Sobranie Sochinenii V Semi Tomakh:

Central and Eastern European Literary Theory and the West Michał Mrugalski, Schamma Schahadat, Irina Wutsdorff, 2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the histoire croise the history of translations transformations and migrations that conditioned its relationship with the West *Sobranie Sochinenii V Semi Tomakh* Gennadii Aigi, 2009 **The Oxford**

Handbook of the Russian Novel Julie A. Buckler, Justin Weir, 2025 The Oxford Handbook of the Russian Novel brings together top specialists in Russian literature to treat the Russian novel from the late 18th to the 21st century using a range of interpretive perspectives The Russian novel is a distinctive tradition by virtue of its formal eccentricities as well as the boldness with which these works approached the most complex philosophical political and moral questions This Handbook treats well known works and authors but also explores the much broader tradition of the Russian novel up to the present The essays in the Handbook provide cultural and historical perspectives on the Russian novel as well as showcasing emergent modes of analysis including postcolonialism ecocriticism and posthumanism **Faster, Higher, Stronger, Comrades!** Tim Harte, 2020-07-07 The revival of the Olympic games in 1896 and the subsequent rise of modern athletics prompted a new energetic movement away from more sedentary habits In Russia this ethos soon became a key facet of the Bolsheviks shared vision for the future In the aftermath of the revolution glorification of exercise persevered pointing the way toward a stronger healthier populace and a vibrant Socialist society With interdisciplinary analysis of literature painting and film *Faster Higher Stronger Comrades* traces how physical fitness had an even broader impact on culture and ideology in the Soviet Union than previously realized From prerevolutionary writers and painters glorifying popular circus wrestlers to Soviet photographers capturing unprecedented athleticism as a means of satisfying their aesthetic ideals the nation's artists embraced sports in profound inventive ways Though athletics were used for doctrinaire purposes Tim Harte demonstrates that at their core they remained playful joyous physical activities capable of stirring imaginations and transforming everyday realities

Alternative Kinships Jacob Emery, 2017-05-15 According to Marx the family is the primal scene of the division of labor

and the germ of every exploitative practice In this insightful study Jacob Emery examines the Soviet Union's programmatic effort to institute a global siblinghood of the proletariat revealing how alternative kinships motivate different economic relations and make possible other artistic forms A time in which literary fiction was continuous with the social fictions that organize the social economy the early Soviet period magnifies the interaction between the literary imagination and the reproduction of labor onto a historical scale Narratives dating back to the ancient world feature scenes in which a child looks into a mirror and sees someone else reflected there typically a parent In such scenes two definitions of the aesthetic coincide art as a fantastic space that shows an alternate reality and art as a mirror that reflects the world as it is In early Soviet literature mirror scenes illuminate the intersection of imagination and economy yielding new relations destined to replace biological kinship relations based in food language or spirit These metaphorical kinships have explanatory force far beyond their context providing a vantage point onto for example the Gothic literature of the early United States and the science fiction discourses of the postwar period Alternative Kinships will appeal to scholars of Russian literature comparative literature and literary theory as well as those interested in reconciling formalist and materialist approaches to culture

How Bad Writing Destroyed the World Adam Weiner, 2016-10-06 Literary history meets economic policy in this entertaining polemic on the ethical and potentially destructive power of terrible literature *Beyond the Flesh* Jenifer Presto, 2009-01-15 Though the Russian Symbolist movement was dominated by a concern with transcending sex many of the writers associated with the movement exhibited an intense preoccupation with matters of the flesh Drawing on poetry plays short stories essays memoirs and letters as well as feminist and psychoanalytic theory *Beyond the Flesh* documents the often unexpected form that this obsession with gender and the body took in the life and art of two of the most important Russian Symbolists **Turgenev and Russian Culture** Joe Andrew, Derek Offord, Robert Reid, 2008 The present volume has as its central aim a reassessment of the works of Ivan Turgenev for the twenty first century Against the background of a decline in interest in nineteenth century literature the articles gathered here seek to argue that the period in general and his work in particular still have much to offer the modern sensibility The volume also offers a great variety of approaches Some of the contributors tackle major works by Turgenev including *Rudin* and *Smoke* while others address key themes that run through all his creative work Yet others address his influence as well as his broader relationship with Russian and other cultures A final group of articles examines other key figures in Russian literary culture including Belinskii Herzen and Tolstoi The work will therefore be of interest to students postgraduates and specialists in the field of Russian literary culture At the same time they will stand as a tribute to the life and work of Professor Richard Peace a long standing specialist in nineteenth century Russian literature in whose honour the volume has been compiled *Have the Mountains Fallen?* Jeffrey B.

Lilley, 2018-01-25 A thought provoking book about the long journey of the Kyrgyz people to independence that melds the stories of Chingiz Aitmatov and Azamat Altay Roza Otunbayeva former president of the Kyrgyz Republic After surviving the

blitzkrieg of World War II and escaping from three Nazi prison camps Soviet soldier Azamat Altay fled to the West and was charged as a traitor in his homeland of Kyrgyzstan in Soviet Central Asia Chingiz Aitmatov became a hero of Kyrgyzstan propelled by family loss to write novels about the everyday lives of his fellow citizens While both came from small villages in the beautiful mountainous countryside they found themselves caught on opposite sides of the Cold War struggle between world superpowers Altay became the voice of democracy on Radio Liberty broadcasting back into his shuttered homeland while Aitmatov rose through the ranks of Soviet society a quiet rebel whose prose masked ugly truths about Soviet communism Yet just as they seemed to be pulled apart by the divisions of the Cold War they found their lives intersecting in compelling ways joined by a common mission to save their people The stories of Chingiz Aitmatov and Azamat Altay are best told together a herculean task which Jeffrey B Lilley's *Have The Mountains Fallen Two Journeys of Loss and Redemption* in the Cold War manages deftly Their story because it is in essence a single story is that of Kyrgyzstan itself replete with tragedy and sacrifice hope and triumph The Diplomat A Cold War story that gives hope Richard G Lugar United States Senator Ret

Funny Dostoevsky Lynn Ellen Patyk, Irina Erman, 2024-06-13 Tapping into the emergence of scholarly comedy studies since the 2000s this collection brings new perspectives to bear on the Dostoevskian light side *Funny Dostoevsky* demonstrates how and why Dostoevsky is one of the most humorous 19th century authors even as he plumbs the depths of the human psyche and the darkest facets of European modernity The authors go beyond the more traditional categories of humor such as satire parody and the carnivalesque to apply unique lenses to their readings of Dostoevsky These include cinematic slapstick and the body in *Crime and Punishment* the affective turn and hilarious and deadly impatience in *Demons* and ontological jokes in *Notes from Underground* and *The Idiot* The authors coincidentally all women including some of the most established scholars in the field alongside up and comers address gender and the marginalization of comedy culminating in a chapter on Dostoevsky's funny and furious women and explore the intersections of gender and humor in literary and culture studies *Funny Dostoevsky* applies some of the latest findings on humor and laughter to his writing while comparative chapters bring Dostoevsky's humor into conjunction with other popular works such as Chaplin's *Modern Times* and Lin Manuel Miranda's *Hamilton* Written with a verve and wit that Dostoevsky would appreciate this boldly original volume illuminates how humor and comedy in his works operate as vehicles of deconstruction pleasure play and transcendence
