* Born in Sweden in 1637, Dietrich Buxtehude's work is of much importance in the history of organ music. His performances of sacred music at Lüneburg, where he died in 1707, attracted many musicians there, including J. S. Bach, who tramped 200 miles to hear him play the organ, and came much under his influence as a composer and performer.

The suggested registrations (suitable for a small two-manual organ) may be extended and varied according to the resources of the instrument.
