Sociological Research Methods Martin Bulmer, 1977 Introductory textbook examining four social research methodologies focuses on the relationship between research methods social theorising and epistemology in sociology considers the use of surveys and interviews in social research and discusses the concept of the cohort individuals of the same age in the study of social change etc Bibliography pp 338 to 363 diagrams and references

Sociology and Social Research (RLE Social Theory) Geoff Payne, Robert Dingwall, Judy Payne, Mick Carter, 2014-08-21 A social science which has become so remote from the society which pays for its upkeep is ultimately doomed threatened less by repression than by intellectual contempt and financial

neglect This is the message of the authors of this book in this reassessment of the evolution and present state of British sociology Their investigation analyses the discipline as a social institution whose product is inexorably shaped by the everyday circumstances of its producers it is the concrete outcome of people s work rather than a body of abstract ideas Drawing upon their varied experience as teachers and researchers they identify three major trends in contemporary sociology First that the discipline s rapid expansion has led to a retreat from rigorous research into Utopian and introspective theorising Second that the concept of sociological research is being taught in a totally false way because of this and encourages research within a wholly academic environment Third that the current unpopularity of sociology with academics prospective students and politicians is no coincidence but a reflection of the conditions under which sociology is now produced and practised In *Sociology and Social Research* the authors suggest substantial changes in sociological research the way in which it is carried out and the conditions under which it is undertaken Their book is a timely warning to fellow sociologists when the profession is under attack as a result of public expenditure cuts

Sociological Research and Urban Children and Youth Rachel Berman,Patrizia Albanese,Xiaobei Chen,2023-10-02 Recognizing the potential research with and about young people can have in decision making on multiple levels of policy and service provision this book provides a key foundation for considering the influence of urban environments on young people and vice versa
