Snow Shadows:

Winter Shadows Margaret Buffie, 2012-09-11 It is the winter of 1856 and Beatrice Alexander has just returned from Upper Canada to her home on the Red River in what is now Manitoba Her father's new wife is threatened by Beatrice and is driving a wedge into the family Five generations later in the same house Christmas promises to be a miserable time Cass's mother died of cancer and her father has remarried a woman with an attitude that's very hard to take Miraculously when Cass discovers the star brooch belonging to Beatrice her visions lead her to Beatrice's diary Is she really able to communicate with Beatrice across time or is it all in her imagination Margaret Buffie's great skill as a storyteller creates a splendid engaging novel that offers readers a rich combination of fine history suspenseful shifts in time and unforgettable characters

Color and Light in Nature David K. Lynch, William Charles Livingston, 2001-06-11 We live in a world of optical marvels from the commonplace but beautiful rainbow to the rare and eerie superior mirage But how many of us really understand how a rainbow is formed why the setting sun is red and flattened or even why the sky at night is not absolutely black This beautiful and informative guide provides clear explanations to all naturally occurring optical phenomena seen with the naked eye including shadows halos water optics mirages and a host of other spectacles Separating myth from reality it outlines the basic principles involved and supports them with many figures and references A wealth of rare and spectacular photographs many in full color illustrate the phenomena throughout In this new edition of the highly acclaimed guide to seeing photographing and understanding nature's optical delights the authors have added over 50 new images and provided new material on experiments you can try yourself

Art of Acrylic Painting Walter Foster Creative Team,2005-09-01 This inspiring instructional book combines projects from some of our most popular How to Draw and Paint and Artist s Library series titles into one handy volume The Art of Acrylic Painting is a comprehensive collection that features the work of many accomplished artists so you will be exposed to a variety of styles and learn a number of ways to approach this versatile medium This beautiful full color reference book delves into essential information about acrylic tools and techniques and it contains a wide variety of step by step painting lessons featuring a range of subjects from stunning still lifes and charming street scenes to engaging animal portraits and everything in between Inside you ll find all the information and inspiration you need to begin creating your own original paintings in acrylic Photo-era ,1916 **Goethe's Theory of Colours** Johann Wolfgang von Goethe,1840 This work by Johann Wolfgang von Goethe 1749 1832 was translated into English in 1840 by Sir Charles Eastlake 1793 1865 painter and later keeper of the National Gallery Goethe s 1810 work was rejected by many contemporary scientists because it appeared to contradict the physical laws laid down by Newton However its focus on the human perception of the colour spectrum as opposed to the observable optical phenomenon was attractive to and influential upon artists and philosophers As Eastlake says in his preface the work s dismissal on scientific grounds had caused a well arranged mass of observations and experiments many of which are important and interesting to be overlooked Eastlake also puts Goethe s work into its aesthetic

and scientific context and describes its original reception His clear translation of Goethe's observations and experiments on colour and light will appeal to anyone interested in our responses to art *Goethe's Theory of colours, tr. with notes by C.L.
