The Burning Of The Boyd A Saga Of Culture Clash:

The Burning of the 'Boyd' Wade Doak,2009 In 1968 divers Wade Doak and Kelly Tarlton explored and salvaged the wreck of the Boyd burnt to the waterline with its crew and passengers killed in Whangaroa Harbour in 1809 **Outcasts of the Gods?** Hazel Petrie,2015-09-25 Us Maoris used to practice slavery just like them poor Negroes had to endure in America says Beth Heke in *Once Were Warriors* Oh those evil colonials who destroyed Maori culture by ending slavery and cannibalism while increasing the life expectancy wrote one sarcastic blogger So was Maori slavery just like the experience of Africans in the Americas and were British missionaries or colonial administrators responsible for ending the practice What was the nature of freedom and unfreedom in Maori society and how did that intersect with the perceptions of British colonists and the anti slavery movement A meticulously researched book *Outcasts of the Gods* looks closely at a huge variety of evidence to answer these questions analyzing bondage and freedom in traditional Maori society the role of economics and mana in shaping captivity and how the arrival of colonists and new trade opportunities transformed Maori society and the place of captives within it

Hellhole of the Pacific Richard Wolfe,2008-06-02 In the 1830s Kororareka was known as the hell hole of the Pacific Whalers sealers escaped convicts seamen traders and adventurers descended upon this small cove in the Bay of Islands and the oldest profession in the world abounded At one stage the town was said to be harbouring a greater number of rogues than any other spot of equal size in the universe Some whaling captains steered clear fearing they'd lose their crews But was Kororareka actually a hell hole How wild was it really In this absorbing book on one of the most lively periods in New Zealand history Richard Wolfe asks new questions confronts existing myths and comes up with some fascinating answers **Wesleyan Perspectives on Human Flourishing** Dean G. Smith,Rob A. Fringer,2021-11-12 Human

flourishing is an ever expanding concept that crosses geographic ethnic cultural and religious lines as persons both individually and corporately seek to find happiness fulfillment and purpose This book brings together well established and burgeoning Wesleyan scholars to consider not only John and Charles Wesley's understanding of human flourishing but the broader Wesleyan perspectives on contemporary issues such as calling creation care healthcare education technological enhancements death and dying and more Throughout these chapters the complexities and challenges of life both past and present are explored and grappled with and we are reminded over and over again that God is the ultimate source of flourishing

Whipscars and Tattoos Geoffrey Sanborn,2011-02-09 In this original study Geoffrey Sanborn presents a fresh interpretation of the villainous Magua in James Fenimore Cooper's *The Last of the Mohicans* 1826 and of the dignified harpooner Queequeg in Herman Melville's *Moby Dick* 1851 Through careful historical research Sanborn has determined that both authors relied heavily on contemporary accounts of the indigenous natives of New Zealand the Maori to develop their iconic characters Cooper drew heavily on the account of Te Aara in John Liddiard Nicholas's *Narrative of a Voyage to New Zealand* 1817 while Melville studied the personal history of Te Pahi Kupe in George Lillie Craik's *The New Zealanders* 1830

to flesh out his characterization of Queequeg A close reading of the historical evidence and the source material supports this compelling line of argumentation At the same time this isn't a simple source study nor an act of explanatory historical recovery The conception of the Maori is sophisticated and paradoxical a portrait of violent but nonetheless idealized masculinity in which dignity depends on the existence of fiercely defiant pride This lens allows Sanborn to present a radically different view of these fictional characters as well as underscoring the imaginative projection that went into reporting on the Maori themselves Magua is no longer a stereotypical bad Indian or ignoble savage but rather a non white gentleman an argument that supports Sanborn's contention that throughout his career Cooper prioritizes status equivalence over racial difference Queequeg is similarly reimagined a move that allows Sanborn to explicate scenes in Moby Dick that are often dodged by other critics because they do not fit with the standard interpretations of the character The study as a whole provides a vivid example of the fascinating interplay between fiction and non fiction in the nineteenth century

Before Hobson Tony Simpson, 2015-03-02 Using previously unpublished sources from the United States social historian Tony Simpson explores what lies behind New Zealand's founding document the Treaty of Waitangi by plunging us vividly into the world of the early nineteenth century prevalent world views the British governments of the day the trading and whaling economy of the South Pacific evangelical missionary activity and influence and the financial communities in London and Sydney In this fascinating journey we come to some surprising conclusions about the Treaty of Waitangi itself
