The Mekong Milton E. Osborne, 2000 A compelling lively narrative history of the peoples and cultures of the great river of Southeast Asia The Mekong spans two thousand years from the dawn of civilization on the Mekong Delta to the political and environmental challenges the region faces today Beginning with the rise of ancient seafaring civilizations at Oc Eco and moving on to the glory of the Cambodian empire in the first millennium through European colonization and the struggle for independence in the twentieth century Osborne traces the history of the region that comprises the modern nations of Vietnam Cambodia Laos Thailand Malaysia Burma and China Vibrant insightful and eminently readable The Mekong is a rousing history of a dynamic region that has fascinated readers the world over Mekong Milton Osborne, 2006 The Mekong is one of the world's great rivers and by far the largest in Southeast Asia Empires have risen and fallen in the lands through which the Mekong flows and it has been linked to remarkable adventure and exploration as well as war and massacre Now that Indochina is at peace new dangers threaten the river's future For more than forty years Milton Osborne has been fascinated by the Mekong and its history He has lived beside it travelled on it and written an acclaimed account of its exploration in the nineteenth century Here he recounts the history of the river from its earliest times to the present a history full of the stories of remarkable men Spanish and Portuguese freebooters and missionaries who briefly held the fate of Cambodia in their hands French explorers who were recognised in the nineteenth century as the equal of Burton and Livingstone but are now largely forgotten even in France a martyred Cambodian monsignor and an Australian educated Vietnamese reflecting on communist rule In the present century the Mekong has been at the heart of two wars while one of the lands along its course Cambodia witnessed the terrible tyranny of the Pol Pot regime While the author's own original research has shaped his writing on the nineteenth and twentieth centuries the book is a masterly distillation of the river's history from the earliest times to the present A new chapter brings this edition up to date on recent developments in the region The Mekong Milton E. Osborne, 2000 A compelling lively narrative history of the peoples and cultures of the great river of Southeast Asia The Mekong spans two thousand years from the dawn of civilization on the Mekong Delta to the political and environmental challenges the region faces today Beginning with the rise of ancient seafaring civilizations at Oc Eco and moving on to the glory of the Cambodian empire in the first millennium through European colonization and the struggle for independence in the twentieth century Osborne traces the history of the region that comprises the modern nations of Vietnam Cambodia Laos Thailand Malaysia Burma and China Vibrant insightful and eminently readable The Mekong is a rousing history of a dynamic region that has fascinated readers the world over **Last Days of the Mighty Mekong** Brian Eyler, 2019-02-15 Celebrated for its natural beauty and its abundance of wildlife the Mekong river runs thousands of miles through China Myanmar Laos Thailand Cambodia and Vietnam Its basin is home to more than 70 million people and has for centuries been one of the world's richest agricultural areas and a biodynamic wonder Today however it is

undergoing profound changes Development policies led by a rising China in particular aim to interconnect the region and urbanize the inhabitants And a series of dams will harness the river s energy while also stymieing its natural cycles and cutting off food supplies for swathes of the population In *Last Days of the Mighty Mekong* Brian Eyler travels from the river s headwaters in China to its delta in southern Vietnam to explore its modern evolution Along the way he meets the region s diverse peoples from villagers to community leaders politicians to policy makers Through conversations with them he reveals the urgent struggle to save the Mekong and its unique ecosystem *Troubling the Water* Abby Seiff,2022-03 *Troubling the Water* uncovers the threats of the Tonle Sap and what its disappearance means for the survival of those that count on it But it is much more than that It is a story that taps into a universal fact we will all have to contend with soon we are destroying our resources in a way that cannot be undone *Migration by Boat* Lynda Mannik,2016-05 At a time when thousands of refugees risk their lives undertaking perilous journeys by boat across the Mediterranean this multidisciplinary volume could not be more pertinent It offers various contemporary case studies of boat migrations undertaken by asylum seekers and refugees around the globe and shows that boats not only move people and cultural capital between places but also fuel cultural fantasies dreams of adventure and hope along with fears of invasion and terrorism The ambiguous nature of memories media representations and popular culture productions are highlighted throughout in order to address negative stereotypes and conversely humanize the individuals involved **Early Cinema in Asia** Nick Deocampo,2017-10-09 *Early Cinema in Asia* explores how cinema became a popular medium in the world s largest and most diverse continent Beginning with the end of Asia s colonial period in the 19th century contributors to this volume document the struggle by pioneering figures to introduce the medium of film to the vast continent overcoming geographic technological and cultural difficulties As an early form of globalization film s arrival and phenomenal growth throughout various Asian countries penetrated not only colonial territories but also captivated collective states of imagination With the coming of the 20th century the medium that began as mere entertainment became a means for communicating many of the cultural identities of the region s ethnic nationalities as they turned their favorite pastime into an expression of their cherished national cultures Covering diverse locations including China India Japan Philippines Malaysia Thailand Iran and the countries of the Pacific Islands contributors to this volume reveal the story of early cinema in Asia helping us to understand the first seeds of a medium that has since grown deep roots in the region *Globalization, Culture and Society in Laos* Boike Rehbein,2007-08-13 The book explores current tendencies of globalization in Laos and offers a theoretical framework for their interpretation *Historical Dictionary of Laos* Martin Stuart-Fox,Simon Creak,2023-02-06 Laos has the smallest population the weakest military and despite rapid economic growth in recent years one of the lowest levels of per capita income in mainland Southeast Asia Yet a glance at the map reveals its strategic location between China and Cambodia and Thailand and Vietnam As Laos was formerly a crossroads for trade routes the socialist government of the Lao People s Democratic Republic seeks to transform

the country into a prosperous crossroads at the heart of this rapidly developing region Historical Dictionary of Laos Fourth Edition provides an in depth examination of one of the least known countries in Southeast Asia through a detailed chronology comprehensive introduction and extensive bibliography The dictionary section has more than 1 000 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book will be an excellent resource for students researchers and anyone wanting to know more about Laos *Smallholders and Stockbreeders* P. Boomgaard, David E.F. Henley, 2021-11-15 Historians of Southeast Asia have traditionally preferred to write about politics and culture rather than economics and ecology and where they have looked at the history of agriculture they have most often concentrated on cash crops like sugar coffee and rubber which figure prominently in colonial records *Smallholders and stockbreeders* by contrast provides a rare survey of the history of foodcrop farming and a unique look at the history of animal husbandry in the Southeast Asian region Thirteen contributions by an international selection of expert authors cover topics ranging from the agricultural economy of precolonial Java to the growth of rice production in the Mekong Delta since 1950 and from the breeding of horses on the northern borderlands of mainland Southeast Asia to the production and consumption of beef in the Philippines New light is shed on old questions regarding the directions in which Southeast Asian agriculture has evolved over the centuries and new questions raised regarding the cultural demographic economic and political determinants of farming practices While the geographical and chronological scales of analysis vary most chapters deal with relatively large areas and with developments over periods of 100 years or more Besides production for subsistence commercial aspects of livestock and foodcrop farming are also given due attention and prove to have been important in many parts of the region from very early periods *Smallholders and stockbreeders* is essential reading for anyone interested in the agricultural history of Southeast Asia whether for its own sake or in connection with other aspects of regional history or for purposes of comparison with other parts of the world
