

The Buddhist Consciousness

Mark Siderits

The Buddhist Consciousness:

The Buddhist Consciousness C. W. Leadbeater, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. *The Buddhist Theory of Self-Cognition* Zhihua Yao, 2012-09-10 This highly original work explores the concept of self-awareness or self-consciousness in Buddhist thought. Its central thesis is that the Buddhist theory of self-cognition originated in a soteriological discussion of omniscience among the Mahasamghikas and then evolved into a topic of epistemological inquiry among the Yogacarins. To illustrate this central theme, this book explores a large body of primary sources in Chinese, Pali, Sanskrit and Tibetan, most of which are presented to an English readership for the first time. It makes available important resources for the study of the Buddhist philosophy of mind. **Intuitionist Consciousness** Francesca Arundale, 1916 *LIGHT ON THE PATH* Charles Leadbeater, Annie Besant, This book is merely a record of talks by Mr Charles W Leadbeater and myself on three famous books, small in size but great in contents. We both hope that they will prove useful to aspirants and even to those above that stage, since the talkers were older than the listeners and had more experience in the life of discipleship. The talks were not given at one place only; we chatted to our friends at different times and places, chiefly at Adyar, London and Sydney. A vast quantity of notes were taken by the listeners. All that were available of these were collected and arranged. They were then condensed and repetitions were eliminated. Unhappily, there were found to be very few notes on *The Voice of the Silence*. Fragment I, so we have utilized notes made at a class held by our good colleague Mr Ernest Wood in Sydney and incorporated these into Bishop Leadbeater's talks in that section. No notes of my own talks on this book were available, though I have spoken much upon it; those talks are not recoverable. None of these talks have been published before, except some of Bishop Leadbeater's addresses to selected students on *At the Feet of the Master*. A book entitled *Talks on At the Feet of the Master* was published a few years ago, containing imperfect reports of some of these talks of his. That book will not be reprinted; the essential material in it finds its place here, carefully condensed and edited. May this book help some of our younger brothers to understand more of these priceless teachings. The more they are studied and lived, the more will be found in them. *The Buddha's Teachings As Philosophy* Mark Siderits, 2022-11-03 A shorter and less technical treatment of its subject than the author's acclaimed *Buddhism As Philosophy*, second edition, Hackett 2021. Mark Siderits's *The Buddha's Teachings As Philosophy* explores three different systems of thought that arose from core claims of the Buddha. By detailing and critically examining key arguments made by the Buddha and developed by later Buddhist philosophers, Siderits investigates the Buddha's teachings as philosophy: a set of claims, in this case, about the nature of the world and our place in it, supported by rational argumentation and here developed with a variety of systematic results. *The Buddha's Teachings As*

Philosophy will be especially useful to students of philosophy religious studies and comparative religion to anyone in fact encountering Buddhist philosophy for the first time

Business and Buddhism Joan Marques, 2015-03-12 Business and Buddhism explores alternative ways of leading in the aftermath of the Great Recession and the many stories of fraud and greed that emerged The book explores shifts in business perspectives as more value is placed on soft skills like emotional intelligence and listening and introduces the reader to the principles in Buddhist philosophy that can be applied in the workplace Buddhist practices are increasingly understood as spiritual rather than religious per se In fact Buddhism is alternately referred to as a philosophy or psychology In this book Marques explores the value of applying the positive psychology of Buddhism to work settings She outlines the ways in which it offers highly effective solutions to addressing important management and organizational behavior related issues but also flags up critical areas for caution For example Buddhism is non confrontational and promotes detachment How can business leaders negotiate these principles in light of the demands of modern day pressures The book includes end of chapter questions to promote reflection and critical thinking and examples of Buddhist leaders in action It will prove a captivating read for students of organizational behavior management leadership diversity and ethics as well as business consultants

