

Social Capital And European Democracy

Raffaella Y. Nanetti, Catalina Holguin

Social Capital And European Democracy:

Social Capital and European Democracy Marco Maraffi, Kenneth Newton, Jan Van Deth, Paul Whiteley, 2008-08-28 Very good editors and contributors all well known Hot topic Truly comparative study within Europe and US Broad geographical coverage of European countries

Social Capital and Sport Governance in Europe Margaret Groeneveld, Barrie Houlihan, Fabien Ohl, 2010-09-13 This book critically presents the mechanisms and structures in a selection of sport federations within a variety of European countries that illuminate the varied relationships between not for profit sport federations their members governments and the citizens they represent

Social Capital in Europe - Similarity of Countries and Diversity of People? Heiner Meulemann, 2008 Social capital is not only useful for the person who owns it but it may also foster the integration of a society and the stability of a democracy Friendly relations social trust and norms of reciprocity ease the living together in a society and encourage people to take part in democratic decision making This volume examines the differences in levels causes and consequences of social capital between 22 European countries surveyed in the 2002 European Social Survey At first glance social capital differs strongly between countries Yet the determinants of social capital differ strongly between European people as well If one takes account of the latter the former may no longer appear so large The volume asks whether this is indeed the case so that a similarity of countries goes along with a diversity of people To examine this multi level analyses are used in each contribution

Social Capital and Associations in European Democracies William A. Maloney, Sigrid Rossteutscher, 2007-01-24 This unique book offers an empirical assessment of how social and political involvement relates to theories of citizenship and democracy and is a companion volume to *Citizenship and Involvement in European Democracies*

Social Capital in Central and Eastern Europe Dimitrina Dimova Mihailova, 2004 The collapse of socialist rule encouraged many Western analysts and government advisors to see the east European region as a veritable tabula rasa just waiting for civil society and market democracy Millions of dollars and euros were poured into democratization projects with the aim of building social capital

Social Capital in Developing Democracies Leslie E. Anderson, 2010-03-08 Explores the contribution of social capital to the process of democratization and the limits of that contribution

The Problem of Forming Social Capital F. Herreros, 2004-07-15 Social capital is a concept which has only recently been incorporated into the social sciences It has been used to explain a series of phenomena ranging from the creation of human capital and the effectiveness of democratic institutions to the reduction of crime or the eradication of poverty However there is not a general explanation about how to create social capital That is the aim of this book More concretely it answers the following questions How to create social capital and what accounts for the different stocks of social capital between states These questions are answered both theoretically and empirically using quantitative and qualitative analysis as well as game theoretic models

Social Capital and the Transition to Democracy Gabriel Badescu, Eric Uslaner, 2004-06 This edited collection presents the latest quantitative research on how post communist

countries are adapting to Western models of society

The Handbook of Social Capital Dario Castiglione, Jan W. van Deth, Guglielmo Wolleb, 2008-04-17 Social capital is a relatively new concept in the social sciences In the last twenty or so years it has come to indicate that networks of social relationships represent a resource for both the individual and society since they provide support for the individual and facilitate collective action Although this is not an entirely new idea the more systematic way in which social capital captures such an intuition has created a new theoretical paradigm and helped to develop a series of innovative research programmes in politics economics and the study of human well being The concept has gained currency beyond academia extending its influence to political and policy making circles at local national and international levels It has also affected the way in which social surveys are conceived and public policies assessed As the idea of social capital has spread the literature about it has increased exponentially After twenty years of rapid expansion it is time for a more considered and critical assessment of how the original concept has been adapted and refined and how successful its application has been The Handbook of Social Capital intends to do precisely that It offers a state of the art view of discussions about the concept of social capital and the way in which it has been applied in empirical research The organization of the Handbook reflects this intention by focusing on conceptual development and analysis in the first part by identifying two main areas of research in which social capital has favoured the development of new and influential research programmes political participation in democratic societies and economic development and by exploring the more normative and policy oriented consequences of social capital All chapters comprising the volume were specifically written for the Handbook by some of the main experts in the fields The book provides authoritative and innovative introduction to the study of social capital

Citizenship and Involvement in European Democracies Jan W. Van Deth, José Ramón Montero, Anders Westholm, 2007-02-12 This is an examination of the results of a cross national analysis of citizenship and participation among citizens in 12 European democracies The book investigates the relationships between social and political involvement and between small scale and large scale democracies

Social Capital, Corporate Social Responsibility, Economic Behaviour and Performance L. Sacconi, G. Antoni, 2010-12-13 This book focuses on the concepts of social capital corporate social responsibility and economic development in relation to economic theory of institutions and behavioural economics It also takes a macroeconomic and empirical approach on the relationship between social capital ethical behaviour and economic development

Generating Social Capital M. Hooghe, D. Stolle, 2003-05-15 Social capital networks of civic engagements norms of reciprocity and attitudes of trust is widely seen as playing a key role for the health of democracy While many authors have examined the consequences of social capital there is a pressing need to explore its sources This collection brings together leading American and European scholars in the first comparative analysis of how social trust and other civic attitudes are generated The contributors to this volume examine the generation of social capital from two directions society based approaches that emphasize voluntary associations and institutional approaches that emphasize

policy **Social Capital in Development Planning** Raffaella Y. Nanetti,Catalina Holguin,2016-01-28 The pursuit of sustainable development and smart growth is a main challenge today in countries around the world Social capital is an asset of their territorial communities It is also a precondition for national and local policies that aim to better the economic base and quality of life for all This change is socially diffused economically sustainable over time and smart in its content A significant stock of social capital facilitates such results because it links into the process of development planning institutional decision makers and socioeconomic stakeholders who share trust solidarity norms and a community vision In the last thirty years social capital has become a forceful concept in the social sciences the subject of many scholarly works and a topic of keen interest and debate in policy circles Yet the main focus has been on defining and measuring social capital with little attention given to its value in promoting development policies Social Capital in Development Planning updates and advances the debate on social capital through the analysis of the application of the concept of social capital to programs for sustainable and smart socioeconomic development empirical findings and a new paradigm for development planning

