The Miller Heresy Millennialism And American Culture:

The Miller Heresy, Millennialism, and American Culture Ruth Alden Doan, 1987 **Introduction to New and Alternative Religions in America** William M. Ashcraft, Eugene V. Gallagher, 2006-10-30

Most new or alternative religions are gravely misunderstood by members of the religious mainstream. Labeled cults or sects, groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large. Despite their efforts at educating the general public, the various anti and counter cult activists have in fact promoted much more misunderstanding than accurate understanding of the religious lives of some of their fellow citizens. Consequently, they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so-called mainstream. This set rectifies the situation by presenting accurate, comprehensive, authoritative, and accessible accounts of various new and alternative religious movements that have been and are active in American society, and it addresses ways of understanding new and alternative religions within a broader context. Determining what actually constitutes a new or alternative religion is a subject of constant debate. Questions arise as to a new faith's legitimacy, beliefs, methods of conversion, and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream, which often labels such new movements as cults, is fraught with difficulty, tension, and fear. Here, experts delineate the boundaries and examine the various groups, beliefs, movements, and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today.

Volume 1: History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved.

Volume 2: Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers, the People's Temple, the Branch Davidians, Jehovah's Witnesses, and others are examined.

Volume 3: Metaphysical, New Age, and Neopagan Movements looks at Shamanism, Spiritualism, Wicca, and Paganism, among other movements, as they have developed and grown in the U.S. These faiths have found new and devoted followers yet are often misunderstood.

Volume 4: Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions. From Baha'i to Soka Gakkai, from Adidam to the Vedanta Society, contributors look at a full range of groups practicing and worshiping in the U.S. today.

Volume 5: African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora, such as Rastafarianism, Santeria, and the Nation of Islam, alongside traditions that are truly American incarnations, like Scientology, UFO religions, and Heaven's Gate. Some of the new and alternative religions covered in these pages include Shamanism, Wicca, Black Israelites, Santeria, Scientology, Elan Vital, Hare Krishna, Soka Gakkai, and many more.

Millennialism, Millerites, and Prophecy in Bahá'í Discourse William P. Collins, 2025-09-22. This book explores the role of millennialism, the Millerites, and prophecy in the historical development of

the Bah faith especially in North America The author demonstrates the importance of the Bah religion to millennialism studies and its connection to certain Protestant American and Shia Islamic modes of thought Bah s see two millennial visions on far separated continents within different religious milieux and from contrasting social climates as spiritually and prophetically linked the Millerites who expected the return of Christ in 1844 CE and Shia Muslims who expected the Mahd Q im Twelfth Imam in 1260 AH 1844 CE The chapters in this volume reflect on theories about millennialist movements the continuum from catastrophic to progressive millennialism Bah interpretations of biblical prophecy and Bah efforts to build the Kingdom of God on earth under a systematic divine plan The book highlights the maturation of the Bah community toward a focus on process and a capacity to deal with both catastrophe and progress It provides scholars of religion with a detailed study of the trajectory in Bah millennial ideas The Bible and the American Myth Vincent L. Wimbush, 2012-03-01 The Bible and the American Myth challenges the academic study of the Bible to orient itself to cultural criticism The essays model an approach to the study of the Bible that entails efforts to fathom not only the meanings of texts but the role of texts in the construction of meaning It is all the more fascinating and poignant that the essayists are students of theology of varied backgrounds What they have in common is the pursuit of theological studies at the mouth of Harlem This location at the turn of the century inspired them to think differently about the focus and agenda of theological studies especially biblical studies Each essayist is convinced that the study of the Bible should entail the study of cultural construction and deconstruction the study of the making and unmaking of cultural myths that shape existence *Ex Auditu - Volume 06* Robert A. Strangers and Pilgrims Catherine A. Brekus, 2000-11-09 Margaret Meuse Clay who barely escaped a public whipping in the 1760s for preaching without a license Old Elizabeth an ex slave who courageously traveled to the South to preach against slavery in the early nineteenth century Harriet Livermore who spoke in front of Congress four times between 1827 and 1844 these are just a few of the extraordinary women profiled in this the first comprehensive history of female preaching in early America Drawing on a wide range of sources Catherine Brekus examines the lives of more than a hundred female preachers both white and African American who crisscrossed the country between 1740 and 1845 Outspoken visionary and sometimes contentious these women stepped into the pulpit long before twentieth century battles over female ordination began They were charismatic popular preachers who spoke to hundreds and even thousands of people at camp and revival meetings and yet with but a few notable exceptions such as Sojourner Truth these women have essentially vanished from our history Recovering their stories Brekus shows forces us to rethink many of our common assumptions about eighteenth and nineteenth century American culture

The Oxford Handbook of Millennialism Catherine Wessinger, 2011-11-17 Christian Dispensationalism the Taiping Revolution cargo cults in Oceania the Baha i Faith and the Raelian Movement would seem to have little in common What they share however is a millennial orientation the audacious human hope for a collective salvation which may be heavenly or earthly or both Although many religions feature a belief in personal salvation millennial faiths are characterized by the expectation that salvation will be accomplished for an entire group by a superhuman agent with or without human collaboration The Oxford Handbook of Millennialism offers readers an in depth look at both the theoretical underpinnings of the study of millennialism and its many manifestations across history and cultures While the term millennialism is drawn from Christianity it is a category that is used to study religious expressions in diverse cultures religious traditions and historical periods Sometimes millennial expectations are expressed in peaceful ways Other times millennialists become involved in violence The Oxford Handbook of Millennialism begins with a section that examines four primary types of millennialism Chapters in the next section examine key issues such as charismatic leadership use of scripture prophetic failure gender roles children tension with society and violence The rest of the book explores millennialism in a wide variety of places and times from ancient Near Eastern movements to contemporary apocalyptic and new age movements including the roles played by millennialism in national and international conflicts This handbook will be a valuable resource for scholars of religious studies sociology psychology history and new religious movements

Church is in danger of settling down into a social club That is unless it remembers its mission With growing secularization disorientation and institutionalism how can the church maintain its identity How is the church to function considering it was founded on the belief that time is short yet time keeps going on Not just for church administrators and academics this is a call to duty to all church members a call to become a church alive with passion and purpose Let these pages reinvigorate you with fresh thoughts about the Adventist mission and how to accomplish it Because the world doesn't need another social club It needs to hear God's message

Blurring Timescapes, Subverting Erasure Sarah Surface-Evans, A. E. Garrison, Kisha Supernant, 2020-08-30 What happens when we blur time and allow ourselves to haunt or to become haunted by ghosts of the past Drawing on archaeological historical and ethnographic data Blurring Timescapes Subverting Erasure demonstrates the value of conceiving of ghosts not just as metaphors but as mechanisms for making the past more concrete and allowing the negative specters of enduring historical legacies such as colonialism and capitalism to be exorcised