For Buddhism, For Sentient Beings The Buddhist Practice of Tzu Chi's Missions 2023-07-01 Introduction The Straight Path of Bodhi and the Translucent Sphere of Lazuli In the forty nine years of the Buddha's lectures he first gave a wide range of expedient dharma teachings in order to use the water of the Dharma to cleanse sentient beings of their delusion and worries After forty two years of teaching expedient Dharma he turned to lecture The Lotus Sutra Threefold Lotus Sutra in order to teach the Bodhisattva Dharma pointing out the true meaning of the Bodhisattva's heart and actions as the foundation of Buddhahood The Lotus Sutra Threefold Lotus Sutra consists of The Sutra of Innumerable Meanings The Sutra of the Lotus Flower of the Wonderful Law and The Sutra of Meditation on the Bodhisattva Universal Virtue Within these the essence lies in The Sutra of Innumerable Meanings where it instructs sentient beings to study the virtues and to understand the state of mind of the Buddhas and Bodhisattvas and details the incomparable good deeds manifested by the Great Vow For over 55 years under the leadership of Dharma Master Cheng Yen the members of Tzu Chi have followed the teachings of The Sutra of Innumerable Meanings to hear the voices of the people who are suffering to help them realize enlightenment to observe deeply and practice widely to benefit all sentient beings and promote the Four Missions all around the mundane world At a time when the human mind is perverted the world is in chaos the environment is being destroyed the climate is changing the resources are being depleted and the ecology is unbalanced Where war is frequent epidemics are rampant and the survival and civilization of mankind are facing serious crisis it is the mission of Tzu Chi to inspire the altruistic mind of people to promote pure love and to spread the true meaning of Buddhism to the people In accordance with the teaching of the Dharma Master Cheng Yen that the Buddha's teachings should be life oriented and the Bodhisattva should be humanized the sign

language musical Purity Great Love Innumerable Meanings interpreted from the classics of The Sutra of Innumerable Meanings was premiered at the Tzu Chi 41st Anniversary Conference in 2007 at Hualien s Jing Si Hall followed by a touring performance at home and abroad This allowed the public to understand the expedient Dharma teachings through audiovisuals and to realize the auspiciousness of the Dharma meaning and to receive the nourishment of the Dharma rain and the blessing of the Dharma medicine so as to enlighten one s heart and purify the body Practicing the dharma teachings to purify the hearts of people harmonize the society and pray for the elimination of disasters in the world As the author of this book I was fortunate to participate in eight performances of the play During the rehearsals I was first struck by the flow of the lyrics the majesty of the momentum the boundless profound spirit of the Dharma Gradually I was able to delve deeper into the meaning of sutra understand the integration of the sutra and musical and absorb the meanings of the sutra and thus realizing the Buddha is really the Great Enlightened One of the universe the One who speaks as he does the One who speaks truthfully and the One who does not lie In the verses of The Sutra of Innumerable Meanings it explains Infinity originates from one and One begets infinity and infinity originates from one as the true cosmic reality and state of life What may have seemed unbelievable and absurd at that time after 2 500 years of time and evolution has proven to be very much in line with modern astronomy cosmology physics relativity quantum theory evolution biology chemistry and medicine and the direction of practice directed by the Buddha is also the correct path to final emancipation What is even more admirable is that Dharma Master Cheng Yen has followed the teachings of Venerable Master Yin Shun of for Buddhism for sentient beings and has continued to practice the teachings of The Sutra of Innumerable Meanings thoroughly encouraging her disciples to apply their vital energies to practice the spirit of compassion and great love and practice the human realm Bodhisattva path through the concrete actions of the Four Missions and Eight Endeavors Not only does he open the Buddha s vision for sentient beings show the Buddha s vision realize the Buddha s vision and enter the Buddha s vision but also practices the Buddha s vision Moved by the Master the author of this book published One Seed to Infinite in 2009 with the aim of presenting the modern interpretation of The Sutra of Innumerable Meanings The Prelude of Purity Great Love and Innumerable Meanings states Vast is the universe life comes and goes such is life s natural course no need to be astounded Contemplate upon this carefully with a tranquil mind we begin to realize life is impermanent and transient the life of today can change bringing a different tomorrow It combines and interprets the magnificence and vastness of the universe and the sorrows and joys of life perfectly In response to this prelude the Dharma Master Cheng Yen said Every flower grass and tree in the world is constantly undergoing metamorphosis Everything is originally nothing existence is created through the conditions of convergent cause and predestined effect All things are formed from predestinations They are born from each other following the principle of complementary and interdependency of everything in the universe and they are constantly going through the natural cycle of forming living falling and vanishing This is an excellent interpretation of the reality of the