Investigating Social Capital Sanjeev Prakash,Per Selle,2004-05-25 Papers presented at the Investigating Social Capital Workshop held at Solstrand during 18 21 May 2000 **Social Capital, Political Participation and Migration in Europe**

L. Morales,M. Giugni,2016-02-09 How can European societies more effectively promote the active engagement of immigrants and their children in the political and civic life of the countries where they live This book examines the effect of migrants individual attributes and resources their social capital and the political opportunities on their political integration *The Oxford Handbook of Classics in Public Policy and Administration* Steven J. Balla,Martin Lodge,Edward C. Page,2015-03-26 This Handbook brings together a collection of leading international authors to reflect on the influence of central contributions or classics that have shaped the development of the field of public policy and administration The Handbook reflects on a wide range of key contributions to the field selected on the basis of their international and wider disciplinary impact Focusing on classics that contributed significantly to the field over the second half of the 20th century it offers insights into works that have explored aspects of the policy process of particular features of bureaucracy and of administrative and policy reforms Each classic is discussed by a leading international scholars They offer unique insights into the ways in which individual classics have been received in scholarly debates and disciplines how classics have shaped evolving research agendas and how the individual classics continue to shape contemporary scholarly debates In doing so this volume offers a novel approach towards considering the various central contributions to the field The Handbook offers students of public policy and administration state of the art insights into the enduring impact of key contributions to the field

Routledge Handbook of Sports Development Barrie Houlihan,Mick Green,2010-12-16 Sports development has become a prominent concern within both the academic study of sport and within the organisation and administration of sport Now available in paperback the Routledge Handbook of Sports Development is the first book to comprehensively map the wide

ranging territory of sports development as an activity and as a policy field and to offer a definitive survey of current academic knowledge and professional practice Spanning the whole spectrum of activity in sports development from youth sport and mass participation to the development of elite athletes the book identifies and defines the core functions of sports development exploring the interface between sports development and cognate fields such as education coaching community welfare and policy The book presents important new studies of sports development around the world illustrating the breadth of practice within and between countries and examines the most important issues facing practitioners within sports development today from child protection to partnership working With unparalleled depth and breadth of coverage the Routledge Handbook of Sports Development is the definitive guide to policy practice and research in sports development It is essential reading for all students researchers and professionals with an interest in this important and rapidly evolving discipline

The Paradox of Diversity Wahideh Achbari, 2016-09-09 This book is about ethnic diversity in voluntary organizations and seeks to explain whether intergroup contact contributes to the development of generalized trust It relies on a novel multilevel design and data from Amsterdam in which 40 voluntary organizations and 463 participants have been sampled Contrary to conventional wisdom this book argues that cognitive processes are contributing more toward the evaluation of strangers or generalized trust than interethnic contact Since trusting unknown people is essentially a risky endeavor this suggests that participants of both association types who report trusting strangers can afford to do so because they are better educated have a more positive worldview and have had fewer negative life experiences That is to say they are socially more successful and view their future as more promising Previous findings are inconclusive since most studies that conclude diversity has led to less generalized trust do not include interethnic contact directly in their analyses These studies also downplay the importance of cognitive processes which may shape generalized trust What is more people join ethnically diverse civic groups because they already have more trustful attitudes rather than learning to trust through interethnic contact Despite the recent multiculturalist backlash this book demonstrates that participation in ethno national organizations does not pose a threat to social cohesion The analysis in this book serves to build a general theory of trust that moves beyond emphasizing interaction between people who are different from each other but one that includes the importance of cognition

The Politics of Contemporary Spain Sebastian Balfour, 2005-07-08 While Spain is now a well established democracy closely integrated into the European Union it has suffered from a number of severe internal problems such as corruption discord between state and regional nationalism and separatist terrorism The Politics of Contemporary Spain charts the trajectory of Spanish politics from the transition to democracy through to the present day including the aftermath of the Madrid bombings of March 2004 and the elections that followed three days later It offers new insights on the main political parties and the political system on the monarchy corruption terrorism regional and conservative nationalism and on Spain's policies in the Mediterranean and the EU It challenges many existing assumptions about politics in Spain reaching beyond

systems and practices to look at identities political cultures and mentalities It brings to bear on the analysis the latest empirical data and theoretical perspectives **Muslim Citizenship in Liberal Democracies** Mario Peucker, 2016-08-09

This book explores Muslims civic and political participation in Australia and Germany shedding light on their individual experiences motives for and personal implications of their multi faceted engagement Based on in depth interviews with Muslims who have been active within a Muslim community context mainstream civil society and the political arena this comparative study reveals the enormous complexities and dynamics of active Muslim citizenship The author paints a picture of Muslims as almost ordinary citizens who despite experiences of stigmatisation and exclusion often seek to contribute to the advancement of society and the promotion of social justice Their civic engagement even within a Muslim community context builds intra and cross community networks and contrary to widespread contestation of Islam and its place in the West their faith is anything but a civic obstacle to their active citizenship agenda This book will be of interest to scholars and students in the fields of Sociology Politics Islamic Studies Sociology of Religion and Political Participation
