Robert Peel, 1891 *Sir Robert Peel* Richard A. Gaunt, 2010-07-02 Sir Robert Peel paragon or pariah Peel was the greatest statesman and political leader of mid Victorian Britain a titan of Conservative politics whose legacy has inspired generations in his party and in British political life In a career spanning forty years he held the greatest offices of state including Chief Secretary to Ireland Home Secretary Chancellor of the Exchequer and was twice Prime Minister He was the first acknowledged leader of the Conservative Party and the Founder of Modern Conservatism Yet Peel's seemingly peerless reputation has never been secure The Repeal of the Corn Laws split his party his Peelite supporters joined the Liberals and the Conservatives remained in opposition for thirty years Richard Gaunt drawing on a huge archive of state papers contemporary writings including Peel's own Memoirs and the latest historiography paints a convincing picture of Peel as an exponent of effective government in the modern industrial state and a calculating practitioner supremely self confident who dominated both his Party and the House of Commons Gaunt's revisionist life of Peel will be essential reading and the standard work for students and general readers interested in Conservative and mid Victorian political history and historical biography

Mr Secretary Peel Norman Gash, 2011-04-21 Norman Gash's magnificent two volume life of Sir Robert Peel Mr Secretary Peel 1961 and Sir Robert Peel 1972 is the standard work on the great statesman and is widely considered one of the great biographies of 19th century prime ministers Faber Finds is delighted to return both to print beginning with Mr Secretary Peel As Gash puts it memorably Peel born in 1788 in the world of Gibbon and Joshua Reynolds of stage coaches highwaymen and the judicial burning of women died in 1850 in the age of Faraday and Darwin of Punch railway excursions trade unions and income tax Over the course of Peel's life Britain was remodeled and it may be argued that Peel himself did more than any other political figure in reconciling the new forces in society with its older institutions But as a politician Peel could be a controversial figure his pragmatism pressing him into unpopular decisions The son of an industrial millionaire his instincts were for the cause of good government over narrow party interest Norman Gash interpreted Peel as the intellectual founder of the modern Conservative Party an aristocratic administrator and natural consensus politician who believed in courting the urban middle class as well as landowners and farmers Mr Secretary Peel carries its subject's story from birth through his entry into politics in Ireland his early positions in Tory governments his tenure as Home Secretary from 1822
