The McCone Files:

The McCone Files Marcia Muller, 2011-10-01 Marcia Muller is as Sue Grafton pointed out the creator of the modern female private eye story and Sharon McCone is one of the finest and most sensitive of all current sleuths Sharon came upon the scene in 1977 with Edwin of the Iron Shoes the first of fifteen novels and fifteen short stories filled with cluing and caring The McCone Files gathers all of Sharon's short cases into a single volume covering her entire career as staff investigator at All Souls Legal Cooperative in San Francisco From the death of a clown in Diablo Valley to the disappearance of a young socialite on the Golden Gate Bridge from the murder of a teenage gang leader in San Francisco to the drowning of an aged Japanese herb gatherer and from streets filled with juvenile runaways to the quietness of a mausoleum Sharon investigates not only who committed the crimes but also what they say about the world toward the end of the twentieth century *Final Report of the Kennedy Assassination Records Review Board* John R. Tunheim, 1999-03 The final report on the assassination of President John F Kennedy The Review Board has worked hard to obtain all records relating to the assassination of President Kennedy and to release the records to the fullest extent possible to the American people They have done so in the hope that release of these records will shed new evidentiary light on the assassination enrich the historical understanding of that tragic moment in American history and help restore public confidence in the government's handling of the assassination and its aftermath [Final Report of the Assassination Records Review Board](#) United States. Assassination Records Review Board, 1998 **The Hidden History of the JFK Assassination** Lamar Waldron, 2013-10-21 INSIDE THE CRIME OF THE CENTURY This fascinating history draws on never before published information to reveal the Mafia conspiracy that led to the assassination of John F Kennedy Answering the questions that have haunted Americans for decades Why and how was JFK murdered The Hidden History of JFK's Assassination draws on exclusive interviews with more than two dozen associates of John and Robert Kennedy in addition to former FBI Secret Service military intelligence and Congressional personnel who provided critical first hand information The book also uses government files including the detailed FBI confession of notorious Mafia godfather Carlos Marcello to simply and clearly reveal who killed JFK Using information never published before the book uses Marcello's own words to his closest associates to describe the plot His confession is also backed up by a wealth of independent documentation This book builds on the work of the last Congressional committee to investigate JFK's murder which concluded that JFK was probably assassinated as a result of a conspiracy and that godfathers Santo Trafficante and Carlos Marcello had the motive means and opportunity to assassinate President Kennedy However it also draws on exclusive files and information not available to Congress that have only emerged in recent years to fully explain for the first time how Marcello and Trafficante committed and got away with the crime of the 20th century *Flak-Catchers* Lindsey Lupo, 2010-12-02 Flak Catchers explores the ways in which riot commissions the institutional bodies appointed by an executive in the aftermath of a race riot to determine a riot timeline investigate causes and offer prescriptions for change

have dealt with racial violence in the United States over the last century In studying five riots and their commissions Chicago 1919 Harlem 1935 Los Angeles 1965 USA 1967 and Los Angeles 1992 this book shows that riot commissions only serve to give the appearance of strong and responsive government action during uncertain times They primarily benefit the instituting body by focusing on a restoration of law and order while undermining any larger civil rights message However this book also challenges the prevalent idea that riot commissions are all the same by revealing how riot commissions have changed over the last century shifting in their prominence content and focus After the 1968 Kerner Commission which studied the 1967 summer riots it has become increasingly common for the riot commission to fail to answer fundamental questions posed by the crisis

Marcia Muller and the Female Private Eye Alexander N. Howe, Christine A. Jackson, 2014-11-01 In 1977 Marcia Muller invaded the all male domain of detective literature and within a decade was established as the mother of the female hardboiled private eye She is now the author of four detective series including the critically acclaimed Sharon McCone series of more than two dozen novels This collection critically assesses Marcia Muller's writing and reevaluates current critical views on women's detective fiction in general In the first two of the book's three sections essays explore Muller's engagement with modern and postmodern feminism ethnicity and the socially underprivileged The third section focuses on one of Muller's major themes the trauma of history Drawing from the feminist historicist mythic psychoanalytic and cultural approaches found in all three sections the conclusion offers a panoramic perspective on Muller's accomplishments

Edwin of the Iron Shoes Marcia Muller, 2012-04-15 It's Sharon McCone's first case as staff investigator for All Souls Legal Cooperative She knows nothing about antiques yet she has an affection for Salem Street with its charming mix of antique and curio shops Now elderly dealer Joan Albritton has been found dead stabbed with an antique dagger Her neighbors are shocked Recurring vandalism has them frightened Ferreting out the facts will take Sharon from the chaotic jumble of the junk dealer's establishment to a museum where San Francisco's most elegant socialites gather
