## **The Messianic Secret Issues In Religion And Theology:**

**The Messianic Secret** Christopher Mark Tuckett, 1983      History of New Testament Research, Vol. 2 William Baird, 2002-11-01 Stressing the historical and theological significance of pivotal figures and movements William Baird guides the reader through intriguing developments and critical interpretation of the New Testament from its beginnings in Deism through the watershed of the Tübingen school Familiar figures appear in a new light and important previously forgotten stages of the journey emerge Baird gives attention to the biographical and cultural setting of persons and approaches affording both beginning student and seasoned scholar an authoritative account that is useful for orientation as well as research

**Writing on the Gospel of Mark** W.R. Telford, 2019-05-21 This thorough manual for advanced students and their supervisors and anyone researching or writing on the Gospel of Mark is the opening volume in an important new series of Guides to Advanced Biblical Research Together with an essay on the current state of research and a discussion of the future of Markan study it provides a chrestomathy of samples of Markan research together with a review of recent dissertations and a full annotated bibliography

*The Turning Point in the Gospel of Mark* Gregg S Morrison, 2015-02-26 Based on linguistic and thematic links in the narrative *The Turning Point in the Gospel of Mark* argues that the twin pericopae of Peter's confession 8:27-38 and the Transfiguration 9:2-13 together function as the turning point of the Gospel and serve in a Janus-like manner enabling the reader to see the author's main focus the identity of Jesus and the significance of that reality for his disciples Peter's confession of Jesus as Messiah faces backward toward the Prologue 1:1-13 and functions as a mid-course conclusion The declaration by God on the mountain faces forward and foreshadows the end-course conclusion 14:61-62 15:39 Son of God Jesus in response teaches that the Son of Man must suffer and die before being raised from the dead 8:31 Christologically the images of Messiah Son of Man and Son of God converge and present Jesus the crucified as king ushering in the kingdom of God in power 9:1 acting as the key swivel between the twin pericopae When one is confronted with this Jesus though there remains something elusive about him and the kingdom of God in the narrative the only wise decision after calculating the costs 8:34-38 is to follow

**Synoptic Gospels** John K. Riches, William Telford, Christopher M. Tuckett, 2001-05-01 The highly popular Sheffield New Testament Guides are being reissued in a new format grouped together and prefaced by leading North American scholars This new format is designed to ensure that these authoritative introductions remain up to date and accessible to seminary and university students of the New Testament while offering a broader theological and literary context for their study In this volume Scot McKnight writes an introduction to the Synoptic Gospels as a whole illuminating their distinctive historical and theological features and their importance within the New Testament canon

*Jesus and Magic* Richard A Horsley, 2015-04-30 It has become standard in modern interpretation to say that Jesus performed miracles and even mainline scholarly interpreters classify Jesus's healings and exorcisms as miracles Some highly regarded scholars have argued more provocatively that the healings and exorcisms were magic and

that Jesus was a magician As Richard Horsley points out if we make a critical comparison between modern interpretation of Jesus's healing and exorcism on the one hand and the Gospel stories and other ancient texts on the other hand it becomes clear that the miracle and magic are modern concepts products of Enlightenment thinking Jesus and Magic asserts that Gospel stories do not have the concepts of miracle and magic What scholars constructed as magic turns out to have been ritual practices such as songs incantations medicines potions and appeals to higher powers for protection Horsley offers a critical reading of the healing and exorcism episodes in the Gospel stories This reading reveals a dynamic relationship between Jesus the healer the trust of those coming for healing and their support networks in local communities Horsley's reading of the Gospel stories gives little or no indication of divine intervention Rather the healing and exorcism stories portray healings and exorcisms

*The Gospel According to Mark* James R. Edwards, 2002 This new Pillar volume offers exceptional commentary on Mark that clearly shows the second Gospel though it was a product of the earliest Christian community to be both relevant and sorely needed in today's church Written by a biblical scholar who has devoted thirty years to the study of the second Gospel this commentary aims primarily to interpret the Gospel of Mark according to its theological intentions and purposes especially as they relate to the life and ministry of Jesus and the call to faith and discipleship Unique features of James Edwards's approach include clear descriptions of key terms used by Mark and revealing discussion of the Gospel's literary features including Mark's use of the sandwich technique and of imagistic motifs and irony Edwards also proposes a new paradigm for interpreting the difficult Little Apocalypse of chapter 13 and he argues for a new understanding of Mark's controversial ending

*The Quest for the Historical Jesus after the Demise of Authenticity* Jonathan Bernier, 2016-11-17 For two centuries scholars have sought to discover the historical Jesus Presently such scholarship is dominated not by the question Who was Jesus but rather How do we even go about answering the question Who was Jesus With this current situation in mind Jonathan Bernier undertakes a two fold task one to engage on the level of the philosophy of history with existing approaches to the study of the historical Jesus most notably the criteria approach and the social memory approach two to work with the critical realism developed by Bernard Lonergan introduced into New Testament studies by Ben F Meyer and advocated by N T Wright in order to develop a philosophy of history that can elucidate current debates within historical Jesus studies

Miracles Luke Timothy Johnson, 2018-07-24 Miracles are not confined to the stories of Scripture these signs of God's presence and power in creation are experienced throughout our daily existence Yet cultural challenges and modernity's skepticism have marginalized belief in them as unreasonable and irrational says Luke Timothy Johnson In this excellent resource for church professionals Johnson reclaims Christian belief in miracles as integral to recovering a proper and strong sense of creation recognizing the validity of personal experience and narrative and asserting the truth telling quality of myth His analysis includes a description of the competing symbolic worldviews that have framed the discussion on miracles including secular debates and theological imagination interpretation of miracles consonant

with the biblical construction of reality in the Old and New Testaments suggestions for four areas in the church's life: teaching, preaching, prayer, and pastoral care that can work together to shape a symbolic world within which believers can expect, perceive, and celebrate the miracles in everyday life.

**A Comparative Handbook to the Gospel of Mark** Bruce D. Chilton, Darrell L. Bock, Daniel M. Gurtner, 2010. This comparative handbook is intended to provide scholars of the New Testament with detailed, systematic, and accurate resources concerning the Judaic context of the Gospel of Mark. It aims to serve as a powerful tool to assist the reader and commentator in understanding and commenting on the Gospel of Mark. Introductions are provided to help with issues of dating and the development of the literatures concerned. Possible interpretations are also presented where suitable.
