Cordasco,2021-12-28 The twenty first century has witnessed an explosion of speculative fiction in translation SFT Rachel Cordasco examines speculative fiction published in English translation since 1960 ranging from Soviet era fiction to the Arabic language dystopias that emerged following the Iraq War Individual chapters on SFT from Korean Czech Finnish and eleven other source languages feature an introduction by an expert in the

language's speculative fiction tradition and its present day output Cordasco then breaks down each chapter by subgenre including science fiction fantasy and horror to guide readers toward the kinds of works that most interest them Her discussion of available SFT stands alongside an analysis of how various subgenres emerged and developed in a given language She also examines the reasons a given subgenre has been translated into English An informative and one of a kind guide Out of This World offers readers and scholars alike a tour of speculative fiction's new globalized era [The Devil's Church and Other Stories](#) Joaquim Maria Machado de Assis, 1977 The modern Brazilian short story begins with the mature work of Joaquim Maria Machado de Assis 1839-1908 acclaimed almost unanimously as Brazil's greatest writer Collectively these nineteen stories are representative of Machado's unique style and world view and this translation doubles the number of his stories previously available in English The stories in this volume reflect Machado's post 1880 emphasis on social satire and experimentation in psychological realism If he had continued to produce the moralistic love stories and parlor intrigues of his earlier fiction Machado's legacy would have been an entertaining but inconsequential body of work However by 1880 he had begun a devastating satirical assault on society through his fiction In spite of his ruthlessness Machado does at times reveal an ironic sympathy for his characters He is not indifferent to human conflict but uses humor and irony to stress the absurdity of these conflicts acted out against the backdrop of an indifferent universe Such a spectacle creates a sense of helplessness that can only inspire wistful amusement In his technical mastery of the short story Machado was decades ahead of his contemporaries and can still be considered more modern than most of the modernists themselves That his stories elicit such strong and diverse reactions today is a tribute to their richness complexity and significance **The Complete Works of Primo Levi** Primo Levi, 2015-09-28 A New York Times Notable Book of the Year Named one of the Best Books of the Year by the Washington Post and Library Journal A Holiday Gift Guide Selection in the San Francisco Chronicle and Newsday A New York Times Book Review Editors Choice Selection The Complete Works of Primo Levi which includes seminal works like If This Is a Man and The Periodic Table finally gathers all fourteen of Levi's books memoirs essays poetry commentary and fiction into three slipcased volumes Primo Levi the Italian born chemist once described by Philip Roth as that quicksilver little woodland creature enlivened by the forest's most astute intelligence has largely been considered a heroic figure in the annals of twentieth century literature for If This Is a Man his haunting account of Auschwitz Yet Levi's body of work extends considerably beyond his experience as a survivor Now the transformation of Levi from Holocaust memoirist to one of the twentieth century's greatest writers culminates in this publication of The Complete Works of Primo Levi This magisterial collection finally gathers all of Levi's fourteen books memoirs essays poetry and fiction into three slipcased volumes Thirteen of the books feature new translations and the other is newly revised by the original translator Nobel laureate Toni Morrison introduces Levi's writing as a triumph of human identity and worth over the pathology of human destruction The appearance of this historic publication will occasion a major reappraisal of one of the most valuable writers of our time Alfred Kazin The

Complete Works of Primo Levi features all new translations of *The Periodic Table* *The Drowned and the Saved* *The Truce* *Natural Histories* *Flaw of Form* *The Wrench* *Lilith* *Other People's Trades* and *If Not Now When* as well as all of Levi's poems, essays, and other nonfiction work, some of which have never appeared before in English. **The Cambridge Companion to Primo Levi** Robert S. C. Gordon, 2007-07-30 Primo Levi 1919-87 was the author of a rich body of work including memoirs and reflections on Auschwitz, poetry, science fiction, historical fiction, and essays. In particular, his lucid and direct accounts of his time at Auschwitz, begun immediately after liberation in 1945 and sustained until weeks before his suicide in 1987, have made him one of the most admired of all Holocaust writer-survivors and one of the best guides we have for the interrogation of that horrific event. But there is also more to Levi than the voice of the witness. He has increasingly come to be recognised as one of the major literary voices of the twentieth century. This Companion brings together leading specialists on Levi and scholars in the fields of Holocaust studies, Italian literature and language, and literature and science to offer a stimulating introduction to all aspects of the work of this extraordinary writer. *The Legacy of Primo Levi* S. Pugliese, 2004-12-16 This collection represents some of the latest research on Primo Levi, the famous Auschwitz survivor, Italian author, and scholar in the fields of Italian Studies, Holocaust Studies, Jewish Studies, literary theory, philosophy, and ethics. The author has collected an impressive group of scholars, including Ian Thomson, who has published a well-received biography of Levi in the UK; a US edition is due this year; Alexander Stille, who is a staff writer for the New Yorker as well as for the New York Times; he is also the author of *Benevolence and Betrayal*; Five Italian Jewish Families under Fascism; and David Mendel, who knew Levi and had an extensive correspondence with the Italian writer. There are four essays on Levi's complex and fertile theory of the Gray Zone and further essays on the myriad aspects of this thought. This is an excellent collection with new perspectives and interpretations of the life and work of Primo Levi.
