

HATEFIELD & MCCOYSTM PART 1

The Mccoys

M Walker

The McCoys:

The Hatfields and the McCoys Otis K. Rice, 2010-09-12 The Hatfield McCoy feud has long been the most famous vendetta of the southern Appalachians Over the years it has become encrusted with myth and error Scores of writers have produced accounts of it but few have made any real effort to separate fact from fiction Novelists motion picture producers television script writers and others have sensationalized events that needed no embellishment Using court records public documents official correspondence and other documentary evidence Otis K Rice presents an account that frees as much as possible fact from fiction event from legend He weighs the evidence carefully avoiding the partisanship and the attitude of condescension and condemnation that have characterized many of the writings concerning the feud He sets the feud in the social political economic and cultural context of eastern Kentucky and southwestern West Virginia in the late nineteenth and early twentieth centuries By examining the legacy of the Civil War the weakness of institutions such as the church and education system the exaggerated importance of family the impotence of the law and the isolation of the mountain folk Rice gives new meaning to the origins and progress of the feud These conditions help explain why the Hatfield and McCoy families which have produced so many fine citizens could engage in such a bitter and prolonged vendetta

The Hatfields & the McCoys Otis K. Rice, 2010-09-12 A captivating account of two families whose stubbornness and loyalty were exceeded only by their capacity for a terrible revenge Southern Living The Hatfield McCoy feud has long been a famous part of Appalachian history but over the years it s become encrusted with myth and error Novelists motion picture producers television writers and others have neglected to separate fact from fiction and sensationalized events that needed no embellishment Using court records public documents official correspondence and other sources Otis K Rice presents an account that frees as much as possible truth from legend He weighs the evidence carefully avoiding the partisanship and the attitude of condescension and condemnation that have characterized many of the writings concerning the feud He also sets the feud in the social political economic and cultural context of eastern Kentucky and southwestern West Virginia in the late nineteenth and early twentieth centuries By examining the legacy of the Civil War the weakness of institutions such as the church and education system the exaggerated importance of family the impotence of the law and the isolation of the mountain folk Rice gives new meaning to the origins and progress of the feud These conditions help explain why the Hatfield and McCoy families which have produced so many fine citizens could engage in such a bitter and prolonged vendetta

The Hatfields & The McCoys Charles River Editors, 2025-06-21 They were men who matched the mountains they were Hatfields and McCoys They were men who matched the mountains They were men when they were boys Jimmy Wolford A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors American Legends series readers can get caught up to speed on the lives of America s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known The feud between the Hatfields and McCoys

is the stuff of American legend and has become synonymous for vendettas. In fact it has become its own term for any large scale disagreement and has made its way into everything from music to television and movies. Though the fighting took place over a century ago, Americans remain so fascinated by it that The History Channel's 2012 miniseries about the feuding families set records for cable television ratings. These days the feud between the Hatfields and McCoys is a celebrated piece of American folklore, but for two families living along the West Virginia-Kentucky border during the last half of the 19th century, the feud was literally a matter of life and death. 21st century America might celebrate this relic of the country's rural past, but modern society would also likely scoff at the idea of a couple of rural families taking pot shots at each other through the woods over slights as insignificant as a stolen pig. Nevertheless, for the Hatfields and McCoys, the feud was every bit as dangerous as a modern gang war or organized crime activity. While the feud may be harder to understand today, it was a microcosm of other conflicts that shaped America's destiny. First, it represents the heritage of the blood feud that came to the United States with those immigrating from Scotland and Ireland. The backcountry of the South was settled primarily by immigrants from the Celtic fringe of Great Britain: Scotland, Northern England, Cornwall, Wales, and Ireland. For these settlers, family ties were paramount; loyalty was key, and conflicts were settled with violence. The feud also demonstrated the continuing importance of honor in the South in the late 19th century and a notion that personal honor should be defended against actual or perceived slights with violence. Clearly, the South's code of honor persisted long after the Civil War, as did tension between supporters of the Union and the Confederacy.

American Legends: The Hatfields and the McCoys chronicles America's most famous blood feud from the origins of each family to the events that sparked the fighting. Along with pictures of important people, places, and events, you will learn about The Hatfields and The McCoys like you never have before, in no time at all.

