Publishing in Tsarist Russia Yukiko

Tatsumi,Taro Tsurumi,2020-02-20 According to Benedict Anderson the rapid expansion of print media during the late 1700s popularised national history and standardised national languages thus helping create nation states and national identities at the expense of the old empires Publishing in Tsarist Russia challenges this theory and by examining the history of Russian publishing through a transnational lens reveals how the popular press played an important and complex Imperial role while providing a soft infrastructure which the subjects could access to change Imperial order As this volume convincingly argues this is because the Russian language at this time was a lingua franca it crossed borders and boundaries reaching speakers of varying nationalities Russian publications then were able to effectively operate within the structure of Imperialism but as a public space they went beyond the control of the Tsar and ethnic Russians This exciting international team of scholars provide a much needed fresh take on the history of Russian publishing and contribute significantly to our understanding of print media language and empire from the 18th to 20th centuries Publishing in Tsarist Russia is therefore a vital resource for scholars of Russian history comparative nationalism and publishing studies

The Reception of David Hume In Europe Peter Jones,2005-01-01 The intellectual scope and cultural impact of British writers cannot be assessed without reference to their European fortunes These essays prepared by an international team of scholars critics and translators record the ways in which David Hume has been translated evaluated and emulated in different national and linguistic areas of Europe This is the first collection of essays to consider how and where Hume's works were initially understood throughout Europe They reflect on how early European responses to Hume relied on available French translations and concentrated on his Political Discourses and his History and how later German translations enabled professional philosophers to discuss his more abstract ideas Also explored is the idea that continental readers were not able to judge the accuracy of the translations they read nor did many consider the contexts in which Hume was writing rather they were intent on using what they read for their own purposes *Poetics of the Text* British

From Peasant to Patriarch Ioann Shusherin, 2007-04-26 Nikon 1605 1681 patriarch of Moscow and all Russia is best known for imposing the religious reforms that ultimately led to the schism of the Russian Orthodox Church Yet only the Account of Birth Life and Upbringing of His Holiness Nikon Patriarch of Moscow and All Russia 1680s comes close to immortalizing the vicissitudes of Nikon's entire life Written by Ioann Shusherin's d 1693 the patriarch's protégé and confidant the Account presents Nikon as he appeared to his contemporary supporters The biography chronicles Nikon's steady rise through the ecclesiastical ranks dramatic downfall and extraordinary rehabilitation While discussing Nikonian religious reforms the Account focuses on Nikon's relationship with the Romanov royal family and his monastery building program especially the early history of the New Jerusalem Monastery and its main sanctuary the Church of the Resurrection This unique narrative features rare eyewitness accounts of momentous and daily life during a period of unprecedented political religious and social change in Russia *From Peasant to Patriarch* is the first English language translation of the Account Dr Kevin Kain and Dr Katia Levintova offer extensive commentary parallel texts and a glossary of Russian terms that contribute to the depth of this text *From Peasant to Patriarch* opens new doors to the study of Russian history religion and culture A HISTORY OF MODERN RUSSIA Robert Service, 2013-02-04 Russia had an extraordinary twentieth century undergoing upheaval and transformation Updating his acclaimed *History of Modern Russia* Robert Service provides a panoramic perspective on a country whose Soviet past encompassed revolution civil war mass terror and two world wars He shows how seven decades of communist rule which penetrated every aspect of Soviet life continue to influence Russia today This new edition takes the story from 2002 through the entire presidency of Vladimir Putin to the election of his successor Dmitri Medvedev **Kniga o skudosti i bogatstve i drugie sochineniya** Ivan Tikhonovich Pososhkov, 1951 Russian Baptists and Orthodoxy, 1960-1990 Constantine Prokhorov, 2014-01-14 Russian Baptists and the Orthodox Church have had a difficult and at times dramatic relationship over the past century and a half However the purpose of this thesis is to examine certain internal connections between these two Christian bodies Despite the evident dissimilarity in theology church practice and traditions there is common ground which has been largely unexplored A number of features inevitably brought them together such as living in the same country over a long period of time sharing a history and national roots responding to the same civic concerns and finally until recently using the same Russian Synodal translation of the Bible This thesis explores first of all the roots of the issue of Orthodox Baptist similarities and dissimilarities in the nineteenth century The remainder of the thesis focuses on 1960 to 1990 There is a chapter analyzing the way in which in significant areas Russian Baptist theology resembled Orthodox thinking This is followed by a study of church and sacraments which again shows that Russian Baptist approaches had echoes of Orthodoxy The thesis then explores Baptist liturgy showing the Orthodox elements that were present The same connections are then explored in the area of Russian Baptist communal spiritual traditions The

examination of the Bible beliefs and behaviour also indicates the extent to which Russian Baptists mirrored Orthodoxy Finally there is an analysis of the popular piety of the Russian Baptists and the way in which they constructed an alternative culture The basic views of Russian Baptists between the 1960s and 1990 have been drawn from periodicals of the Russian Baptist communities and from interviews with pastors presbyters and church members who were part of these communities This often yields insights into primary theology which in relation to many issues differs from official Baptist declarations that tend to stress the more Protestant aspects of Russian Baptist life The aim of the thesis is to show that in a period in the history of the USSR when the division between the Western world and the Soviet bloc was marked there was a strong Eastern orientation among Russian Baptists This changed when the USSR came to an end Over a number of years there was mass emigration of Russian Baptists and in addition pro Western thinking gained considerable ground within the Russian Baptist community During the period examined here however it is possible to uncover a great deal of evidence of Russian Baptists participating in Orthodox theology spiritual mentality and culture
