The Buckland Gypsy Fortune Telling Deck:

Gypsy Fortune Telling Tarot Kit Raymond Buckland, 1998-07-01 Now you can tell fortunes just as the Gypsies have done for hundreds of years when you use Ray Buckland's Gypsy Fortune Telling Tarot Deck. The Gypsies have always been associated with the Tarot and may even have been the group that introduced them to Europe over 600 years ago. Ray Buckland, famous for his works on Witchcraft, is from a Gypsy Romani family and reveals the secrets of Gypsy fortune telling with this deck and forty-eight page booklet. Although the traditional Tarot deck with its Major and Minor Arcana totalling seventy-eight cards was used by Gypsies, such decks were often hard to obtain. Thus many Gypsies altered standard decks of playing cards to use for Tarot readings. This deck is based upon the one Ray Buckland's grandmother used. The cards are the size of a deck of playing cards so they are easier to carry than other decks. The twenty-two cards of the Major Arcana are numbered starting with one and have images from Gypsy life, usually involving the vardo or Gypsy wagon. The booklet not only gives the meaning of the symbols but also the way the cards should be interpreted. The Minor Arcana cards look like a regular deck of playing cards but the aces each have a different vardo on them and there are four face cards in each suit. The people on them are typical Gypsies. Again the booklet explains the way to interpret the cards. The booklet includes a full ten Tarot spreads that you can use, some published here for the first time. If you are interested in Gypsies or the Tarot, you must have this deck.

The Committee Raymond Buckland, 1994-02 In The Committee, world-famous author Raymond Buckland brings his writing talents to the world of fiction for a rip-roaring tale of espionage, parapsychology, and an attempt to conquer the U.S. The Cold War may be over for most of us, but what if there were some die-hard believers in their cause who won't let the Cold War end? What if their weapons range from the leading edge of high-tech destruction to the ancient powers of the mind? That is exactly what takes place in this exciting novel. In the world of The Committee, the Cold War is in full swing and the weapons of power include astral projection and psychokinesis. The battleground is on the earth, in space, and on the astral plane. The prize for this war is the very future of the United States. It begins with just a slight irregularity. Stopping a satellite launch is not unusual, but when two routine communications satellite launches are aborted for no reason, the government does something very secretive: it forms the Committee, a team of psychic experts to find out what caused the missions to be halted. As this group of talented people from around the nation begins what would become the supernatural adventure of a lifetime, they discover a plan by incredibly powerful psychics under the control of an evil dictator to control the U.S. Unfortunately, they have only days to stop the coup. Can this group of strangers drawn together for a common cause defeat the most powerful enemy ever? There is but one chance, and that is to defeat them at their own game, but is there enough time? Surprise follows surprise in this incredible modern-day thriller. Get The Committee and read it soon.

the legendary witches brews We know from Shakespeare and other sources that the Witches threw into their pots the most gruesome ingredients right There were things like the tongue of a snake bloody fingers catgut donkey s eyes frog s foot goat s beard a Jew s ear mouse tail snake head swine snout wolf s foot and so on Pretty disgusting by the sound of it if you take them at face value In fact these were all the most innocuous of ingredients normal plants and herbs Today all plants have a Latin name so that they may be distinct and positively identified Yet years ago they were known only by common local names A plant or herb might be known by one name in one part of the country and a quite different name in another part of the country And these names were colorful ones frequently given to the plant because of its looks color or other attributes In the above list adder s tongue was a name given to the dogtooth violet *Erythronium americanum* bloody fingers was the foxglove *Digitalis purpurea* catgut was the hoary pea *Tephrosia virginiana* donkey s eyes were the seeds of the cowage plant *Mucuna pruriens* frog s foot was the bulbous buttercup *Ranunculus bulbosus* goat s beard was the vegetable oyster *Tragopogon porrofolius* Jew s ear was a fungus that grew on elder trees and elm trees *Peziza auricula* mouse tail was common stonecrop *Sedum acre* snake head was balmony *Chelone glabra* swine snout was the dandelion *Taraxacum dens leonis* and wolf s foot was bugle weed *Lycopus virginicus* So the seemingly fearsome concoctions that the Witches mixed up in their cauldrons were nothing more than simple herbs going into a cookpot
