The Medical Mischief You Say

L. T. Meade

The Medical Mischief You Say:

Discourses on the Sober Life Luigi Cornaro, 1996-09 1560 How to Live 100 Years Louis Cornaro lived in the fifteenth and sixteenth centuries and attained the age of 102 When a man passes the century mark he is someone to be listened to particularly if that great age was reached as the result of co **Think to New Worlds** Joshua Blu Buhs, 2024-07-03 How a writer who investigated scientific anomalies inspired a factious movement and made a lasting impact on American culture Flying saucers Bigfoot Frogs raining from the sky Such phenomena fascinated Charles Fort the maverick writer who scanned newspapers journals and magazines for reports of bizarre occurrences dogs that talked vampires strange visions in the sky and paranormal activity His books of anomalies advanced a philosophy that saw science as a small part of a larger system in which truth and falsehood continually transformed into one another His work found a ragged following of skeptics who questioned not only science but the press medicine and politics Though their worldviews varied they shared compelling questions about genius reality and authority At the center of this community was adman writer and enfant terrible Tiffany Thayer who founded the Fortean Society and ran it for almost three decades collecting and reporting on every manner of oddity and conspiracy In **Think to New Worlds** Joshua Blu Buhs argues that the Fortean effect on modern culture is deeper than you think Fort's descendants provided tools to expand the imagination explore the social order and demonstrate how power is exercised Science fiction writers put these ideas to work as they sought to uncover the hidden structures undergirding reality Avant garde modernists including the authors William Gaddis Henry Miller and Ezra Pound as well as Surrealist visual artists were inspired by Fort's writing about metaphysical and historical forces And in the years following World War II flying saucer enthusiasts convinced of alien life raised questions about who controlled the universe Buhs's meticulous and entertaining book takes a respectful look at a cast of oddballs and eccentrics plucking them from history's margins and spotlighting their mark on American modernism **Think to New Worlds** is a timely consideration of a group united not only by conspiracies and mistrust of science but by their place in an ever expanding universe rich with unexplained occurrences and visionary possibilities **The Collected Works of H. G. Wells** H. G. Wells, 2024-01-16 **The Collected Works of H G Wells** is a comprehensive anthology that showcases the prodigious imagination and insightful commentary of one of the most influential writers of the early 20th century This collection transcends genre boundaries encapsulating his pioneering contributions to science fiction social criticism and utopian literature Wells's distinctive literary style marked by a blend of vivid narrative speculative science and philosophical depth invites readers to explore the implications of technological advancements while grappling with the ethical dilemmas they introduce Works like *The Time Machine* and *The War of the Worlds* not only entertain but serve as a critique of societal norms and human nature firmly situating him in the literary canon of his time H G Wells often referred to as the father of science fiction draws inspiration from the tumultuous societal changes of his era including the Industrial Revolution and World War I His keen awareness of the complexities of the human

condition combined with a rigorous scientific education fueled his desire to address both the marvels and perils embedded in modernity Wells s versatility as an author also encompassed topics from social reform to history reflecting his commitment to utilizing literature as a vehicle for change This meticulously curated collection is a must read for anyone keen on understanding the trajectory of speculative fiction and its cultural critiques Wells s works remain as relevant today as they were over a century ago providing timeless insights into humanity s aspirations and fears Readers will find these stories not only a window into the past but a mirror reflecting ongoing societal challenges reinforcing the necessity of questioning the trajectory of progress In this enriched edition we have carefully created added value for your reading experience A comprehensive Introduction outlines these selected works unifying features themes or stylistic evolutions The Author Biography highlights personal milestones and literary influences that shape the entire body of writing A Historical Context section situates the works in their broader era social currents cultural trends and key events that underpin their creation A concise Synopsis Selection offers an accessible overview of the included texts helping readers navigate plotlines and main ideas without revealing critical twists A unified Analysis examines recurring motifs and stylistic hallmarks across the collection tying the stories together while spotlighting the different work s strengths Reflection questions inspire deeper contemplation of the author s overarching message inviting readers to draw connections among different texts and relate them to modern contexts Lastly our hand picked Memorable Quotes distill pivotal lines and turning points serving as touchstones for the collection s central themes

Therapeutic Uses of Storytelling Camilla Asplund Ingemark, 2013-12-03

How can stories and legends written and oral help people suffering from severe traumas or harsh conditions now or in the past Can storytelling help us sort out our innermost feelings and troubles This deeply human subject is relevant not only to practitioners of psychotherapy but to all of us as we sometimes go through difficult times in life In *Therapeutic Uses of Storytelling* a cross disciplinary group of researchers examine the ways in which narrative might aid in coping with difficult situations in life and with the emotions that these situations engender Starting with an introduction to basic narrative theories and the therapeutic effects of storytelling the book then moves on to a series of lucid case studies The authors present a diversity of material such as blogs poetry magazines memoirs and oral accounts from Antiquity to the present Authors from several different disciplines make for a diversity of perspectives The authors specialise in folkloristics psychology writing studies poetry therapy and classical studies Psychologists social workers researchers therapists all can benefit from this book including everyone interested in the possibility of inner exploration through stories
