story of this Labrador Inuit music practice It is not principally a story of forced adoption but of adaptation mediation and agency exploring the transformation of a colonial artifact into an expression of Inuit aesthetic preference spirituality and community identity Often overlaying the Moravian traditions with defining characteristics drawn from pre contact expressive culture Inuit musicians imbued this once alien music with their own voices Told through archival documents oral histories of Inuit musicians and the music itself Called Upstairs tracks the emergence of this Labrador Moravian music tradition across two and a half centuries Tom Gordon presents a chronicle of Inuit leadership and agency in the face of colonialism through a unique lens In this time of reconciliation this story offers a window into Inuit resilience and the power of a culture s creative expressions
