Polynesian chiefs who entered trading with European type ships are recounted as neglected aspects of Pacific history As foreign owned commercial ships expanded in the region so did colonialism which was accompanied by an increase in the number of sailors from metropolitan countries and a decrease in the employment of Pacific islanders on foreign ships Eventually small scale island entrepreneurs expanded interisland shipping and in 1978 the regional Pacific Forum Line was created by newly independent states This was welcomed as a symbolic return to indigenous Pacific ocean linkages The book s final sections detail the life of the modern Pacific seafarer Most Pacific sailors in the global maritime labor market return home after many months at sea bringing money goods a wider perspective of the world and sometimes new diseases Each of these impacts is analyzed particularly in the case of Kiribati a major supplier of labor to foreign ships
