## **The Gruesome Piccolos:**

Complete Critical Assembly David Langford, 2002-10-01 This new collection of essays commissioned from a range of scholars across the world takes as its theme the reception of Rome's greatest poet in a time of profound cultural change. Amid the rise of Christianity the changing status of the city of Rome and the emergence of new governing classes Vergil remained a bedrock of Roman education and identity. This volume considers the different ways in which Vergil was read, understood and appropriated by poets, commentators, Church fathers, orators and historians. The introduction outlines the cultural and historical contexts. Twelve chapters dedicated to individual writers or genres and the contributors make use of a wide range of approaches from contemporary reception theory. An epilogue concludes the volume. **Into The Unknown**

Andy Murray, 2017-06-08 Since the earliest days of British television drama scriptwriter Nigel Kneale has been a seminal figure. His Quatermass serials for the BBC were a seismic event in the 1950s before finding international success when adapted by Hammer Films for the big screen. Later TV plays such as *The Road*, *The Stone Tape* and *The Year of the Sex Olympics* skilfully blend elements of science fiction and the ghost story. They remain classics and Kneale himself a great influence on popular culture. Revised and updated this new edition of *Into the Unknown* charts Nigel Kneale's extraordinary career from his childhood on the Isle of Man to his fraught days at the BBC, strange adventures in Hollywood and his status as legend to legions of fans. It draws on a wealth of research and many hours of interviews with Kneale himself as well as prominent admirers. These include John Carpenter, Ramsey Campbell, Grant Morrison, Russell T Davies and Mark Gatiss and Jeremy Dyson of the League of Gentlemen. **Speaking of Horror**

From insightful self-analyses by practitioners, a novelist, a film director, a comics artist to analyses of adaptations of place, culture and identity, the authors brought together in this collection represent a broad cross-section of current work in adaptation studies. From the development of technologies impacting film festivals to the symbiotic potential of interweaving disability and adaptation studies, censorship, exploring the global and an examination of the Association for Adaptation Studies at its 10th anniversary, the original contributions in this volume aim to trace the leading edges of this evolving field. *The Core of Ramsey Campbell* Ramsey Campbell, 1995 **Schoenberg** Jonathan Dunsby, 1992-09-17 *Pierrot lunaire* 1912 is one of the most important music-theatre works ever written. This is the first guide in English to a work that continues to be performed, broadcast and recorded worldwide. The book describes the artistic environment around the turn of the century from which

Pierrot emerged and discusses Schoenberg's working methods and intentions in composition. In a clear and imaginative description of the work itself, the author takes each of the twenty-one melodramas in turn, considering both the music and the narrative. The text of all twenty-one poems is provided in German and in a new English translation by Andrew Porter.

tapestry of adventure and survival against the breathtaking backdrop of North America's expansive wilderness. Employing a vivid and immersive prose style, Laut captures the essence of the trapping life, portraying both the harsh realities and the profound beauty of nature. The narrative unfolds through a blend of historical detail and personal anecdote, immersing readers in the culture and exploits of the fur trade era while reflecting the broader context of America's pioneering spirit during the late 19th and early 20th centuries.

Agnes C. Laut, a pioneering Canadian author and journalist, dedicated her work to highlighting the narratives often overlooked in conventional histories.
