historical periods when these films appeared and the literary sources on which they are based Barker reveals the protean power of cinematic racialized violence amid the shifting cultural and political landscapes of the South and the nation as a whole By focusing on familiar literary and cinematic texts each produced or set during moments of national crisis such as the Great Depression or the civil rights movement Barker s *Reconstructing Violence* offers fresh insights into the anxiety that has underpinned sexual and racial violence in cinematic representations of the South