The Hatfields and the McCoys Kirra Fedyszyn, 2014-07-15. The American Civil War was a time of great upheaval in our nation. Slavery was becoming a major issue, and the decision over what to do formed a great rift in our nation. The story of the Hatfields and McCoys demonstrates just how high emotions ran between the two sides. One man's choice to fight for the Union when his neighbors have joined forces with the Confederacy launches two families into an infamous feud that lasts for half a century and causes many deaths.

Blood Feud Lisa Alther, 2013-02-05. America's most notorious family feud began in 1865 with the murder of a Union McCoy soldier by a Confederate Hatfield relative of Devil Anse Hatfield. More than a decade later, Ranel McCoy accused a Hatfield cousin of stealing one of his hogs, triggering years of violence and retribution, including a Romeo and Juliet interlude that eventually led to the death of one of McCoy's daughters. In a drunken brawl, three of McCoy's sons killed Devil Anse Hatfield's younger brother. Exacting vigilante vengeance, a group of Hatfields tied them up and shot them dead. McCoy's posse hijacked part of the Hatfield firing squad across state lines to stand trial, while those still free burned down Ranel McCoy's cabin and shot two of his children in a botched attempt to suppress the posse. Legal wrangling ensued until the US Supreme Court ruled that Kentucky could try the captured West Virginian.

Hatfields Seven went to prison and one mentally disabled yelled The Hatfields made me do it as he was hanged But the feud didn't end there Its legend continues to have an enormous impact on the popular imagination and the region With a charming voice a wonderfully dry sense of humor and an abiding gift for spinning a yarn bestselling author Lisa Alther makes an impartial comprehensive and compelling investigation of what happened masterfully setting the feud in its historical and cultural contexts digging deep into the many causes and explanations of the fighting and revealing surprising alliances and entanglements Here is a fascinating new look at the infamous Hatfield McCoy feud **The McCoys** Truda Williams

McCoy,1976 William McCoy was born between 1750 and 1755 He and his family settled on Johns Creek near Gulnare Kentucky Includes Hatfield Scott and allied families *The True Story of the Hatfield and McCoy Feud* L.D.

Hatfield,2015-10-26 There have been several versions written of this widely known altercation between the two prominent mountain families but no two of them have coincided as to the facts concerning a feud which has become nationally and even internationally known throughout the years since these two clans stalked each other in the wilderness recesses of Tug River along the borders of West Virginia and Kentucky which were at that time very sparsely settled It has been commonly rumored that the feud actually started because of a dispute between the two clans over the ownership of a hog This however is not true It is true that there had been some trouble in this respect prior to the actual beginning of the feud but a more or less satisfactory settlement had been made concerning the hog In those days there were vast uninhabited tracts of land in this section of West Virginia and Kentucky covered by dense forest which afforded an unsurmountable amount of mast upon which the hogs of various settlers would feast during that particular season of the year Each settler would have a certain mark by which his hogs could be recognized from those of his neighbors These marks would be cut in the ears of the hogs by their owners with the keen bladed knife of the frontiersman by cutting what was known as the swallow fork in the left ear an upper cut in the right ear or perhaps an underbit in one ear and some other mark in the other ear and each settler would have a different mark When the acorns and other nuts from the native trees in the forest began to drop in the fall of the year the settlers would drive their hogs into these woodland areas and leave them for weeks and months so that they might grow and fatten on the nuts and when the time came to round up the hogs each settler would know his hogs by these markings

McCoy V. Franklin Savings Association ,1980 Ethics and the Golden Rule Harry J. Gensler,2013 It is commonly accepted that the golden rule most often formulated as do unto others as you would have them do unto you is a unifying element between many diverse religious traditions both Eastern and Western Its influence also extends beyond such traditions since many non religious individuals hold up the golden rule as central to their lives Yet while it is extraordinarily important and widespread the golden rule is often dismissed by scholars as a vague proverb that quickly leads to absurdities when one attempts to formulate it in clear terms In this book Harry J Gensler defends the golden rule and addresses all of the major philosophic objections pointing out several common misunderstanding and misapplications Gensler first discusses

golden rule reasoning and how to avoid the main pitfalls He then relates the golden rule to world religions and history and to areas like moral education egoism evolution society racism business and medicine The book ends with a discussion of theoretical issues like whether all morality reduces to the golden rule which the author argues against Ethics and the Golden Rule offers two introductory chapters the first is simpler and the second more technical a reader may start with either or both One can then read any combination of further chapters in any order depending on one s interests but Chapters 13 and 14 are technical and assume one has read Chapter 2 This is a golden rule book for everyone accessible to a wide readership
