Social Thought Vol 1 The Catholic Tradition:

Entrepreneurship in the Catholic Tradition Anthony Percy, 2010-01-01 Entrepreneurship in the Catholic Tradition is a theological and historical exploration of the treatment of entrepreneurship business and commerce in the teaching of the Roman Catholic Church It presents a fresh and affirming view of free enterprise from the standpoint of a 2000 year old religious tradition that challenges many contemporary assumptions about this subject *Social Catholicism for the Twenty-First Century?--Volume 1* William F. Murphy, 2024-09-12 This first of two volumes introduces the tradition of social Catholicism not only in its earlier realizations but regarding how a contemporary renewal might address the crisis in which constitutional democracies and the postwar liberal order are under assault by populist and even neo fascist movements that could soon usher in a frighteningly dark future unless a broad movement in defense of constitutional democracy quickly arises In this context some of the most influential voices among American Catholics are focused on criticizing liberal democracy on advocating a postliberal order and the establishment of a Catholic integralist state or on insisting that abortion should be the primary sociopolitical concern for Catholics treating these threats to democracy as largely irrelevant This volume shows the rich tradition of social Catholicism and how the Social Doctrine of the Church came to appreciate the key tenets of constitutional democracy As Pope Benedict XVI wrote this social doctrine leads us to take a stand for the common good to take the institutional or political path of charity to be solicitous for the institutions that give structure to the life of society juridically civilly politically and culturally It engages some of the most influential contemporary Catholic thinkers and argues that they too should recognize the grave threats facing the human family and join in working to defend and renew our constitutional democracy *Social Catholicism for the Twenty-First Century?--Volume 1* William F.
