The Calendar Of Fearn Text And Additions 14711667:

The Calendar of Fearn Robin J. Adam, 1991 *The Premonstratensian Order in Late Medieval England* Joseph A. Gribbin, 2001 Detailed study of monastic life of the English white canons based on 15c visitation records *Portmahomack* Carver Martin Carver, 2016-02-26 Portmahomack today is a serene fishing village on the Dornoch Firth north east Scotland where archaeological excavations have written a new history of the origins of Scotland This book brings alive the expedition and its discoveries most famously a monastery of the eighth century in the land of the Picts Starting from chance finds of a Pictish carved stone in St Colman s churchyard the archaeologists unearthed four settlements one on top of the other An elite farm was succeeded by the Pictish monastery which following a Viking raid in AD800 became a trading place and then a medieval village Scientific analysis shows at each stage where the people came from their life style and what they ate Together it creates a story of the heroic adaptation of a European nation to new politics between the sixth and sixteenth century The Picts were the outstanding sculptors of their day producing carved stone monuments equal to anything being made in contemporary Europe They were Britons who resisted the Romans invaders and created their own warrior nation in the north east of the island Coming under pressure from the Scots and the Norse they disappeared from history in the ninth century AD Now archaeology is finding them again This massively updated new edition follows eight years intensive research on the huge assemblage of artefacts human bone animal bone and plant remains that were recovered This has revealed a world of high mobility rich in ideas and constantly changing its political orientation in a greater European context *The Lordship of the Isles*, 2014-07-31 In *The Lordship of the Isles* twelve specialists offer new insights on the rise and fall of the MacDonalds of Islay and the greatest Gaelic lordship of later medieval Scotland Portrayed most often as either the independently minded last great patrons of Scottish Gaelic culture or as dangerous rivals to the Stewart kings for mastery of Scotland this collection navigates through such opposed perspectives to re examine the politics culture society and connections of Highland and Hebridean Scotland from the fourteenth to sixteenth centuries It delivers a compelling account of a land and people caught literally and figuratively between two worlds those of the Atlantic and mainland Scotland and of Gaelic and Anglophone culture Contributors are David Caldwell Sonja Cameron Alastair Campbell Alison Cathcart Colin Martin Tom McNeill Lachlan Nicholson Richard Oram Michael Penman Alasdair Ross Geoffrey Stell and Sarah Thomas

Images of Medieval Sanctity Debra Higgs Strickland, 2007-08-31 Assembled on the occasion of Gary Dickson s retirement from the University of Edinburgh following a distinguished career as an internationally acclaimed scholar of medieval social and religious history this volume contains contributions by both established and newer scholars inspired by Dickson s particular interests in medieval popular religion including religious enthusiasm Together the essays comprise a comprehensive and rich investigation of the idea of sanctity and its many medieval manifestations across time fifth through fifteenth centuries and in different geographical locations England Scotland France Italy the Low Countries By approaching

