Congress. Senate. Committee on the Judiciary. Subcommittee on Patents, Trademarks, and Copyrights,1956 Considers legislation to authorize Commerce Dept s National Inventors Council to make awards for inventive contributions to national defense Also considers creation of a DOD Inventive Contributions Awards Board to recommend such awards **The Inventor's Companion** Ariel Tachna,2011-03-11 Gabriel Blackstone s world is divided quite clearly into castes everyone knows their place and abides by it As an inventor in the merchant caste his life is predictable in its routine until the night his best friends and assistants Caleb and Andrew purchase the time and body of a companion for his birthday As an activist in the Caste Equality movement everything Gabriel believes in tells him to refuse the gift but then he meets Lucio The beautiful and alluring companion is far more than the vapid courtesan he d expected and he can t get the man out of his mind After that night Gabriel tells himself to forget about Lucio but a chance meeting at a ball makes it clear neither of them is willing to ignore the compelling chemistry between them It will take all their combined trust and cunning plus the help of a wily aristocrat and a plucky political activist to overcome the challenges of infidelity abuse and social stigma that lay along their road however Gabriel knows it will all be worth it if at the end of the day he can call Lucio his own **From Underestimated to Unstoppable** Ashley Lamb-Sinclair,2022-10-05 In K 12 education your job title or place of work should not prevent you from offering unique insights and pathways for creating change You have a voice Working in education today is to continually be on the precipice of change However far too many educators don t recognize the power they have to control and shape that change into what s best for students Individual contributions create collective change and you are an integral part of the change inevitably happening around you With that in mind Ashley Lamb Sinclair invites you to identify and examine your personal leadership style or change archetype which includes what motivates you how you respond to adversity how you position yourself in the larger story how you help move that story forward and how you deal with the unexpected How do you create change You might be a Diplomat if you build relationships and value fairness and integrity Champion if you are passionate about a cause and advocate for people and ideals Creative if you approach things through novelty and ingenuity Storyteller if you are thoughtful attentive to details and a clear communicator Inventor if you are a forward thinker who operates through free experimentation Sage if you are perceptive insightful and persuasive Investigator if you have an analytical curiosity ask probing questions and conduct thorough research Guardian if you have compassion for and are drawn to nurture and protect others Many schools tend to ignore or underestimate the powerful catalysts for change that exist in their buildings Don t let the change story continue without its most vital character you Find the lightning bolts of lasting change only you can wield Become unstoppable

The Total Inventor's Manual Sean Michael Ragan, 2017-01-10 This comprehensive guide from the editors of Popular Science covers everything a new inventor needs to know from starting out to running a start up. Contrary to popular opinion, you don't have to be an ace electrician or a coding prodigy to develop your own game-changing invention. All you need is curiosity, a desire to fix a common problem, and the determination to see your ideas become reality. And it won't hurt to have this book handy: a volume full of vital tips, skills, and strategies that will take you from zero to inventor. Everyone knows about Bill Gates or Steve Jobs, but in *The Total Inventor's Manual*, you'll also learn from the examples of those intrepid inventors who gave us the first home pregnancy test, the Super Soaker, the Roomba, the digital camera, and many other products that have changed the world. Here, you will learn to turn your vision into a reality with a crash course in ideation, prototyping, and testing, including lessons in 3D printing, coding, robotics, and more. You'll discover funding strategies that range from running a Kickstarter campaign to making a venture capital pitch, plus tips on manufacturing, supply chains, marketing, and running or selling your new company.
