The Mikota Story:

The Mikota Story Andrew Nelson,2005-07-01 When Bernie Jones went to war in 1918 he was part of a transition that changed the whole nature of our country Born just before the turn of the Century he grew up in a day when Kansas City Missouri was on the dividing line between a maturing nation and the old wild west He and his gang of boyhood friends looked on their advent into the United States Army as a great camp out with little chance of real action It was supposed that the German forces would fold the minute they saw fresh new troops opposite them in the trenches of France It didn't happen They fought fierce last ditch engagements at Chateau Thierry Saint Mihiel and especially the Argonne Bernie and his friends find their moments of truth in that last desperate fighting When the smoke clears he is left alone to go home to an uncertain future in a country that would never again be isolated His stressed out mind is full of bloody images and self doubts leaving him to rely on a tenuous faith that promises to keep him alive until the time when he can reorient himself and begin life over again The Economist ,1909 **Zoo Story** Thomas French,2024-09-24 An insightful and detailed look at the complex life of a zoo and its denizens both animal and human New York Times bestselling author Yann Martel A New York Times Bestseller Welcome to the savage and surprising world of Zoo Story an unprecedented account of the secret life of a zoo and its inhabitants Based on six years of research Pulitzer Prize winning journalist Tom French's book follows a handful of unforgettable characters at Tampa's Lowry Park Zoo an alpha chimp with a weakness for blondes a ferocious tiger who revels in Obsession perfume and a brilliant but tyrannical CEO known as El Diablo Blanco The sweeping narrative takes the reader from the African savannah to the forests of Panama and deep into the inner workings of a place some describe as a sanctuary and others condemn as a prison Zoo Story shows us how these remarkable individuals live how some die and what their experiences reveal about the human desire to both exalt and control nature This story told by a master teller of such things does more than take you inside the cages fences and walls of a zoo It takes you inside the human heart and an elephant's and a primate's and on and on Tom French did in this book what he always does He took real life and wrote it down for us with eloquence and feeling and aching detail Rick Bragg Pulitzer Prize winning journalist Told with breathtaking novelistic punch People *A History of Japan: From the origins to the arrival of the Portuguese in 1542 A.D.- v.2 During the century of early foreign intercourse (1542-1651), in collaboration with Isoh Yamagata.- v.3 The Tokugawa epoch 1652-1868, revised and edited by Joseph H. Longford* James Murdoch,Woldemar von Seidlitz,1910 **The Real Story of Dinosaurs and Dragons** Philip J. Senter,2025-02-11 Are there dinosaurs in the Bible Are dragon legends based on human encounters with fire breathing dinosaurs A vast and ever growing body of literature proclaims that the answer to both these questions is yes The Real Story of Dinosaurs takes readers on a madcap journey through science folklore and anti evolution propaganda to explore the origin and evolution of these ideas and how we know they're wrong The journey begins with the origin of the dragon in ancient myth and continues through the astounding fossil discoveries of more recent times Dr Senter examines a

plethora of bizarre claims about dinosaurs and uses knowledge from modern scholarship to set the record straight He also explores proposed mechanisms for fire breathing in dinosaurs and tries them in a court of science Along the way readers are treated to explanations of rocket fuel nuclear power plants carnival fire eating the electric eel s shocking capabilities and what s up a crocodile s nose Written in a playful spirit of discovery The Real Story of Dinosaurs entertains as it promotes evidence based reasoning and illustrates the differences between science and anti evolution hype

A History of Japan: From the origins to the arrival of the Portuguese in 1542 A.D James Murdoch,1910 **A History of Japan** James Murdoch,Isoo Yamagata,1926 Reverse Chronicles: Unraveling of the Past Jihyeong Jonas Park, In a realm between life

and death in a place that human beings have no idea exists is the Time Continent Unbeknownst to humankind the Time Continent is where a select group of disembodied souls spend their afterlife dictating the course of human events throughout history It is the inhabitants of the Time Continent who are responsible over much of the lives and deaths on Earth One such soul Pastool Logan once powerful committee head of Past Events stands trial In an act of desperation to find out who he was and where he came from while alive Logan broke protocol causing the deaths of hundreds and has been condemned to eternity in a Time Dungeon When a dear friend visits him in the dungeon Logan recounts the course of events that led up to his crime and draws his friend into a world of deception violence beauty and miraculous connections in his search for identity Little does he know that one mysterious woman holds the answers he seeks Reverse Chronicles is an exploration of the deepest connections between human beings and of the harrowing issue that plagues all humanity from the mightiest nation down to the smallest individual the issue of power over weakness and the struggle to define what real strength truly is

Beyond the Night Nadine Farghaly,2015-09-04 Werewolves witches vampires demons gods zombies and shape shifters these are just a few examples of the monstrous that society is confronted with Most people have some knowledge about these creatures and have had fleeting contact with ghosts fairies vampires and goblins either in their imagination or while reading watching or interacting with other people whether in reality or the online world From Beowulf and Buffy to Freddy Krueger and Frankenstein s Monster this collection highlights different aspects of the monstrous and discusses various ways in which they can be read discussed and understood What does the mother in Beowulf really represent How can the character of Zoey Redbird really be understood What is the importance of memories in Buffy the Vampire Slayer And what should we make of Terry Pratchett s undead creatures And what role does the children friendly vampire play Beyond the Night offers a range of insights into these topics as well as many more It presents the reader with a vast array of old and new creatures in popular culture analysing the significance they have for wider society This collection will also help readers to understand their favourite monsters better in relation to questions concerning sexuality gender social change and otherness

The Fish That Changed America Steve Price,2014-11-04 From boats and baits to rods and reels to tips and tactics bass fishing has been a magnet of innovation for almost a century Bass fishing changed from pastime to business in part because of competitive

tournaments and the publicity they generated That publicity in turn sparked a demand for more and more information from the tournament fishermen themselves how they caught bass so in essence the sport fed upon itself Author Steve Price has interviewed dozens of anglers over the past few years and he fits each of their stories into a complicated puzzle that forms a comprehensive tale of competitive record holders and fishing industry insiders alike The Fish That Changed America is not simply about tournament bass fishing although some of the stories included here do involve competitive anglers Rather Price has tried to embrace a wider view of the entire sport and to show how different facets of bass fishing meshed so perfectly at the same time leading to the state of the industry today The participants those who laid the foundation for what all bass anglers today enjoy tell their own stories of what happened during those not so long ago years Many of the stories such as the standing room only funeral for a famous largemouth bass touch on far ranging topics that all anglers will enjoy Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home