universe and natural phenomena stated in the verses all actions are impermanent and all Dharmas have no self in The Three Universal Truths Emptiness is not nothingness but all possibilities The ultimate reality is emptiness but cannot exist apart from the phenomena of existence Schrödinger a master of quantum mechanics proved that both light and particles have wave particle duality and when we observe them they will be concentrated at one point and appear as particles but when they are not observed they will expand in space in the form of waves Particles are not constant entities but transient phenomena that are sometimes linked together to create the illusion of an eternal body The starting phrase of the Virtues Chapter is Bodhisattvas are wise beings with great compassion their minds are tranquil ever abiding in meditation peaceful free of desires and are immune from any kind of delusion or wrong thoughts Eternal Stillness which is in line with The Three Universal Truths states to practice according to the Dharma is to train the mind to transcend the realm of all actions are impermanent and all Dharma has no self and to enter the profound dharma realm of no birth no death no constant no difference no coming and no going emptiness and to realize the eternal truth of permanence bliss true self purity based on the impermanence from birth to death The statement our mind is clear and translucent and our vows are as vast as the endless void and conviction is unwavering for countless eons is the realization of the meaning of righteousness or the true meaning from the permanence bliss true self purity which refers to the absolute truth of the ultimate reality The innumerable dharma paths all of which become clear to us and the attainment of great wisdom and penetrating the true nature of all things is the realization of the secular meaning or the worldly meaning from the mundane world which refers to the relative truth of the mundane world The ultimate truth and the worldly truth are two truths that are two sides of one coin The former is to investigate the truth of things from the perspective of the ultimate while the latter is to gain insight into the interdependent phenomena of the mundane world from the perspective of the relative truth Jing Si is a profound observation of the Dharma lineage with the essence of Praj the ultimate meaning as the body while Tzu Chi is a wide practice of the sect with the essence of great compassion without attachments the worldly meaning as the application Jing Si and Tzu Chi can be said to be the perfect combination of Weber's social concept of value rational and instrumental action The integration of the absolute and relative truths that is the fusion of emptiness and wisdom is the so called buddha nature or Tathagata nature the essence of the Buddhahood All sentient beings have the potential to become Buddhas but they are unable to manifest it due to delusion Here are four kinds of sentient beings namely there are those born from eggs those born from wombs those born from moisture those born of transformation and there are also differences between those with form those without form those with thought and those without thought From each condition effect formed by the cause of each the realm karma is created and the cause is stored to recycle back to the cause of the reincarnation From there it explains the condition to create karma which then returns the cycle back to cause Buddhism widely explains the various phenomena of birth and death in the universe and in life as well as the principles of karma and retribution guiding sentient beings to follow and harness these

principles to improve oneself transform their external environment create good karma and create a sustainable civilization It is paradoxical that at a time when increasingly sophisticated science is proving the profound subtlety and vastness of the Buddha's teachings many Buddhist sutras are being misinterpreted misunderstood and misrepresented resulting in distortions and misrepresentations that do not reflect the Buddha's original intent True Mahayana Buddhism is active in the world If a society is without right and wrong without justice without order and without compassion and if it only adapts to the external surroundings through internal dharma practice it is not only the degradation of human beings but also the incompetence of religion Things often have unexpected and unimaginable outcome For example when the silkworms spit out silk they never thought they would create the Silk Road As the same for the Dharma Master when she fled her home she never thought she would create a global Tzu Chi family Tzu Chi started with just the Master from one thought one life of boundless compassion and now fifty five years later its footprints have spanned across five continents four oceans and over one hundred countries Believing in people's love and people's selflessness the Dharma Master's heart gives boundless acceptance and never wavers or change in his fortitude and seizes time and lets no second slip by Treating each second like the last second as the start of a new second and when it passes one tiny barrier is overcome allowing each new obstacle to be tackled The author has followed the Dharma Master's teaching for 30 years and feels that the Master has been mindfulness of the body mindfulness of emotions mindfulness of the mind and mindfulness of the dharma and follows that one's mind should not abide anywhere as stated in The Diamond Sutra Vajracchedik Prajaparamita Sutra One who practices charity dāna without any attachments is like a man with open eyes who can see everything in the sunshine and that's fundamentally how the world of Tzu Chi becomes one on which the sun never sets The secret to the success in normal business organizations is to have the right people do the right thing and do the thing right The Master's vow is to help and transform all sentient beings with compassion taken across sentient beings universally Using Nature as an example he will not abandon the small streams or the tiny water drops hoping that even those who are not the right people can become the right people and join the sea of Buddhist merit It's not easy for a Buddhist monk to push a person one inch closer to Buddhahood and likewise the leadership of a volunteer force is far more challenging than that of a business enterprise The self-oriented state of mind of a Hinayana Smaller Vehicle disciple is the lonely smoke of the desert is straight the sunset of the Yangtze River is round while the compassionate vow of a Mahayana Greater Vehicle disciple is the Straight Path of Bodhi and the Translucent Sphere of Lazuli The Dharma Master can be said to be a great leader who has the ability to take sentient beings to places where they do not necessarily want to go but where they should be from one being to the next so that the will of all can transform the vision of truth She leads the people of Tzu Chi from all around the world to follow the teachings of the Chapters of Virtue Expounding preaching the Dharma and Ten Merits of The Sutra of Innumerable Meanings and to practice infinite righteousness in the Sah world The finale of the musical Purity Great Love Innumerable Meanings states We see that all life

