Problematizing Law, Rights, and Childhood in Israel/Palestine Hedi Viterbo, 2021-08-05 In this book Hedi Viterbo radically challenges our picture of law human rights and childhood both in and beyond the Israel Palestine context He reveals how Israel rather than disregarding international law and children's rights has used them to hone and legitimize its violence against Palestinians He exposes the human rights community's complicity in this situation due to its problematic assumptions about childhood its uncritical embrace of international law and its recurring emulation of Israel's security discourse He examines how and to what effect both the state and its critics manufacture shape and weaponize the categories child and adult Bridging disciplinary divides Viterbo analyzes hundreds of previously unexamined sources many of which are not publicly available Bold sophisticated and informative Problematizing Law Rights and Childhood in Israel Palestine provides unique insights into the ever tightening relationship between law children's rights and state violence at both the local and global levels

Contemporary English-Language Indian Children's Literature Michelle Superle, 2011-05-09 Concurrent with increasing scholarly attention toward national children's literatures Contemporary English language Indian Children's Literature explores an emerging body of work that has thus far garnered little serious critical attention Superle critically examines the ways Indian children's writers have represented childhood in relation to the Indian nation Indian cultural identity and Indian girlhood From a

framework of postcolonial and feminist theories children's novels published between 1988 and 2008 in India are compared with those from the United Kingdom and North America from the same period considering the differing ideologies and the current textual constructions of childhood at play in each. Broadly Superle contends that over the past twenty years an aspirational view of childhood has developed in this literature: a view that positions children as powerful participants in the project of enabling positive social transformation. Her main argument, formed after recognizing several overarching thematic and structural patterns in more than one hundred texts, is that the novels comprise an aspirational literature with a transformative agenda: they imagine apparently empowered child characters who perform in diverse ways in the process of successfully creating and shaping the ideal Indian nation, their own well-adjusted bicultural identities in the diaspora, and/or their own empowered girlhoods. Michelle Superle is a Professor in the department of Communications at Okanagan College. She has taught children's literature, composition, and creative writing courses at various Canadian universities and has published articles in *Papers and IRCL*.

Democratizing Luxury Annika A. Culver, 2023-12-31 *Democratizing Luxury* explores the interplay between advertising and consumption in modern Japan by investigating how Japanese companies at key historical moments assigned value or luxury to mass-produced products as an important business model. Japanese name-brand luxury evolved alongside a consumer society emerging in the late nineteenth century with iconic companies whose names became associated with quality and style. At the same time, Western ideas of modernity merged with earlier artisanal ideals to create Japanese connotations of luxury for readily accessible products. Businesses manufactured items at all price points to increase consumer attainability while starkly curtailing production for limited editions to augment desirability. Between the late nineteenth and twenty-first centuries, control over family disposable income transformed Japanese middle-class women into an important market. Growth of purchasing power among women corresponded with Japanese goods diffusing throughout the empire and globally after the Asia-Pacific War, 1931-1945. This book offers case studies that examine affordable luxury consumer items often advertised to women, including drinks, beauty products, fashion, and timepieces. Japanese companies have capitalized on affordable luxury since a flourishing domestic mercantile economy began in the Tokugawa period, 1603-1868, showcasing brand-name shops, renowned artisans, and mass-produced woodblock prints by famous artists. In the late nineteenth century, personalized service expanded within department stores like Mitsukoshi, Shiseido, cosmetic counters, and designer boutiques. Shiseido now globally markets invented traditions of *omotenashi*, Japanese values of hospitality expressed in purchasing and consuming its products. In postwar times, when a thriving democracy and middle class were tied to greater disposable income and consumerism, companies rebuilt a growing consumer base among cautious shoppers, democratizing luxury at reasonable prices and maintaining business patterns of accessibility, high quality, and exemplary service. Nationalism amid economic success soon blended with myths of unique Japanese identity in a mass consumer society suffused by commodity fetishism with widely available brand names. As the first comprehensive history of

iconic Japanese name brands and their unique connotations of luxury and accessibility in modern Japan and elsewhere Democratizing Luxury explores company histories and reveals strategies that lead customers to consume these alluring commodities

The Autonomous Child Ivar Frønes, 2015-10-14 The social sciences offer a variety of theories on how children develop and various theories and disciplines apply their own vocabularies and conceptualise different aspects of the processes of socialization This book looks at the theorizing of socialization in sociology anthropology psychology in the life course approach and as the interplay of genetics and environmental factors It analyses the dominant perspectives and viewpoints within each discipline and field and shows how the various theories and disciplines apply their own vocabularies and conceptualise different aspects of the processes of socialization It argues that socialization does not represent a fixed trajectory into a static social order and that different disciplines meet the challenges of complex developmental processes and changing environments in different ways Socialization is a fundamental concept in sociology but sociology has only to a limited degree sought to produce a coherent understanding of the processes of socialization which has to encompass the interplay of societal psychological and genetic factors This book draws the threads together and by doing so offers a general framework for our understanding of the socialization process At the centre of this process is the child as a subject in an interplay with the patterns and significant others of the micro environment as well as with the macro conditions of the modern knowledge based economies

School Uniforms and the Disciplining of Appearances Inés Dussel, 2001

A Home from Home? Claudia Soares, 2023 A pioneering study of children s social care in the late nineteenth and early twentieth centuries A Home From Home presents new information and develops conceptual thinking about the history of children s care by investigating the centrality of key ideas about home family and nurture that shaped welfare provision Departing from narratives of reform and discipline which have dominated scholarship and drawing on material culture and social history approaches as well as the extensive archives of the Waifs and Strays Society Claudia Soares provides a new type of study of social care by offering a bottom up study of children s welfare and studying the significance of specific types of care practices

that held particular cultural and ideological meaning At its core the book uses unique first hand accounts individual case records and personal correspondence of children in care in Britain to locate the voices and subjectivities of institutionalised children and their families within the voluntary welfare system between 1870 and 1920 In doing so it uncovers the real lives experiences and attitudes of the children and their families and offers a timely new approach to understanding the history of children s social care **The Routledge Handbook of LGBTQ Identity in Organizations and Society** Julie A.
