Few works of history make as well structured a case for the importance of studying continuity rather than change than Albert Hourani s A History of the Arab Peoples Hourani s work had three major aims to refute the idea that Arab society stagnated between 1000 and 1800 to study the period through the lens of diverse Arab rather than Muslim history and to stress intellectual and cultural continuity All of these intentions were the product of the author s evaluation of a great mass of secondary sources many of them devoted to arguing for ideas that contradicted his and it demanded considerable skill to synthesize from them a coherent and well evidenced counter argument Hourani was able to do this largely because his grasp of the relevance and adequacy of his predecessors arguments was second to none his achievement lies in his ability to reject the reasoning of other historians while still making good use of their evidence In this task he was aided by an interpretative skill almost equal to his powers of evaluation A History of the Arab Peoples is also a monument to the importance of properly understanding the meaning of available evidence The History of White People Hama Mirwaisi,2020-02-22 FINAL EDITION I Hama Mirwaisi was almost 75 years old while updating two of my history books known as The History of the Kurdish People which is the same as The History of the White People or The Caucasian Kew Gaz People of Europe North America and Australia I

am sad to find out that all Caucasian people are ignorant about their histories in this short life The Lord of the Deva religion leaders who used Lord Shiva Teaching destroyed and transformed the Caucasian people in the last 2500 years The leaders of the Deva religion destroyed many empires to create a new realm And now they are trying to use the US and Russian empires against one another to elevate China as the undisputable Empire for a while before destroying bit bin later time I believe my finding in these two books informs you about two powers One is known as the followers of Lord Deva and the other is known as the followers of God HU the creator of humans Deva or King Deva Caucasian Sanskrit Divine Kurdish D w Arabic Shaitan Hebrew Satan Lucifer English Devil

The Middle East: How Conflict Resolution Can Extinguish Terrorism: The Power of Cultural & Sub-Cultural Understanding Mary Kendall Hope, 2014-06-19 In the course of the defense of a nation we the people of that nation must have the courage to embrace innovative change To keep our democracy we cannot accept ignorance and the rut of tradition when traditional methods cease to work We must have faith in new methods and go forward with the better knowledge that we have and embrace positive change We have made many irreversible mistakes by racing as fast and hard as we can to the most immediate answer A country destroyed by war and in the throes of sectarian violence deserves more than the most immediate answer The decisions made by the United States to initiate war in Middle East have deeply impacted our world Anyone who has traveled abroad will confirm that the United States presence as a stimulant for comparison exists in nearly every culture in this world Unfortunately since our invasion of Middle East the comparisons made to the U S have become negative ones We need to work to restore our positive standing on the world stage
