

THE SOCIAL AND POLITICAL THOUGHT OF LEON TROTSKY

BARUCH KNEI-PAZ

Social And Political Thought Of Leon Trotsky

Alec Nove

Social And Political Thought Of Leon Trotsky:

The Social and Political Thought of Leon Trotsky Baruch Knei-Paz, 1978 **The Social and Political Thought of Leon Trotsky** Brian Knapheis, 1973 **In Defense of Leon Trotsky** David North, 2010 Leon Trotsky & the Post-Soviet School of Historical Falsification David North, 2007 Leon Trotsky 1879-1940 ranks among the greatest and most controversial figures in the political history of the 20th century. During his lifetime he was the target of a vicious campaign of lies orchestrated by the Stalinist regime in the Soviet Union which culminated in the assassination of the exiled revolutionary leader. In this essay David North subjects Robert Service's Trotsky, the latest addition to the post-Soviet School of Historical Falsification to a detailed analysis and critique. Publisher's website

Reflections on the Marxist theory of history Paul Blackledge, 2013-07-19 A decade after Francis Fukuyama announced the End of History, anti-capitalist demonstrators at Seattle and elsewhere have helped reinvigorate the Left with the reply: another world is possible. More than anyone else, it was Marx who showed that slogans such as this were no utopian fantasies and that capitalism was just as much a historical mode of production, no more natural and certainly no less contradictory than were the feudal and slave modes which preceded it. Paul Blackledge opens this study with a defence of the Marxist approach to the study of history against what he argues as being the naive empiricism of traditional historians and the relativism of the postmodernists. He moves on to outline Marx and Engels' analyses of concrete historical processes and their critiques of the alternative historiographic methodologies of their contemporaries. He then discusses neglected historical works produced by Marxists in the half-century or so after Marx and Engels' deaths. Two central chapters survey recent Marxist debates on first the nature of modes of production, including slave, feudal and tributary systems, and the revolutionary transitions between them, and second the methodological debate over the issue of structure and agency in the movement of history. Finally, he shows the political relevance of these debates through a concluding survey of competing Marxist attempts to periodise the present postmodern conjuncture. This book should be read by historians, students of cultural, social and political theory, and anti-capitalist activists.

The Political Thought of Joseph Stalin Erik van Ree, 2003-08-27 This book presents a comprehensive analysis of the political thought of Joseph Stalin. Making full use of the documentation that has recently become available, including Stalin's private library with his handwritten margin notes, the book provides many insights on Stalin and also on western and Russian Marxist intellectual traditions. Overall, the book argues that Stalin's political thought is not primarily indebted to the Russian autocratic tradition but belongs to a tradition of revolutionary patriotism that stretches back through revolutionary Marxism to Jacobin thought in the French Revolution. It makes interesting comparisons between Stalin, Lenin, Bukharin and Trotsky and explains a great deal about the mindset of those brought up in the Stalinist era and about the era's many key problems, including the industrial revolution, foreign socialist cultural policy, Soviet treatment of nationalities, pre-war and Cold War foreign policy, and the purges.

Trotsky, Trotskyism and the Transition

to Socialism Peter Beilharz, 2019-11-19 First published in 1987 Trotskyists have long dominated the revolutionary tradition on the Western left Written from a critical socialist standpoint this book provides an analysis of Trotskyism and argues that Trotskyism is increasingly irrelevant as a means of achieving socialism It argues that as the realisation grows that the revolutionary tradition and the authoritarianism which necessarily result from it are wrong the importance of the problem of the transition to socialism increases It argues that on this point Trotskyism is weak that Trotskyism's proposals for socialist transition are largely rhetorical and that its democratic impulse is weak It supports this argument by showing that Trotsky's philosophy of history implicit in his writings which the author characterises as evolutionary and necessitarian coupled with a failure to grasp the moral basis of the socialist case has a disabling effect on Trotsky's account of the transition to socialism and on his explanation of Stalinism Moreover it argues that Trotsky's intellectual and political heirs have been unable to escape from the contradictions inherent in his thought

Trotsky Geoffrey Swain, 2014-05-22 Without Trotsky there would have been no Bolshevik Revolution but Trotsky was no Bolshevik Providing a full account of Trotsky's role during the Russian Civil War and concentrating on his time as an active participant in Russian revolutionary politics rather than his ideological writings of emigration Swain gives the student a very different picture of the Bolshevik Commissar of War This radically new interpretation of Trotsky's career spanning 1905-1917 incorporates the tense relationship between Trotsky and Lenin until 1917 and pays particular attention to the Russian Civil War and Trotsky's military organisation and contribution to the war Swain argues critically that Trotsky achieved where Lenin would have failed suggesting that Trotsky was in the main part responsible for the Bolshevik Revolution

Trotsky and the Problem of Soviet Bureaucracy Thomas M. Twiss, 2014-05-08 During the twentieth century the problem of post revolutionary bureaucracy emerged as the most pressing theoretical and political concern confronting Marxism No one contributed more to the discussion of this question than Leon Trotsky In Trotsky and the Problem of Soviet Bureaucracy Thomas M Twiss traces the development of Trotsky's thinking on this issue from the first years after the Bolshevik Revolution through the Moscow Trials of the 1930s Throughout he examines how Trotsky's perception of events influenced his theoretical understanding of the problem and how Trotsky's theory reciprocally shaped his analysis of political developments Additionally Twiss notes both strengths and weaknesses of Trotsky's theoretical perspective at each stage in its development

Political Economy and Soviet Socialism (Routledge Revivals) Alec Nove, 2013-02-01 First published in 1979 Political Economy and Soviet Socialism is an integrated selection of papers written over the past 12 years of Russian history which offers a unique insight into some important and controversial issues Professor Nove discusses the ideas of some of the leaders of the Russian revolution Lenin Trotsky and Bukharin the political economy of socialism and the problems of the contemporary USSR The author addresses the role of traditional Russian ideas in shaping the Soviet Union's social structure and the conceptual problems involved in defining its ruling stratum whether or not it is a class He also considers the criteria by which it is reasonable to judge Soviet reality the performance and prospects

of agriculture in communist ruled Europe the ability of the Eastern bloc to tackle problems of inflation and the obstacles to economic reform Looking at the important and original developments of economic thought in the USSR and Eastern Europe Professor Nove dissects the ideas of the new leftists concerning the role of market forces under a feasible socialism These papers offer essential reading for students of politics economics and comparative social structure