will come to an end as coming together and parting is the way of nature and a thousand year old pine will grow old while still standing up to the wind and rain The power of kindness in us is unlimited boundless The power of Dharma can affect marvelous things Our vows and perseverance can create miracles and faith will give us courage to realize our aspirations Turn the spark of inspiration into lasting Great Love We can bring joy and benefit to all living beings and pass on the light of wisdom Compassion is continuously being born in the universe and kindness and goodness will open up to us a different path With Great Love and immeasurable compassion with a tranquil mind of purity unwavering vows and reverence for the law we shall practice the Bodhisattva Way in Jambudviipa Here Jambudviipa in Buddhist sutras refers to our current planet Life from birth to death on the surface is an overlap of physiological actions and consciousness during the lifespan but in reality it is a reorganization of the fundamental particles and atoms of the dust of the universe over tens of billions of years as well as the memory of the Earth's biological history recorded in DNA for nearly 4 billion years After passing away the physical body will disintegrate and return to the lifeless matter of the universe without coming or going without birth or death Life is very difficult and extremely precious As man is the soul of the universe we must think about the four questions of human life Why do we live the purpose of life Why are we born as human beings the essence of life What is life the phenomenon of life and Why live the meaning of life The power of human learning and creativity has led to technological progress and material civilization allowing for the maximization of the productivity of goods and services Our political systems and economic systems are designed to endlessly expand human desires and exploit the Earth's resources indefinitely The cost of such a successful model is environmental collapse disaster wealth inequality war pestilence and refugees and the Mother Earth we depend on becoming unrecognizable and overburdened Today's material civilization is built on multiple connections of globalization technology industrialization and division of labor However these connections are very fragile and unstable and once the environment changes or mutual trust disappears the advantageous system can take a sharp turn for the worse becoming uncontrollable and irreversible Only by unlocking the wisdom and compassion of each individual by developing the perseverance and courage of each individual can we turn the tide and create the opportunity for sustainable human development We must completely change the ecology and mentality of production and consumption from a habit of over consumption of materials and energy to a simpler life with less desire and more contentment and we must also have a more long term consensus to eliminate the flaws hidden in the system that are not conducive to sustainable development During the bad times and end of times the Master constantly reminds us that In this great era of ours we must know right from wrong In times of great disaster we must nurture great compassion In times of great delusion we must give rise to great wisdom In times of great turmoil we must practice great repentance Mah y na Buddhism is the unification of mind and matter centered on mind From the vast universe to the smallest particle of dust all are concrete laws of dharmas that are manifested by the mind alone In 2003 at Jing Si Hall Dharma Master Yin Shun encouraged the Tzu Chi people Meditate on all

