The Cardinal A Retrospective 1936 1991:

The Cardinal, 1991-12-01 **The Catholic Periodical and Literature Index**, 2007 *Biography and Genealogy Master Index*, 1991-95 Cumulation Neil MC, 1994-12 **Modern China and the West** Hsiao-yen PENG, Isabelle Rabut, 2014-04-30 In *Modern China and the West Translation and Cultural Mediation* the authors investigate the significant role translation plays in the act of cultural mediation They pay attention to transnational organizations that bring about cross cultural interactions as well as regulating authorities in the form of both nation states and ideologies which dictate what and even how to translate Under such circumstances is there room for individual translators or mediators to exercise their free will To what extent are they allowed to do so The authors see translation as a shaping force While intending to shape or reshape certain concepts through the translating act translators and cultural actors need to negotiate among multifarious institutional powers that coexist including traditional and foreign Contributors include Fran oise Kreissler Angel Pino Shan Te hsing Nicolai Volland Joyce C H Liu Huang Ko wu Isabelle Rabut Xiaomei Chen Zhang Yinde Peng Hsiao yen Sebastian Hsien hao Liao and Pin chia Feng **The 1930s** Jean Clair, Pierre Théberge, 2008 On the heels of the Roaring Twenties the 1930s which spanned from the economic crisis of 1929 to the outbreak of the Second World War was a dark decade Beyond similiar governmental mechanisms these regimes shared an ideology the will to create what they called the New Man This decade began with a more or less innocent dream of the theme of the original egg germination the harmonious growth of a fabric both biological and social but ended with the nightmarish discovery of the corpses in the concentration camps by the armies of liberation in 1945 **BOOK JACKET** *The Risk in Risk Management* Gregory B Vit, 2013-06-07 Banks take very large risks by consistently herding in the same perilous directions while believing they are safe and unique This book presents a risk management framework to understand conformity and deviance within investment banks and other large organizations It suggests that some groups understand the dynamics of this conformity to their advantage This requires a deeper understanding of the risk in risk management Fraudsters can game the system to their advantage legally and illegally therefore risk managers must understand the interplay of multiple logics in order to govern and manage risk Featuring short illustrative cases of massive risk mismanagement this book walks the reader through four risk management perspectives economic institutional evolutionary and contrarian that explain why and how economic rationality is overridden by social forces By understanding conformity and deviance groups within organizations will be better equipped to manage risk and go against the tides of conformity to their advantage **Art Index Retrospective**, 1995 St. Joseph's College Kenneth Munro, 2015-12-02 When Archbishop Henry O Leary became the second archbishop of Edmonton in 1920 he had a dream to build a western Canada Catholic college that would educate students in the Christian intellectual tradition This is the story of how a small Roman Catholic institution confronted daunting challenges to become a Christian beacon of enlightenment at the very heart of the secular University of Alberta Scholarship and community life in residence was always supplemented with

teaching from the Christian Ministry Team to form Christian citizens who would go out into the world to serve the larger community following graduation In 1963 the Congregation of St Basil took over the administration of the College from the Christian Brothers de la Salle who had administered the College from its founding in 1926 Since its establishment almost ninety years ago the College has continued to provide young men and women with post secondary courses grounded in Roman Catholic thought while pursuing their undergraduate degrees at the University of Alberta Initially a residence was built for men but O Leary s dream of also constructing a women s residence never died and was finally realized in 2015 Faced with slender means misunderstandings student mischief and personality clashes the mission of St Joseph s College has guided faculty administrators staff and Board members throughout its history and melded them into a close knit community whose example is the envy of other units at the University of Alberta

The Church, the State and the Fenian Threat 1861-75 O. Rafferty, 1999-04-11 This book examines the mechanisms of the Irish revolutionary Fenian Brotherhood in the early years of its existence Drawing on a wide range of material from places as diverse as Rome and Toronto it seeks to set the Fenian struggle within the context of competing church and state influence in mid nineteenth century Irish society It is particularly strong on the transatlantic comparative dimensions of church state and Fenian activity and demonstrates how the Fenians managed to change forever the terms of Irish political and social debate
