Margaret Lea Houston a remarkable woman is finally awakened from the historical sleep which has enveloped her for over a century Alabama born Margaret Lea was just a schoolgirl when she first saw Sam Houston arrive at New Orleans after the Battle of San Jacinto to have his wounds tended She later described having a premonition that she would some day meet Sam Houston says William Seale But she told that story many years later after she had become his wife For marry Sam Houston she did in the face of strong opposition of family and friends and of Houston s friends and advisers Twenty six years younger than her husband this protected child of a Baptist minister set out to change the life of the frontier hero Aware that alcoholism and the sorrows of personal misfortune weighed upon him she battled the former and sought to alleviate the latter Her abiding faith in him coupled with his unceasing devotion to her and to their children is a central theme of this book The author explores the personality of Margaret the idealist whose absorption in religion often led her to melancholia the reader of romances who was never able to come to terms with the Texas wilderness the wife who strummed her guitar and wrote love poems during her husband s absences on affairs of state This account of Sam Houston s wife which presents details of the general s life not hitherto explored is in addition a colorful picture of the time in which she lived It is a realistic appraisal of Sam and Margaret Houston to which the author has brought a fresh and sympathetic understanding In writing the richly human story he has made extensive use of unpublished manuscripts and original documents in private hands and public archives

Visibly Canadian Karen Stanworth,2014-11-01 Spectacular scientific and educational cultural practices were used to establish and define public identities in the British colonies of nineteenth century Canada In Visibly Canadian Karen Stanworth argues that visual representations were the era s primary mode of expressing identity and shows how the citizenry of Quebec and Ontario was or was not represented in the visual culture of the time Through nine case studies each representing key moments of identity formation and contestation Stanworth investigates how a broad range of cultural phenomena from fine arts to institutional histories to public spectacles were used to order resist and articulate identities within specific social and economic contexts The negotiation and planning underpinning civic culture are evident in rare moments of compromise such as the surprising proposal from the Saint Jean Baptiste Society to merge their annual parade with the celebration of Queen Victoria s Diamond Jubilee in 1897 Equally astounding is the scale of nineteenth century public spectacles reenactments of Victorian scenes of war often attracted crowds of upwards of 10 000 people Illustrated with over fifty images many unseen for over a century Visibly Canadian establishes the extraordinary significance of artwork and public spectacles in cutting across language religion and class to tell stories of nationhood belonging and difference
