Najman, Gavin Turrell, John S. Western, Carole Wood, 2019-05-23 First published in 1997 this study reports on a study of 221 sex workers in Queensland Australia The workers were interviewed by an interviewer with experience in the industry They were asked a variety of questions relating to how they came to enter the industry their knowledge of and attitudes towards safe sex and a variety of other questions to do with lifestyle service use and sexual health and contact with the police and legal system Sex work emerges as an activity which has a number of advantages The pay is good the hours are short and the work enables the worker to meet some interesting people and engage in social activities Unlike other occupations entry into sex work is somewhat haphazard few appearing to plan entry to this industry as a career path but once in the industry many find it has benefits as well as disadvantages Primary amongst these latter are the risks of acquiring a sexually transmitted disease AIDS being uppermost in their minds or the fear of violence which is associated with the context in which services are provided In addition sex workers often manifest a lifestyle which includes substance use and abuse Relationships with police are often problematic and many workers report experiences which are critical of the legal system This book provides a broad insight into the industry which for parts of Australia is subjected to substantial change Such insights contribute not only to our understanding of the industry itself but also to the kind of health promoting activities which need to be initiated **British Female Emigration Societies and the New World, 1860-1914** Marie Ruiz, 2017-07-11 This book focuses on the departure of Britain's surplus women to Australia and New Zealand organised by Victorian British female emigration societies Starting with an analysis of the surplus of women question it then explores the philanthropic nature of the organisations the Female Middle Class Emigration Society the Women's Emigration Society the British Women's Emigration Association and the Church Emigration Society The study of the strict selection of distressed gentlewomen emigrants is followed by an analysis of their marketing value and an appraisal of women's imperialism Finally this work shows that the female emigrants under study partook in the consolidation of the colonial middle class **A History of Abortion and Contraception in Queensland, Australia, 1960-1989** Cassandra Byrnes, 2024-06-03 This book looks at the recent history of sex contraception and abortion in Australia's most conservative state Queensland In western nations there has largely been a consistent increase in available contraception and access to abortion from the 1960s onwards yet there are a few geographical exceptions that resisted this trend including Queensland Cassandra Byrnes highlights the multifarious ways sexuality and reproduction were continually constructed and challenged during the second half of the twentieth century and follows the responses of key groups to changing laws and attitudes in a time of local and global sexual and social revolutions She explores interactions between identities of gender

sexuality class age marital status and geography to illustrate how specific sexed bodies became liminal sites for legal and medical debate This Queensland case study is contextualised within international debates concerning women s reproductive rights and will be of interest to students and scholars interested in the history of reproductive rights gender and sexuality

Let's Talk About Sex Lisa Featherstone, 2011-01-18 From the start of the new Australian nation in 1901 to the use of the female contraceptive pill in 1961 *Let's Talk About Sex* explores the ways sexuality has been constructed understood and experienced in Australia Far from being something hidden and private this work brings sexuality out into the open and explains why sex is of social cultural political and economic importance *Let's Talk About Sex* is an inclusive history surveying multiple and interwoven forms of sexuality desire pleasure regulation and resistance It begins with the long Victorian period the hidden desires of women and the hydraulic sexual needs of men both in the cities and on the frontier It moves across the decades considering heterosexuality homosexuality lesbians and nascent ideas about queer and sexual difference Lisa Featherstone highlights the tensions of the ages venereal disease homophobia birth control rape and child sexual assault She analyses the ways non normative sexuality was constructed as evil and perverse but also how men and women responded to this pathologising of their desires *Let's Talk About Sex* provides a fascinating account of sex gender age and race across the formative years of Australian society

The Limits of British Colonial Control in South Asia Ashwini Tambe, Harald Fischer Tine, 2008-08-19 This book assesses British colonialism in South Asia in a transnational light with the Indian Ocean region as its ambit and with a focus on subaltern groups and actors It breaks new ground by combining new strands of research on colonial history Thinking about colonialism in dynamic terms the book focuses on the movement of people of the lower orders that imperial ventures generated Challenging the assumed stability of colonial rule the social spaces featured are those that threatened the racial class and moral order instituted by British colonial states By elaborating on the colonial state s strategies to control perceived disorder and the modes of resistance and subversion that subaltern subjects used to challenge state control a picture of British Empire as an ultimately precarious shifting and unruly formation is presented which is quite distinct from its self projected image as an orderly entity Thoroughly researched and innovative in its approach this book will be a valuable resource for scholars of Asian British imperial colonial transnational and international history

