The Buried Treasure Of Maine:

The Buried Treasures of Maine C. J. Stevens, 1997 *Pirates and Lost Treasure of Coastal Maine* Greg Latimer, 2020-06-15 The little known history of the pirates who roamed Maine's rocky coast and remote islands and what they left behind Maine has never been regarded as a pirate haven but only because witnesses were few and far between With a rugged coast and more than four thousand offshore islands Maine's dark waters attracted sea raiders like Dixie Bull from the 1600s through colonial times Pirate treasure still awaits discovery in Phippsburg and Machias and pirate deceit prompted a massacre in ancient Fort Loyall The infamous Captain Kidd may have prowled the waters off Deer Isle while farther down the coast a woman and a bloodthirsty band of cutthroats lured ships to disaster at Isles of Shoals In this colorful history featuring reenactment photos and other illustrations award winning investigative journalist Greg Latimer separates historical fact from fiction and leads readers on an adventure through the state's foggy and treacherous past Shipwrecks, Pirates and Treasure in Maine Ted Burbank, 2013-07-30 Shipwrecks Shipwrecks and the rocky coast of Maine are almost synonymous Thousands of ships and their crews have met their end in the icy cold waters of the Maine coast We have listed hundred of shipwrecks from Kittery to Quoddy Light and tell the stories of many It is therefore quite natural to expect a book titled Shipwrecks on the Maine Coast It is less likely however to see a title such as Pirates and Treasure in Maine It is not usual to associate pirates with Maine pirates were in the warm Caribbean not in the foggy cold waters of Maine or were they We have chronicled for you the many pirates famous and not so famous that have plied the coast of Maine for centuries Who were the pirates of Maine Why were they here What might they have left behind and why Treasure Tales of where the pirates have buried their loot and places where some of it has been found are told in these pages Has all the treasure been found Gold Silver and Jewels were not only buried by pirates but by merchants farmers and others all over Maine Why Because banks and other institutions were either not available or not trusted There's gold in them there streams Yes gold and valuable gems can be found in some of Maine's many streams and other locations You may be surprised how accessible the valuable deposits are We tell you where you might begin your search and find your own treasure *Maine's Unsolved Mysteries (And Their "Solutions")* Carole Marsh, 1994 Buried Treasures of New England W. C. Jameson, 1998 Discusses buried treasures located in New England describing the types of treasures and attempts to retrieve them **Lost Mines and Treasure Tales of New England** Ivan Herring, 2018-05-04 This book contains 127 stories of Lost Mines and Treasurers in New England covering the States of Connecticut Maine Massachusetts New Hampshire New York Rhode Island and Vermont Many of the stories concern treasurers buried by the French British Indians and Colonial settlers during the many wars that rocked the area in the 18th and 19th centuries I have also included a few stories from early newspapers on the Treasure of Oak Island which discuss the early history of the site It seems that interest has been revived in the area by a Television Show which has run for five seasons seeking the treasure believed to be there At the end of 2017 they actually found a piece of

16th century jewelry containing a faceted Rhodonite Garnet and a lead cross and a few pieces of hardware I found the data for this book while doing research on old mines for my series of books Mines of the American West The Lost Mines and Treasurers were identified from articles in early American newspapers and other sources considered reliable Where possible for those lost treasures still to be found I have tried to tie them to modern mines or areas and include some background data on such areas In doing this some of them seemed to fall short in the area of fact and logic The reader should understand that this is a collection of data from old and new publications and not a focused specifically on the effort to find the specific properties although some research especially from a logic standpoint has been done If the reader can glean critical information from these original articles and the limited research that allows or helps him or her to locate a lost mine or lost treasure I wish him or her well and leave it to them to reap the rewards The print version of this book has been produced in the 8 1/2 X 11 format to keep the price low If done in 6 X 9 or smaller the book would be 2 or 3 times as many pages in length and would cost substantially more to increased on demand print costs These seem to be heavily influenced by the total number of pages While this may be one of the seeming drawbacks to on demand printing the benefit of on demand printing is that specialty books such as this are now practical to publish where the target market may be relatively small and minimal returns to the author are acceptable

10 Treasure Legends! Maine J. Hutton Pulitzer, 2014-02-05 Is Treasure really out there A resounding YES Over 14 trillion dollars of it Then why is Treasure Hunting considered to be a dirty word and said in hushed tones Why does so much of society not want people hunting for Lost Treasures and Treasure Legends The reasoning is simple Many people DO NOT want to see other people successful and rich beyond their wildest dreams But now more than ever Treasure after Lost Treasure is being recovered Thanks to better technology better research tools and that good ol American Spirit and Determination 10 Treasure Legends is a simple book series One book for each State in the United States The 10 Treasure Legends inside this work are legends of buried or lost treasure and fortunes If you are willing to separate fact from fiction who knows You might be the one to find them and make history These Treasure Legends have been around a long time and time after time people have wanted to or claimed to go after them but the truth is they are still lost and out there for someone like you to find Not a lot of technical how to or educational mumbo jumbo in this series only the legends as best as the legends can be retold But there are some tools included should you get excited and decide to research investigate and either prove or disprove these Treasure Legends for yourself Go Treasure and Lost History Hunting with COMMANDER Hutton Pulitzer of ExpeditionHistory org and TreasureForce The World s Foremost History Expedition and Terrestrial Treasure Recovery Team and COMMANDER plans and manages missions all around the globe TreasureForce combines historical re enactments and forensic research with the most advanced tools and instruments in the world to locate and recover famous Lost Treasures and to either prove or disprove various Treasure Legends As an Inventor Commander Pulitzer is globally one of the foremost Inventors in modern times recognized as one of the Top 50 Inventors in the World and as an
