The Calamities Of Jane:

Calamity Jane D. J. Herda, 2018-04-15 Young Martha Jane Cannary began life as a camp follower and street urchin Parentless by the age of twelve she morphed into the mother of two who just as often took employment as a waitress laundress or dance hall girl as she did an Indian scout or bullwhacker Just as likely to wear a dress as she was buckskins she was impossible to ignore no matter what she wore particularly after she had a few drinks And she shamelessly parlayed into a legend the aura of fame that Edward L Wheeler s dime novels crafted around her Perhaps most amazing of all in an era where women had few options in life Calamity Jane had the audacity to carve them out for herself The gun toting tough talking hard drinking woman was all Western America come to life Flowing across the untamed small towns and empty spaces of South Dakota Wyoming and Montana like the wild running rivers of the American West she helped create the legend of Calamity Jane from scratch Part carnie barker part actor part sexually alluring siren part drunken lout she was all of these and much more *The Calamities of Jane* Alan MacClyde, 1971* *Calamity* Karen Jones, 2020-02-04 A fascinating new account of the life and legend of the Wild West s most notorious woman Calamity Jane Martha Jane Canary popularly known as Calamity Jane was the pistol packing rootin tootin lady wildcat of the American West Brave and resourceful she held her own with the men of America s most colorful era and became a celebrity both in her own right and through her association with the likes of Wild Bill Hickok and Buffalo Bill Cody In this engaging account Karen Jones takes a fresh look at the story of this iconic frontierswoman She pieces together what is known of Canary s life and shows how a rough and itinerant lifestyle paved the way for the scattergun alcohol fueled heroics that dominated Canary s career Spanning Canary s rise from humble origins to her role as heroine of the plains and the embellishment of her image over subsequent decades Jones shows her to be feisty eccentric transgressive and very much complicit in the making of the myth that was Calamity Jane [The Second Amendment and Gun Control](#) Kevin Yuill, Joe Street, 2017-09-14 The Second Amendment by far the most controversial amendment to the US Constitution will soon celebrate its 225th anniversary Yet despite the amount of ink spilled over this controversy the debate continues on into the 21st century Initially written with a view towards protecting the nascent nation from more powerful enemies and preventing the tyranny experienced during the final years of British rule the Second Amendment has since become central to discussions about the balance between security and freedom It features in election contests and informs cultural discussions about race and gender This book seeks to broaden the discussion It situates discussion about gun controls within contemporary debates about citizenship culture philosophy and foreign policy as well as in the more familiar terrain of politics and history It features experts on the Constitution as well as chapters discussing the symbolic importance of Annie Oakley the role of firearms in race and filmic representations of armed Hispanic girl gangs It asks about the morality of gun controls and of not imposing them The collection presents a balanced view between those who favour more gun controls and those who would prefer fewer of them It is infused with the belief that

through honest and open debate the often bitter cultural divide on the Second Amendment can be overcome and real progress made. It contains a diverse range of perspectives including uniquely a European perspective on this most American of issues.

Deadwood Watson Parker, 1981-01-01 Chronicles Deadwood South Dakota a typical American frontier and gold rush town especially the volatile years 1875-1925

The Old West in Fact and Film Jeremy Agnew, 2012-11-15 For many years movie audiences have carried on a love affair with the American West believing Westerns are escapist entertainment of the best kind harkening back to the days of the frontier. This work compares the reality of the Old West to its portrayal in movies taking an historical approach to its consideration of the cowboys, Indians, gunmen, lawmen and others who populated the Old West in real life and on the silver screen. Starting with the Westerns of the early 1900s it follows the evolution in look, style and content as the films matured from short vignettes of good versus bad into modern plots.

The Rim of Space A. Bertram Chandler, 2015-11-26 Derek Calver touches down on Lorn and is determined to join the Rim Runners to explore desolate planets. He joins the crew of Lorn Lady and sets forth for Mellise inhabited by intelligent amphibians, for Groller where the natives have just qualified as humanoids, for Stree with its tea-loving lizards and for Tharn home of a pre-industrial civilization.
