The Heart and Its Healing Plants Wolf-Dieter Storl, 2024-01-02. An ethnobotanical look at ancient heart beliefs, heart strengthening herbs and folk remedies for cardiovascular diseases. Discusses traditional understandings of the heart from early European cultures and indigenous peoples of the Americas, Asia and Africa. Examines the heart as the home of the soul and an organ of perception and looks at traditional beliefs on what makes the heart sick. Presents a materia medica of plants used for millennia to treat heart related conditions as well as plants in use by modern herbalists and cardiologists. In the traditional worldview the heart was considered the home of the soul and the source of love and vitality. As such heart sickness was not seen as a result of poor nutrition, too much stress or lack of exercise but reflected an imbalance of the heart's emotional and spiritual energies. Plants and folk remedies used as traditional heart medicine worked on the mental and spiritual level to help make the heart happy again. Renowned ethnobotanist Wolf D. Storl, Ph.D., examines traditional understandings of the heart from early European cultures and indigenous peoples as well as a wealth of plants used in both ancient and contemporary times to treat heart conditions and ailments. He examines what makes the heart sick including different healing paradigms used to address the causes. He also looks at how time is perceived by the heart and how the modern epidemic of heart disease can be linked to our culture's pervasive disconnection from nature's rhythms. Presenting a materia medica of heart strengthening herbs and folk remedies for cardiovascular diseases, the author offers in-depth descriptions of plants used for millennia to treat heart related conditions as well as plants in use by modern herbalists and cardiologists. Sharing a holistic view of the heart and heart disease based on traditional perspectives, ethnomedical research and herbal wisdom, this book reveals new ways to heal the heart by recognizing its integrated role in our physical, emotional and spiritual wellness. "Eat the Heart of the Infidel"

Andrew Walker, 2018-04-01. Boko Haram's appetite for violence and kidnapping women has thrust them to the top of the global news agenda. In a few years they all but severed parts of Nigeria, Africa's most populous state and largest economy from the hands of the government. When Boko Haram speaks, the world sees a grimacing ranting demagogue who taunts viewers claiming he will eat the heart of the infidels and calling on Nigerians to reject their corrupt democracy and return to a pure form of Islam. Thousands have been slaughtered in their campaign of purification which has evolved through a five-year bloody civil war. Civilians are trapped between the militants and the military and feel preyed upon by both. Boko Haram did not emerge fully formed in Northern Nigeria which has witnessed many caliphates in the past; radical ideas flourish and strange sects are common. For decades Nigeria's politicians and oligarchs fed on the resources of a state buoyed by oil and
