reported Six friends visit the fort some out of curiosity and some out of compulsion What happens inside the fort will haunt the ghosts for eternity Stories that are uninhibited by the constraints of grammar by the considerations of syntactic propriety by the rigidities of morals and messages is a dream destination We believe that a story belongs more to a reader than its writer We have tried our best to refrain ourselves from force feeding the reader with matters that are too peripheral to matter in spite of the many temptations to do so and have made naive attempts to act as facilitators and allow the reader to paint his own environs and at times draw his own conclusions This book is more a sincere than a scholarly attempt to do this
