Now in this unprecedented book, he's partnering with bestselling author Maryann Karinch to demonstrate what you and your organization can learn from how the CIA does business. Filled with fascinating and instructive examples from CIA operations and the business world, Business Confidential offers insights into the Agency's extraordinary screening, testing, and training practices, methods for supporting employee retention, creative and agile problem-solving strategies, and methods for establishing mission-focused outcomes. You'll learn skills like how to build trust, communicate clearly, work as a team, make tough decisions, succeed in both friendly and hostile territory, and sometimes cut your losses.
