Case Studies for Inclusion in Education Keith Storey, 2020-07-20 This book responds to a critical need for highly qualified personnel who will become exemplary professionals in inclusive education for students with disabilities because of their advanced knowledge skills and experiences in working with students with varying disabilities It will serve as a guide for teachers teachers in training and other service providers to engage in understanding and analyzing inclusion to help prepare them for how they can best teach and serve all students including those with a disability These case studies provide a guide for analyzing real life situations and will help readers to become a better teacher and service provider Too often the inclusion planning process only looks at a few areas and not a comprehensive analysis of skill and support needs This book provides the framework for analyzing these areas It is written in a non technical style and provides case study examples and guides for assisting readers in analyzing and understanding appropriate supports and interventions

for inclusion Readers will appreciate the provision of a system for teachers teachers in training and others school psychologists behavior specialists classroom assistants etc to analyze inclusion and to understand how supports and instruction can be used to best educate students with disabilities The exploration of inclusion needs to be situated within a context which in this book is the use of the case studies for understanding and analysis An advantage of this book is that universities school districts and organizations preparing teachers can easily use it in courses or trainings that address inclusive education as the case studies comprehensively cover methodology and issues that represent best practices and evidence based methods in this area Those who are already teachers or other support providers will find the case studies to be practical and helpful for increasing their skills in applied settings *Auditory Disorders in the Classroom* Alan

Gertner,2021-02-01 This book will provide school personnel with functional information and the necessary academic tools to manage the instructional needs of children with auditory disorders either peripheral hearing loss or auditory processing disorders Treatment strategies to help mitigate the detrimental effects of hearing disorders in the classroom are explored including the classroom conditions and barriers that impact children The book emphasizes the responsibility of educational personnel to recognize and identify the presence of an auditory deficit Signature topics include 1 classroom acoustics and the negative impact of noise reverberation and the signal to noise ratio 2 language development and hearing loss with an overview of the general trajectory of speech and language development 3 the importance of a team approach for aiding deaf and hard of hearing children including independent function work community contributions and support groups 4 auditory processing disorders and the assessment of APD intervention within environmental classroom modifications teacher modifications direct therapeutic intervention and neuroauditory training 5 the psychology of hearing loss in children and adolescents plus early detection of emotional issues that co exists and impacts school performance and 6 educational law including an overview of Section 504 the IDEA and the implementation of either the 504 Plan or the IEP and the knowledge that all children with disabilities are entitled to a FAPE The strategies and discussions in this comprehensive resource will be of special interest to speech language pathologists educational audiologists teachers for children with hearing loss and early intervention service providers and social workers **When You Can't Believe Your Eyes** Hannah Fairbairn,2019-07-05

This book was first projected in 2004 when Author Hannah Fairbairn was teaching interpersonal skills at the Carroll Center for the Blind in Newton Massachusetts The experiences of her adult students and her own experience of sight lost convinced her that everyone losing vision needs access to good information about the process of adjustment to losing sight and practical ways to use assertive speech When You Can t Believe Your Eyes is intended for anyone going through vision loss their friends and families It will inform readers how to get expert professional help face the trauma of loss and navigate the world using speech more than sight Each of the twelve chapters in the book contain many short sections and bullet point lists intended to facilitate access to the right information It begins where you begin at the doctor s office or the hospital Since vision loss

takes many forms there are suggestions for questions you might ask to get a clear diagnosis and the best treatment Part One also has a description of legal blindness and possible prevention advice about your job and tips for life at home Part Two is about believing in yourself as you deal with the loss the anger and the fear before you come up for air and consider training Parts Three and Four describe using assertive speech and action in all kinds of settings as your independence and confidence increase Part Five gives detailed information about everything from dating and caring for babies to senior living volunteering and retaining your job It is hoped that by reading and trying out the suggestions the reader will recover full confidence become a positive assertive communicator and lead a satisfying life Because vision loss happens mostly in older years the book is written with seniors particularly in mind Professionals will also find it to be a useful resource for their patients