the Buddhas of the entire universe and understand that all matter is created by the mind alone When the old monk first saw the mountain as a mountain he saw the false appearance of conditions that is illusion appears from the consciousness When he saw the mountain as a mountain he realized the empty appearance of emptiness as emptiness is only name When he saw the mountain as a mountain he realized the truth of all things arise from conditions but are empty in nature and the only true and constant is the mind This book was written in February of 2020 and was finished on May 10 of the same year the Buddha's Birthday which was exactly 100 days in duration It was also the author's 100 days of mindfulness where he learned and understood more about the wisdom of Buddhism and Tzu Chi's deep vision and wide practice The author was born in the postwar baby boom and has lived through the agricultural industrial knowledge and information eras as well as through the time of Martial Law lifting of Martial Law the Cold War and the Post Cold War era He has followed in the footsteps of the Dharma Master for over thirty years Although limited in ability and space this book hopes to describe briefly in the Dharma Master's compassionate vow to do everything in his life for Buddhism and for all sentient beings and to lead people of Tzu Chi to practice compassion to heal the world It was also during these 100 days that the coronavirus was spreading and infecting the world The microscopic nano virus was able to parasitize causing humans who believe themselves to be the soul of the universe to lockdown entire cities and countries It is a reminder that human beings must understand their limitations and fragility respect life more face heaven and earth with humility and be more reverent to nature However when Taiwan and the world faced various natural and man made disasters Tzu Chi bodhisattvas in their blue and white uniforms immediately descended from the sky and emerged from the earth being the first and staying until the last This has become their routine as volunteers and doing what is expected has become their standard If you breathe well you will forget the existence of breathing and if your shoes fit you will forget the existence of shoes When looking at the Six Missions of Tzu Chi it is a culmination of many people's infinite vows to volunteer both financially and physically without any complaints on one's own initiative There is seeing confusion illusion and thinking confusion temptation for common people and dust miniscule confusion for bodhisattvas The Dharma Master always encourages the disciples to face adversity and frustration without anger or depression and to learn patience in the face of humiliating words and have an unwavering heart when faced with wind and storm The world is a place of cultivation We must put equal emphasis on interpretation and action the integration of the governing principles and the dual operation of compassion and wisdom it is as the saying states on the top of a hundred foot pole keep on progressing Then the ten directions of the Universe become clear A Western scholar who visited Tzu Chi was so moved that he wanted me to use one word to describe Tzu Chi The word I gave him was Nowhere which I separated into two levels of meaning The words Now here can mean in the present moment the body is empty expressing the deep view of the Jing Si Dharma lineage and Nowhere can also mean being ubiquitous being endless expressing the extensive practice of the Tzu Chi sect of Buddhism Tzu Chi's assistance in the Japanese Tohoku Earthquake impressed Ida's Laboratory

at Kyoto University They were so moved by the altruistic compassion of a Buddhist group and its compassionate commitment to the world as well as the power of organization and mobilization that they sent a research team to cover the event Before leaving they gave me a letter from Kyoto University asking me to write down What is Tzu Chi as a basis for their team s research I wrote Tzu Chi Compassionate Relief for the World and defined it with four lifetimes A lifetime of immeasurable compassion a lifetime of hearing and practicing all the teachings a lifetime of unwavering faith and a lifetime journey without regrets Transmitting the Jing Si Dharma Lineage Advancing the Tzu Chi School of Buddhism we are grateful for the compassion and wisdom of Dharma Master Cheng Yen and all the Tzu Chi people around the world who uphold the principle for Buddhism and for all sentient beings to make this book possible The six chapters of this book describe how Tzu Chi s four main missions of charity health care education and culture communication as well as the practice of Buddhist teachings and scriptures in the world of today s sentient beings are being carried out through the practice of the sacrifice and charity and environmental protection The writer is not vastly knowledgeable in Buddhism nor is he a sociologist and thus if there are any inadequacies or omissions we hope for all the knowledgeable advisors to advise and correct

The Buddhist World John Powers,2015-10-05 The Buddhist World joins a series of books on the world s great religions and cultures offering a lively and up to date survey of Buddhist studies for students and scholars alike It explores regional varieties of Buddhism and core topics including buddha nature ritual and pilgrimage In addition to historical and geo political views of Buddhism the volume features thematic chapters on philosophical concepts such as ethics as well as social constructs and categories such as community and family The book also addresses lived Buddhism in its many forms examining the ways in which modernity is reshaping traditional structures ancient doctrines and cosmological beliefs

Hindu and Buddhist Ideas in Dialogue Irina Kuznetsova,Jonardon Ganeri,Chakravarthi Ram-Prasad,2016-04-22 The debates between various Buddhist and Hindu philosophical systems about the existence definition and nature of self occupy a central place in the history of Indian philosophy and religion These debates concern various issues what self means whether the self can be said to exist at all arguments that can substantiate any position on this question how the ordinary reality of individual persons can be explained and the consequences of each position At a time when comparable issues are at the forefront of contemporary Western philosophy in both analytic and continental traditions as well as in their interaction these classical and medieval Indian debates widen and globalise such discussions This book brings to a wider audience the sophisticated range of positions held by various systems of thought in classical India

The Buddhist Philosophy of Universal Flux Satkari Mookerjee,1997 A systematic and clear presentation of the philosophy of critical Realism as expounded by Dignaga and his school The work is divided into two parts arranged into 26 chapters Part I discusses the Nature of Existence Logical Difficulties Theory of Causation Universals Doctrine of Apoha Theory of Soul and Problem of After life Part II deals with the Organic and Inorganic Perception Inference and Negative Judgement The two parts bound in one volume deal also with many subsidiary topics