Westward Bound Lesley Erickson, 2011-08-01 *Westward Bound* debunks the myth of Canada s peaceful West and the masculine conceptions of law and violence upon which it rests by shifting the focus from Mounties and whisky traders to criminal cases involving women between 1886 and 1940 Erickson s analysis of these cases shows that rather than a desire to protect official responses to the most intimate or violent acts betrayed an impulse to shore up the liberal order by maintaining boundaries between men and women Native people and newcomers and capital and labour Victims and accused could only hope to harness entrenched ideas about masculinity femininity race and class in their favour This fascinating exploration of hegemony and resistance in key contact zones draws prairie Canada into larger debates about law colonialism and nation

Sex for Sale in Scotland Louise Settle, 2016-05-31 Sex for Sale in Scotland examines the various formal and informal

methods that were used to police female prostitution in Edinburgh and Glasgow between 1900 and 1939 and explores how these policies influenced women's lives. The book uses a rich combination of police probation magistrates' poor law and voluntary organisations' records to demonstrate how these organisations combined to establish a penal welfare approach towards regulating prostitution in Scotland. By mapping the geography of prostitution, the book argues that prostitution was not forced into the outskirts of society either physically or socially. The book examines both indoor and outdoor prostitution and the relationships that developed among the wide range of people who profited from commercial sex. Particular emphasis is placed on the experiences of the women involved in prostitution, highlighting the poverty, exploitation and abuse they faced but also the ways in which they negotiated these dangers. This social history of prostitution maps how the organisation of policing and experiences of prostitution developed in an ever-changing urban landscape during a period of extraordinary developments in technology and entertainment alongside the wider socio-economic changes brought about by the First World War.

Sex, politics and empire Richard Phillips, 2018-02-01. Colonial governments, institutions and companies recognised that in many ways the effective operation of the Empire depended upon sexual arrangements. For example, nuclear families serving agricultural colonization and prostitutes working for single men who powered armies and plantations, mines and bureaucracies. For this reason, they devised elaborate systems of sexual governance such as attending to marriage and the family. However, they also devoted disproportionate energy to marking and policing the sexual margins. In *Sex, Politics and Empire*, Richard Phillips investigates controversies surrounding prostitution, homosexuality and the age of consent in the British Empire and revolutionises our notions about the importance of sex as a nexus of imperial power relations.

Colonialism and Male Domestic Service across the Asia Pacific Julia Martínez, Claire Lowrie, Frances Steel, Victoria Haskins, 2018-11-29 Examining the role of Asian and indigenous male servants across the Asia Pacific from the late 19th century to the 1930s this study shows how their ubiquitous presence in these purportedly humble jobs gave them a degree of cultural influence that has been largely overlooked in the literature on labour mobility in the age of empire With case studies from British Hong Kong Singapore Northern Australia Fiji and British Columbia French Indochina the American Philippines and the Dutch East Indies the book delves into the intimate and often conflicted relationships between European and American colonists and their servants It explores the lives of houseboys cooks and gardeners in the colonial home considers the bell boys and waiters in the grand colonial hotels and follows the stewards and cabin boys on steamships travelling across the Indian and Pacific Oceans This

broad conception of service allows Colonialism and Male Domestic Service to illuminate trans colonial or cross border influences through the mobility of servants and their employers This path breaking study is an important book for students and scholars of colonialism labour history and the Asia Pacific region *Venereal Diseases and the Reform Enigma* Susan Lemar, 2018-12-11 When Sir Humphrey Appleby warned his Prime Minister against making courageous policy he could have been talking about venereal diseases Many have considered misogyny class conflict and racial paranoia as the drivers of venereal diseases control policy in the early twentieth century In reality such policy was inclined towards disease control in the most practical way with the resources to hand and in line with realistic outcomes This book re examines historical sources to reveal the unacknowledged complexity of determining public policy for the control of venereal diseases in two case studies Edinburgh in Scotland and Adelaide in South Australia
