The McGuffin:

The Baraboo McGuffin Jackie Bennett, 2024-01-05 Explore the fundamental questions of life in The McGuffin Quest Katie White and Harry Jinx lifelong friends set out on an adventure to the Kingdom of Wisconsin in search of the elusive McGuffin Is it an English teacher who inspires Katie or is the quest itself the true inspiration As they journey through the idyllic rolling hills of Baraboo Wisconsin the world around them transforms into a whimsical and thought provoking universe of bizarre tales Along the way they confront the age old dichotomy of pattern and chaos the nature of connection and the meaning of literature from poetry to Moby Dick to Mother Goose Does it all connect to life Does anything With surprises at every turn The McGuffin Quest is a journey of discovery that will leave you pondering long after the final page *Writing the Mystery* G. Miki Hayden, 2004 Hayden then goes one step further and guides the reader through the post writing process explaining manuscript preparation cover letters acquiring an agent and methods of successful promotion Writing the Mystery concludes each section with in depth exercises that put the lessons of the chapter into practice Also included is a special collection of interviews featuring mystery major leaguers who discuss the craft and offer their own valuable advice for the aspiring author and professionals switching to the mystery genre Jacket **Yondering** Jack Dann, Ardath Mayhar, John Gregory Betancourt, Michael R. for mental function as form as an impossible object a container in which the container itself is the thing contained The book is an experiment in thinking difference and thinking differently an ethics of otherness and the abstract Spencer Golub inverts the unreality of the real and the reality of fiction exposing the tropes of memory identity and authenticity as a scenic route through life that ultimately blocks the view The Baroque Night draws upon materials that have not previously been included in studies of either the baroque or film noir while offering new perspectives on other more familiar sources Leibniz's concepts of the monad and compossibility provide organizing thought models and death fear and mental illness cast their anamorphic images across surfaces that are deeper and closer than they at first appear Key characters and situations in the book derive from the works of Alfred Hitchcock Henri Georges Clozot Jean Pierre Melville Oscar Wilde Georges Perec Patricia Highsmith William Shakespeare Jean Racine Pierre Corneille and Arthur Conan Doyle among many others This is virtuality and reality for the phobic making it a fascinating and viable document of and episteme for the anxious age in which we always find ourselves living though not yet fully alive This performance of suspect evidence speaks to and in the ways we are organically inauthentic the cause of our own causality and our own worst eyewitnesses to all that appears and disappears in space and time

Profiling Shakespeare Marjorie Garber, 2008-03-25 The title of this collection *Profiling Shakespeare* is meant strongly in its double sense These essays show the outline of a Shakespeare rather different from the man sought by biographers from his time to our own They also show the effects the ephemera the clues and cues welcome and unwelcome out of which Shakespeare's admirers and dedicated scholars have pieced together a vision of the playwright whether as sage psychologist lover theatrical entrepreneur or moral authority This collection brings together classic pieces hard to find chapters and two new essays Here Garber has produced a book at once serious and highly readable ranging broadly across time periods early modern to postmodern and touching upon both high and popular culture Contents Preface 1 Shakespeare's Ghost Writers 2 Hamlet Giving Up the Ghost 3 Macbeth The Male Medusa 4 Shakespeare as Fetish 5 Character Assassination 6 Out of Joint 7 Roman Numerals 8 Second Best Bed 9 Shakespeare's Dogs 10 Shakespeare's Laundry List 11 Shakespeare's Faces 12 MacGuffin Shakespeare 13 Fatal Cleopatra 14 What Did Shakespeare Invent 15 Bartlett's Familiar Shakespeare

Realist Film Theory and Bicycle Thieves Hilary Neroni, 2023-05-18 The Film Theory in Practice series fills a gaping hole in the world of film theory By marrying the explanation of a film theory with the interpretation of a film the volumes provide discrete examples of how film theory can serve as the basis for textual analysis *Realist Film Theory and Bicycle Thieves* offers a concise introduction to realist film theory in jargon free language and shows how this theory can be deployed to interpret Vittorio De Sica's 1948 Italian neo realist masterpiece *Bicycle Thieves* Hilary Neroni explores the original realist film theorists from the 1940s Andr Bazin Siegfried Kracauer and Cesare Zavattini among others But rather than seeing realist film theory as simply a theory of the past to be moved beyond the book argues that the prevalence of realism in many different forms within practice and theory suggests the importance of updating this original realist film

theory with an understanding of realism that would sustain its viability Throughout the book Neroni analyzes neorealist film movements such as Italian Neorealism Parallel Cinema of India and the Iranian New Wave that challenge mainstream realism with a more radical form that exposes the social order instead of hiding it Her in depth investigation of Bicycle Thieves provides a realist methodology that reveals the radicality of its combination of realist techniques a melodramatic story and humanist values