the theme of sanctity from multiple disciplinary perspectives this highly original collection pushes forward current academic thinking about medieval hagiography iconography social history women s studies and architectural history Sacred Signs in Reformation Scotland Stephen Mark Holmes,2015-10-01 Sacred Signs in Reformation Scotland is the first study of how public worship was interpreted in Renaissance Scotland and offers a radically new way of understanding the Scottish Reformation It first defines the history and method of liturgical interpretation using the methods of medieval Biblical exegesis to explain worship then shows why it was central to medieval and early modern Western European religious culture The rest of the book uses Scotland as a case study for a multidisciplinary investigation of the place of liturgical interpretation in this culture Stephen Mark Holmes uses the methods of book history to discover the place of liturgical interpretation in education sermons and pastoral practice and also investigates its impact on material culture especially church buildings and furnishings A study of books and their owners reveals networks of clergy in Scotland committed to the liturgy and Catholic reform especially the Aberdeen liturgists Holmes corrects current scholarship by showing that their influence lasted beyond 1560 and suggests that they created the distinctive religious culture of North East Scotland later a centre of Catholic recusancy Episcopalianism and Jacobitism The final two chapters investigate what happened to liturgical interpretation in Scottish religious culture after the Protestant Reformation of 1559 60 showing that while it declined in importance in Catholic circles a Reformed Protestant version of liturgical interpretation was created and flourished which used exactly the same method to produce both an interpretation of the Reformed sacramental rites and an anti commentary on Catholic liturgy The book demonstrates an important continuity across the Reformation divide arguing that the Scottish Reformation is best seen as both Catholic and Protestant with the reformers on both sides having more in common than they or subsequent historians have allowed *The Reign of James VI* Julian Goodare,Michael Lynch,2000-01-11 The reign of James VI 1567 1625 remains one of the most enigmatic in Scottish history There are long periods within it that resemble black holes in our knowledge This study is a concerted attempt by a group of ten scholars of the reign drawn from three different disciplines to shed light on its politics and government viewed through various perspectives These include the royal court which is analysed through its literature architecture and ceremony noble factionalism relations with England a revised model of tensions between church and state and the relationship between the government and the Highlands the Borders and the south west a future region of opposition to Charles I This study also analyses James as a literary author correspondent husband and universal king The book offers alternatives to accepted views of the reign dismissing both Melvillianism and laissez faire monarchy as useful tools It sees the centre of politics as the interaction between an expanded and increasingly expensive royal court and a phenomenal growth of the state based on a huge increase in legislation and the business of the Privy Council **The Bonny Earl of Murray** Edward D. Ives,1997 The murder of the popular Earle of Moray in 1592 near Edinburgh was the stuff of which legends are made This inviting volume explores that legend relates details of the Huntly

Moray Catholic Protestant feud and traces the ballad of the slain Bonny Earl through its four centuries of growth and change A romp A fine book that will be welcomed by literature students folklorists and those interested in Scottish history Roger D Abrahams author of Singing the Master The Emergence of African American Culture in the Plantation South A graceful and gripping account by a scholar whose love of scholarship music and teaching is obvious throughout Marta Weigle coeditor of The Great Southwest of the Fred Harvey Company and the Santa Fe Railroad The Campbells, 1250-1513 Stephen Boardman, 2019-08-08 If not perhaps the most popular Highland clan the Campbells are undoubtedly one of the most successful The Campbell earls of Argyll have traditionally enjoyed a rather unsavoury historical reputation viewed by their rivals with a mixture of fear envy and respect The spectacular advance of Campbell power in the medieval Scottish kingdom has normally been explained in terms of the family's ruthless and duplicitous suppression of their fellow Gaels in Argyll and the Hebrides at the behest of the Scottish crown In particular Clan Campbell's success is seen to be built on the destruction of older and more prestigious regional lordships in the west such as those of the MacDougall lords of Argyll and the MacDonald lords of the Isles This book reassesses these negative images and interpretations of the growth of Campbell authority from the thirteenth century and the opening of the Wars of Independence through to the death of Archibald 2nd earl of Argyll at the Battle of Flodden in 1513 The lords who dominated the medieval Clan Campbell emerge more as individuals enjoying complex and ambiguous relationships with the Scottish crown and the culture and politics of Gaelic speaking Scotland rather than as unquestioning agents of the Stewart monarchy and committed converts to the aristocratic culture of lowland Scotland **The Renaissance in Scotland** A.A. MacDonald, Michael Lynch, Ian B. Cowan, 1994-08-01 The Renaissance in Scotland is a collection of original essays on a wide range of topics concerning the cultural history of Scotland The period concerned extends from the late fifteenth through to the early seventeenth century The individual studies take various aspects of culture as their starting points literature the history of manuscripts and printed books libraries the law the universities music education social political and ecclesiastical history The essays however all take full account of the larger context provided by the age of humanism and reform as this was manifested in Scotland The Renaissance in Scotland contains an abundance of new information and offers many challenging new insights and interpretations It will be of interest to all those concerned with the cultural and intellectual history of Scotland and of northern Europe in general Contributors include Peter W Asplin Priscilla Bawcutt T A Birrell Alexander Broadie Ian B Cowan I C Cunningham Mark Dilworth Robert Donaldson Kenneth Elliott William Gillies Theo van Heijnsbergen Brian Hillyard James Kirk Mark Loughlin Michael Lynch A A MacDonald Leslie J Macfarlane Hector MacQueen Sally Mapstone Stephen Rawles Allan White and Michael Yellowlees
