Published ten times annually, *JazzTimes* provides uncompromising coverage of the American jazz scene.

So, You Want to Lead a Jazz Band? Here's One Way to Do It Roger Schueler, 1992 *So You Want to Sing Jazz* Jan Shapiro, 2015-12-17 Since the 1930s and 40s jazz has stood tall in American popular music, drawing into its embrace not only great horn players, percussionists, guitarists, bassists, and pianists, but also some of the greatest singers in America's musical history. Jazz has laid the groundwork for important innovations in modern singing, opening up entirely new ways of delivering songs through what would eventually become jazz standards, songs that formed the basis of the American Songbook. In *So You Want to Sing Jazz*, singer and professor of voice Jan Shapiro gives a guided tour through the art and science of the jazz vocal style. Throughout, Shapiro hones in on what makes jazz singing distinctive, suggesting along the way how other types of singers can make use of jazz. She looks at such key matters in jazz singing as the role of improvisation, the place of specific singers who influenced and even defined vocal jazz as we know it today, and the unique way in which jazz incorporates vibrato, conversational delivery, rhythmic phrasing, and melodic embellishment and improvisation. The book includes guest-authored chapters by singing voice researchers Dr. Scott McCoy and Dr. Wendy LeBorgne. In *So You Want to Sing Jazz*, singers and voice teachers finally have the go-to resource they need for singing vocal jazz. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, *So You Want to Sing Jazz* features online supplemental material on the NATS website. I Drum, Therefore I Am Gareth Dylan Smith, 2016-05-13 Despite their central role in many forms of music making drummers have been largely neglected in the scholarly literature on music and education But kit drummers are increasingly difficult to ignore While exponents of the drum kit are frequently mocked in popular culture they are also widely acknowledged to be central to the musical success and aesthetic appeal of any musical ensemble in which they are found Drummers are also making their presence felt in music education with increasing opportunities to learn their craft in formal contexts Drawing on data collected from in depth interviews and questionnaires Gareth Dylan Smith explores the identities practices and learning of teenage and adult kit drummers in and around London As a London based drummer and teacher of drummers Smith uses his own identity as

participant researcher to inform and interpret other drummers accounts of their experiences Drummers learn in multi modal ways usually with a keen awareness of exemplars of their art and craft The world of kit drumming is highly masculine which presents opportunities and challenges to drummers of both sexes Smith proposes a new model of the Snowball Self which incorporates the constructs of identity realization learning realization meta identities and contextual identities Kit drummers identities practices and learning are found to be intertwined as drummers exist in a web of interdependence Drummers drum therefore they are they do and they learn in a rich tapestry of means and contexts **The Youth's Companion Combined**
